Re: Docket No. 43253: City of Schertz – Response to Order Number 11

Dear Commission Clerk:

Enclosed please find seven copies of an additional revised general location map showing both proposed service areas, the area of dual certification and the area of decertification, including surrounding roads, streets, and highways.

In addition, as discussed with the Commission on October 19, 2015, the revised total acreage should be approximately 3,149.

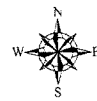

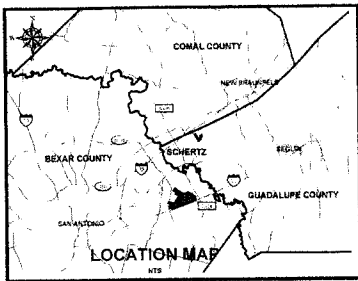

Please contact me by telephone at (210) 619-1800 if you have any questions regarding this matter. We will await further direction from PUC regarding this application and approval of the Dual CCN Certification.

Sincerely,

Sam D. Willoughby
Public Works Director
