Re: Application of the City of Schertz to Amend its Sewer Certificate of Convenience and Necessity in Bexar & Guadalupe County. PUC Docket No. 43253

Filing Clerk:

In accordance with Texas Water Code 13.257(r), enclosed for filing in the above referenced docket are certified copies of the approved map for Sewer CCN No.20271. The map has been filed in Bexar and Guadalupe Countys as shown on the attachment. Because the CCN map was developed by Commission Staff using the Texas State Plan Coordinate System, it is the City's understanding that the map itself also satisfies the boundary description requirements in 13.257(r)(1). Accordingly, the City of Schertz submits the filed copy of the CCN map in satisfaction of the requirements of 13.257(r) of the Texas Water Code.

Sincerely,

James A. Hooks

NOTICE OF APPROVAL

This Notice addresses the application of the City of Schertz to amend its sewer certificate of convenience and necessity (CCN) No. 20271 in Bexar County. Commission Staff recommended approval of the application, as amended. The application, as amended, is approved.

The Commission adopts the following findings of fact and conclusions of law:

I. Findings of Fact

Procedural History

1. On May 9, 2014, Schertz filed an application with the Texas Commission on Environmental Quality (TCEQ) to amend its sewer CCN No. 20271.
2. On September 1, 2015, functions relating to the economic regulation of water and sewer utilities were transferred from the TCEQ to the Commission.
3. On September 26, 2014, Schertz's application was received by the Commission from TCEQ.
4. Approval of the application would result in Schertz being dually certificated with a portion of the San Antonio River Authority's (SARA) sewer CCN No. 20852 and decertification of approximately 312 acres of Schertz's existing service area.
5. On October 9, 2014, Order No. 3 was issued, finding the application administratively incomplete and giving Schertz the opportunity to cure the deficiencies. Schertz filed subsequent amendments to the application to address the deficiencies.
6. On May 5, 2015, Order No. 10 was issued, deeming the amended application administratively complete, requiring the provision of notice, and establishing a procedural schedule.
