RE: Comment and Request for Notification – the City of Pleasanton's (City) Certificate of Convenience and Necessity (CCN) Application; Docket #43360

To whom it may concern:

Please note that McCoy Water Supply Corporation, holder of CCN #10649, has not yet received formal notice of the referenced application.

Our primary concern with the City's application for a CCN for water is encroachment on McCoy WSC's CCN. We expected that receipt of the required notice and map would have resolved this concern. If the PUC would please confirm, in writing, whether or not the City's application encroaches on McCoy WSC's CCN, we will be able to determine whether to request a public hearing.

Should there be a public hearing on this application, we wish to receive notice when a hearing is scheduled.

If you have any questions, please let me know. My email address is gcamargo@mccoywsc.com

Thank you for your time and attention to this matter.

Gene Camargo, General Manager
McCoy Water Supply Corporation
