Re: CCN amendment, Docket No. 43356

Central Records;

Wiedenfeld Water Works, Incorporated (WWW, Inc.) files 10 copies with one original of the following requested (by Fred Bednarski) documents:

- 1. Notice of Completion sent by PE John Hewitt to TCEQ for the upgrades to the Westwood Park water system (PWS 1330015) plant and distribution system,
- 2. Notice of approval from TCEQ for the planned upgrades to the Westwood Park water system plant and distribution system,
- WWWInc list of assets and costs of the installed upgrades to plant and distribution system in the Westwood Park water system,
- 4. WWWInc's Balance sheets, dated May 20, 2015
- 5. WWWInc's Profit & Loss sheet for period ending 12/31/2014

Please contact us if you need further information or have any questions.

Sincerely,

R. Charles Wiederffeld, President Wiedenfeld Water Works, Incorporated

Re: Westwood Water System
Water System Improvements to serve Monarch Hills Addition
Kerr County, Texas
P.W.S. I.D. No. 1330015; CCN No. 12052
Plan Review Log No. P-03122015-069

Dear Ms. Poc.

On March 9, 2015, we submitted plans and technical specifications for the booster pump and Well Number 3 submersible pump improvements for the above referenced public water system. On May 12, 2015, TCEQ responded indicating that the project was conditionally approved for construction provided that the owner had applied for a CCN amendment to include the proposed annexation. The owner has applied for the CCN amendment and the application is still pending. In the meantime, the improvements have been completed in accordance with the construction plans and specifications. I have attached photographs of the new booster pumps and the manifold piping at the water plant. I have also attached a Public Water System Plan Review Submittal Form.

Please feel free to call me at 830-315-8800 or email me at <u>jmhewitt@hewitt-inc.com</u> if you have any questions or would like additional information.

Respectfully,

John M. Hewitt, P.E., CFM

RN101285476

Dear Mr. Hewitt:

On March 12, 2015, the Texas Commission on Environmental Quality (TCEQ) received planning material with your letter dated March 9, 2015 for the proposed Well Pump Replacement and New Booster Pump Project. Based on our review the project generally meets the minimum requirements of the Title 30 Texas Administrative Code (TAC) Chapter 290 - Rules and Regulations for Public Water Systems and is conditionally approved for construction if the project meets the following requirement(s):

Owner has applied for a Certificate of Convenience and Necessity (CCN) amendment to include proposed annexation area (Docket #43356). Retail water service shall not be provided prior to obtaining a CCN for all areas served by proposed improvements.

The submittal consisted of 3 sheets of engineering drawings and technical specifications. The approved project consists of:

- New 3-Phase, 15 horsepower (hp) submersible pump rated 75 gallons per minute (gpm) at 280 feet of head;
- New booster pump rated 200-gpm at 45 pounds per square inch (psi); and
- All necessary valves, fittings and appurtenances.

Mr. John M. Hewitt, P.E. Page 2 May 12, 2015

This approval is for the construction of the above listed items only. Any wastewater components contained in this design were not considered.

The Westwood Water System public water supply system provides water treatment for the system.

This facility is located approximately two miles west of Comfort, Texas along State Highway 27 in Kerr County, Texas.

An appointed engineer must notify the TCEQ's Region Office 13 in San Antonio at (210) 490-3096 when construction will start. Please keep in mind that upon completion of the water works project, the engineer or owner will notify the commission's Water Supply Division, in writing, as to its completion and attest to the fact that the work has been completed essentially according to the plans and change orders on file with the commission as required in Title 30 TAC §290.39(h)(3).

Please refer to the Utilities Technical Review Team's Log № P-03122015-069 in all correspondence for this project. This will help complete our review and prevent it from being considered a new project.

Please complete a copy of the most current Public Water System Plan Review Submittal form for any future submittal to TCEQ. Every blank on the form must be completed to minimize any delays in the review of your project. The document is available on our website at the address shown below.

http://www.tceq.texas.gov/assets/public/permitting/watersupply/ud/forms/10233.pdf

For future reference, you can review part of the Utilities Technical Review Team's database to see if we have received your project. This is available on the TCEQ's homepage on the Internet at the following address:

http://www.tceq.texas.gov/drinkingwater/planrev.html

You can download most of the well construction checklists and the latest revision of Chapter 290 "Rules and Regulations for Public Water Systems" from this site.

Mr. John M. Hewitt, P.E. Page 3 May 12, 2015

If you have any questions concerning this letter or if you need further assistance, please contact Mr. Kevin Smith at (512) 239-4648 or by email at "kevin.x.smith@tceq.texas.gov" or by correspondence at the following address:
