Re: Application from Mustang Valley Water Supply Corporation (WSC), Certificate of Convenience and Necessity (CCN) No. 11175, to Decertify a Portion of CCN No. 10884 from the City of Meridian and to Amend CCN No. 11175 in Bosque and Coryell Counties; Application No. 35384-C

CN: 600662522; RN: 101221083

Dear Ms. Coy:

Your application for Mustang Valley WSC to amend their CCN was received on June 5, 2006. The application has been accepted for filing. Ms. Karen Blaschke has been assigned to perform the technical review. The application has been assigned Application No. 35384-C. Please refer to this number in future correspondence.

Your next step is to provide the **revised** public notices without delay. The notice to the public must be published once each week for two (2) consecutive weeks in a newspaper of general circulation in Bosque and Coryell Counties. It is the responsibility of the applicant to provide correct notice of the application to any utilities within two (2) miles of your proposed service area, any city with an extraterritorial jurisdiction which overlaps the proposed service area or other affected parties in your requested area. You will also be required to provide mailed notice to all landowners of more than 25 acres in your proposed CCN area pursuant to TCEQ 30 TAC Chapter 291 rules adopted on January 5, 2006. The landowner information may be obtained from the county appraisal district tax rolls for the county or counties in which the proposed CCN lies. Check the notices carefully before mailing or publishing.

A review of our files and maps indicates that, in addition to the neighboring utilities noted on your application, you must provide notice to the following utility:

Crystal Clear Water, Inc. (CCN No. 12997)

Information related to utilities and districts including addresses can be obtained from the TCEQ web site located at www3.tceq.state.tx.us/iwud.

As proof that notice was provided, you are required to send us the following:

- a) an original and three copies of a publisher's affidavit of the newspaper publication with tear sheets of the published notice attached;

Ms. Patricia Coy

Page 2

June 19, 2006

- b) four copies of each individual notice and map sent to neighboring utilities and affected parties;
- c) one copy of the landowner notice and map sent to each landowner; and
- d) an original and three copies of the signed affidavits that individual notice to neighboring utilities, affected individuals and each landowner has been given. (Copies of the Affidavit forms are enclosed with this letter.)

Please be sure to include a map showing the proposed service area with your individual notices to neighboring utilities, other affected parties and each landowner. It is the applicant's burden to provide an accurate map delineating the proposed area with each individual notice.

There also appears to be an overlap of your proposed service area with the certified service area of the City of Meridian. Enclosed is a map showing the overlap of your proposed water CCN area with the CCN area of the City of Meridian.

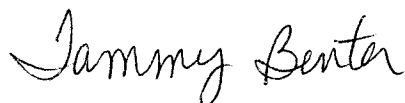

Please provide written documentation on how the overlap will be handled. There are several options to resolving this overlap. One is to amend your application by submitting revised maps and change the requested CCN area so as to not include the area of overlap. The second option is for you to meet with the City of Meridian and work out an agreement whereby the City of Meridian agrees to decertification of the area of overlap. Written documentation from the City of Meridian agreeing to decertification is required. If an agreement is not reached, you would have to provide compelling evidence that the City of Meridian could not provide acceptable service. The notices have been revised to propose decertification of the portion of the City of Meridian in the event this is considered.

After technical review additional financial, technical or other information may also be requested through future correspondence.

These items must be completed and returned to our office by **July 21, 2006**. Processing of this application cannot proceed until the close of the 30 day public comment period which begins after all the required notices have been given. If we do not receive the requested information by this date, your application will be returned for failure to prosecute.

If you have any questions, please contact Ms. Karen Blaschke at 512/239-6932, or if by correspondence, include Mail Code 153 in the letterhead address.

Sincerely,

Tammy Benter, Team Leader
