Re: Parker Creek Estates, LP; Application for a Sewer CCN No. 34297-C

Dear Ms. Zachary:

Attached please find the request that Parker Creek Estates, LP sent to the City of Royse City via its consulting engineers, Pate Engineers. Mr. Robert Wright, PE's transmittal letter to me attesting to identical letters being sent to the City of Fate is also attached. I had asked Mr. Wright to send me the letters to both Royse City and Fate in response to a request from Prabin Basnet and this is what Mr. Wright was able to send me.

As to the area of overlap with Royse City, the landowner in question is the applicant in this case who is working to create a water district to assume this application. The City's service is neither wanted nor needed. While my clients and I are meeting with Royse City to resolve this matter amicably, if necessary we will demand a full evidentiary hearing before SOAH to rid the property of the blight of Royse City's CCN application. Royse City does not have any available sewer capacity since its plant is over capacity and will not be expanded until long after the need for service to this property is well under way. Royse City is too distant to serve the property economically and wants a CCN for land use purposes.

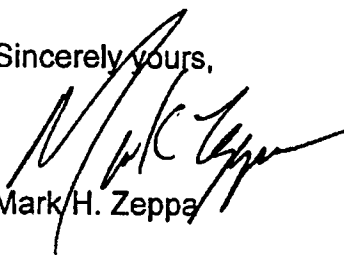

As to your letter about giving notice to Verandah Communities, LP, please be advised that Verandah Communities, LP is an affiliate under common ownership and control, which I also represent. They have actual notice as a matter of law. No additional notice or proof of notice is required.

Enclosed is an oath form.

Dear Mr. Jones:

As you are aware, the Commission received protest letters and request for a public hearing from the Blackland Water Supply Corporation and Mt. Zion Water Supply Corporation on the applications referenced above.

The Commission's Chief Clerk has assigned Docket No. 2003-1491-UCR to this matter. Any further communications should refer to this docket number. V.T.C.A. Water Code, Section 13.246 provides that affected parties may protest the applications and request a hearing on whether a CCN should be granted. Please see the enclosed mailing list.

This matter has been referred to the State Office of Administrative Hearings to schedule a hearing. When a hearing has been scheduled, you will receive a notice of hearing which explains when and where the hearing will be held.

In order to review the CCN applications, the staff of the TCEQ may need additional information regarding the utility's service. You may receive additional Staff Requests for Information (RFI's) within a few weeks. We would appreciate your cooperation in providing the information requested.

If you have questions about this process or what material you should bring with you to the hearing, please contact Mr. Kamal Adhikari at (512) 239-0680 of the Utilities & Districts Section.
