RE: Application to Amend CCN No. 11175,
Mustang Valley Water Supply Corporation, CN600662522

In regard to the recent submittal for amendment to CCN No. 11175, Mustang Valley Water Supply Corporation the City of Iredell is opposed to said amendment and we request a public hearing to discuss our concerns. We believe that the close proximity of the northwest boundary of the proposed CCN will be an infringement of our and others abilities to expand current utility boundaries, discourage land development and reduce the capabilities for possible earned income. We therefore propose the CCN amendment be denied as proposed.

Yours truly,

The Honorable Royce Heath

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.
