RE: SOAH Docket No. 582-03-3725; TCEQ Docket No. 2003-0664-UCR; In Re Application of Bexar Metropolitan Water District to Amend Water CCN No. 10675 in Bexar County

Dear Judge Church:

As Bitterblue understands the reason for the Judge's original abatement of this cause, it was to allow the courts a reasonable period to determine GBRA's motion for summary judgment on a core issue related to Bexar Met's authority to proceed with the pending application before you. It now appears that the court is proceeding with all reasonable dispatch to consider that motion on April 11 or 12. We believe the reasons continue to exist for an abatement of this preceding, and that ninety (90) days is a reasonable period for that abatement to allow the court to hear the motion for summary judgment and render a decision. The parties will report back to you if you grant the abatement.

Thank you for your consideration.

Very truly yours,

Ronald J. Freeman
