Re: Comprehensive Compliance Investigation at:  
Red Oak Community Water, 100 Block Carson St., Red Oak, Ellis County, Texas  
RN101282762, TCEQ ID No. 0700056, Investigation #989503

Dear Ms. Frame,

On March 26, 2012, Ms. Brittany Pettitt of the Texas Commission on Environmental Quality (TCEQ) Dallas/ Fort Worth Region Office conducted an investigation of the above-referenced facility to evaluate compliance with applicable requirements for public water systems. No violations are being alleged as a result of the investigation, however, please see the enclosed Additional Issue.

The TCEQ appreciates your assistance in this matter and your compliance efforts to ensure protection of the State's environment. If you or members of your staff have any questions regarding these matters, please feel free to contact Ms. Brittany Pettitt in the Dallas/Fort Worth Region Office at (817)-588-5820.

Sincerely,

Charles Marshall  
PWS Team Leader  
Dallas/Fort Worth Region Office

## Summary of Investigation Findings

RED OAK COMMUNITY WATER SERVICE

Investigation # 989603

Investigation Date: 03/26/2012

, ELLIS COUNTY,

Additional ID(s): 0700056

No Violations Associated to this Investigation

### ADDITIONAL ISSUES

#### Description

WATER TREATMENT: Meets applicable 290.42 standards?

#### Additional Comments

On the day of the investigation, the water system was utilizing a brand of bleach with an unknown NSF Standard 60 status. Using any brand of bleach not manufactured to NSF Standards for public water systems is a violation of the Public Drinking Water Rules, 30 TAC 290.42(j). Please note, if the label does not indicate that the bleach meets NSF Standard 60, contact the manufacturer to confirm whether the bleach is manufactured to standards. NSF-certified bleaches are marked as follows: The label will read, "meets NSF Standard 60", the label will show the NSF symbol, or both.
