PUBLIC UTILITY COMMISSION
FILING CLERK

**CITY OF FORT WORTH'S MOTION TO LIFT ABATEMENT
OF PROCEDURAL SCHEDULE**

To the Honorable Director of PUC Docket Management, Irene Montelongo (Presiding Officer):

On June 4, 2015, the Presiding Officer issued Order No. 9 abating this case until June 30, 2015 while the Applicant City of Fort Worth (the "City") awaits receipt of an approval from the Texas Commission on Environmental Quality ("TCEQ") of plans and specifications for the proposed addition to the City's public water system distribution facilities.

On June 30, the City received word that PUC staff had determined that it had all needed information and documentation to continue its processing of the Application. Late on July 1, 2015, the undersigned counsel for the City conferred with PUC legal counsel and confirmed that PUC staff was prepared to continue processing the Application. Accordingly, the City hereby requests that the abatement established under Order No. 9 be lifted so that the Application may continue to be processed by PUC staff.

Based on the City's due diligence and expediency in confirming the above facts after learning of the PUC staff's position only on June 30, this motion is not unreasonably delayed from the June 30 deadline established under Order No. 9.

If the abatement is lifted as requested herein, the City requests that the following Procedural Schedule be established:

Deadline for Commission Staff to file a final recommendation or to request a hearing.	July 10, 2015
Deadline for Fort Worth to request a hearing or respond to Commission staff's recommendation on final disposition; or deadline for parties to file proposed notice of approval.	July 24, 2015

WHEREFORE, the City of Fort Worth requests that the abatement of the procedural schedule in this docket be lifted and that the procedural schedule be established as set forth above.

Respectfully submitted,

KELLY HART & HALLMAN LLP
