Re: Application from August Lakes Water Supply Corporation
For a new Water CCN in Waller and Harris Counties, TX
Docket No. 43403

Dear Public Utility Commission of Texas:

Please accept the following as response to Order No. 6 – Regarding Applicant Response and Regarding Procedural Schedule.

At the current time, PUC staff are in discussions regarding the need to have final TCEQ approval for use of a water well before final approval of the CCN application. In the past this has not been a requirement and potentially could cause development issues. In addition, there have been other CCN applications filed by others which have not had this requirement.

August Lakes WSC respectfully requests an extension to the deadline to set a schedule, while awaiting the outcome of PUC staff discussions.

Please feel free to contact me if you require any additional information or if you have any questions regarding this submittal.

Sincerely,
WATERENGINEERS, INC.

Shelley Young, P.E.
Project Engineer
