Dear Mrs. Guerrero,

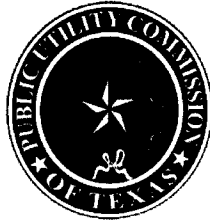

Per Commission Staff's Status Update and Recommendation, we are submitting the necessary information to comply with the Commission's requests and the memoranda per Leila Guerrero. Please find attached copies of the actual notices sent per the Commission Staff's Status Update and Recommendation, III. Notice Requirement to the addresses submitted with the application, including Post Oak Savannah GCD and Lost Pines GCD, with two (2) copies of the PUC approved map to be included with aforementioned notices. In addition, per Mrs. Guerrero's memoranda Number 4, we have included a separate and additional map of the proposed area showing the facilities for production, transmission, and distribution of our services. No customers or areas are currently being served outside the certificated area and no requests for water service within the proposed service area have been submitted at this time. Per the memoranda Number 5, we have also attached the notarized affidavit that the actual notices were mailed. Summarily, we hope this completes all the recommendations as provided by the Commission and Mrs. Guerrero and look forward to moving forward with this. If any further information is required, please contact us via the above number and email address.
