**ORDER NO. 4
EXTENDING DEADLINE**

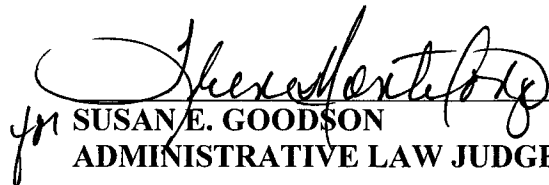

On December 9, 2014, NLP Summit Springs, LLC (NLP) filed a request for an extension of time to cure application deficiencies. NLP stated it is waiting on action by the Texas Commission on Environmental Quality (TCEQ) regarding approval of its planned public water system. NLP did not propose a specific deadline date but rather proposed to provide updates and send any approvals as soon as they are received.

While it is appropriate to allow the Applicant an opportunity to cure the deficiencies in the application as noted by Commission Staff, in the interest of efficiency a timely response is necessary. Therefore, NLP is granted a 30-day extension until **February 6, 2015**, to amend its application to cure the deficiencies noted by Staff or file a status report.

Commission Staff shall file a supplemental recommendation regarding sufficiency of the amended application and notice along with a proposed procedural schedule within ten working days of receipt of the amended application.

SIGNED AT AUSTIN, TEXAS the 11th day of December 2014.
