Red Oak, TX 75154

Mr. Carroll,

This letter is in regard to your request for dual CCN certification for water utility service for the Beckley Pikes Estates area, currently served by Community Water Services, Inc under the CCN number 10091.

On December 8, 2014 the Red Oak City Council considered your request at their regularly scheduled meeting. City Council's resulting action was to deny your request for dual CCN certification. City Council is concerned with improving the quality of service, infrastructure and fire protection for our residents; and they are concerned with the current provider's, or your own, ability to provide the necessary improvements and maintenance that will be necessary to accomplish these goals.

While I am sure that this is disappointing news to you, it is the goal of the City of Red Oak to ensure that its residents have suitable infrastructure and water utility service, as well as fire protection.

Sincerely,

Todd Fuller
City Manager
