

Ms. Patricia Coy, Attorney

Page 2

January 8, 2009

As proof that notice was provided, you are required to send us the following:

- a) an original and three copies of a publisher's affidavit of the newspaper publication with tear sheets of the published notice attached;
- b) four copies of each individual notice and map sent to neighboring utilities and affected parties;
- c) one copy of the landowner notice and map sent to each landowner; and
- d) an original and three copies of the signed affidavits that individual notice to neighboring utilities, affected individuals and each landowner has been given. (Copies of the Affidavit forms are enclosed with this letter.)

Please be sure to include a map showing the proposed service area with your individual notices to neighboring utilities, other affected parties and each landowner. It is the applicant's burden to provide an accurate map delineating the proposed area with each individual notice.

After further technical review additional financial, technical or other information may also be requested through future correspondence.

These items must be completed and returned to our office by **February 9, 2009**. Processing of this application cannot proceed until the close of the 30 day public comment period which begins after all the required notices have been given. If we do not receive the requested information by this date, your application will be returned for failure to prosecute.

If you have any questions, please contact Ms. Debbie Reyes Tamayo at 512/239-4683, or if by correspondence, include Mail Code 153 in the letterhead address.

Sincerely,

Tammy Benter, Team Leader
Utilities & Districts Section
Water Supply Division

Enclosures: as stated

NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE AND NECESSITY
(CCN) TO PROVIDE WATER UTILITY SERVICE IN BOSQUE AND
MCLENNAN COUNTIES

To: _____ Date Notice Mailed: _____, 2009
(Neighboring System, Landowner or City)

(Address)

(City State Zip)

Childress Creek Water Supply Corporation has filed an application to amend CCN No. 11000 with the Texas Commission on Environmental Quality to provide water utility service in Bosque and McLennan Counties.

The proposed utility service area is located approximately 23 miles south southeast of downtown Meridian, Texas, and is generally bounded on the north by Cedron Creek; on the east by approximately 200 feet east of SR 22; on the south by North Bosque River; and on the west by FM 2602. The total area being requested includes approximately 78,000 acres and 679 current customers. See enclosed map of the proposed service area.

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to exclude the tract from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All request to opt out of the requested service area must

NOTICE OF DEFICIENCY

Re: Application from Childress Creek Water Supply Corporation (WSC) to Amend Certificate of Convenience and Necessity (CCN) No. 11000, in Bosque and McLennan Counties; Application No. 36263-C

CN: 600684526; RN: 101440634

Dear Ms. Coy:

Your CCN application for Childress Creek WSC, received on December 1, 2008, has been assigned Application No. 36263-C, but has not been accepted for filing. Please refer to the application number in future correspondence.

Processing for the above referenced application cannot proceed and notices cannot be published or mailed until we receive a completed application.

Please complete and submit four (4) copies of Item 4. A. – G. on page 9 of the application.

These items must be completed and returned to our office by **January 12, 2009**. If we do not receive the requested information by this date, your application will be returned for failure to prosecute.

If you have any questions, please contact me at 512/239-6932, or if by correspondence, include Mail Code 153 in the letterhead address.

Sincerely,

Karen Blaschke

**APPLICATION TO OBTAIN OR AMEND A WATER OR SEWER
CERTIFICATE OF CONVENIENCE AND NECESSITY (CCN)**

GENERAL INFORMATION

★★★ THIS APPLICATION IS NOT A RATE CHANGE APPLICATION. THE APPROPRIATE FORMS NEEDED TO FILE A RATE CHANGE APPLICATION MAY BE OBTAINED BY CONTACTING THE UTILITIES AND DISTRICTS SECTION, Texas Commission on Environmental Quality (TCEQ). ★★★

☞ Pursuant to V.T.C.A., Water Code, Chapter 13, Subchapter G:

- ☐ CCNs *may be obtained* by any retail public water and sewer utility.
- ☐ CCNs *are required* for:
 - a) Investor Owned Utilities (IOU);
 - b) Non-profit, member-owned, member-controlled water supply or sewer service corporations (WSC) incorporated under Water Code Chapter 67; and
 - c) Affected counties.
- ☐ CCNs *may be required* for political subdivisions, except affected counties, before utility service can be provided to an area already lawfully being served.

☞ A CCN gives the holder:

- ☐ the legal right to provide water and/or sewer utility service;
- ☐ the legal right to be compensated, either directly through a monthly rate or indirectly through maintenance fees, property owners fees, etc.;
- ☐ a delineated service area; **AND**
- ☐ the obligation to provide service to every customer and qualified applicant who requests service within that area.

☞ A CCN is *not required* when service is either submetered pursuant to Water Code, Chapter 13, Subchapter M or included in the rental of the property.

☞ IOUs and WSCs with less than 15 potential retail water service connections may register as "exempt" and then are not required to possess a CCN for their service area if they meet the exemption criteria. This exemption does not apply to sewer providers with less than 15 potential retail sewer connections. Retail sewer utilities must obtain a CCN to provide retail sewer service to more than one connection.

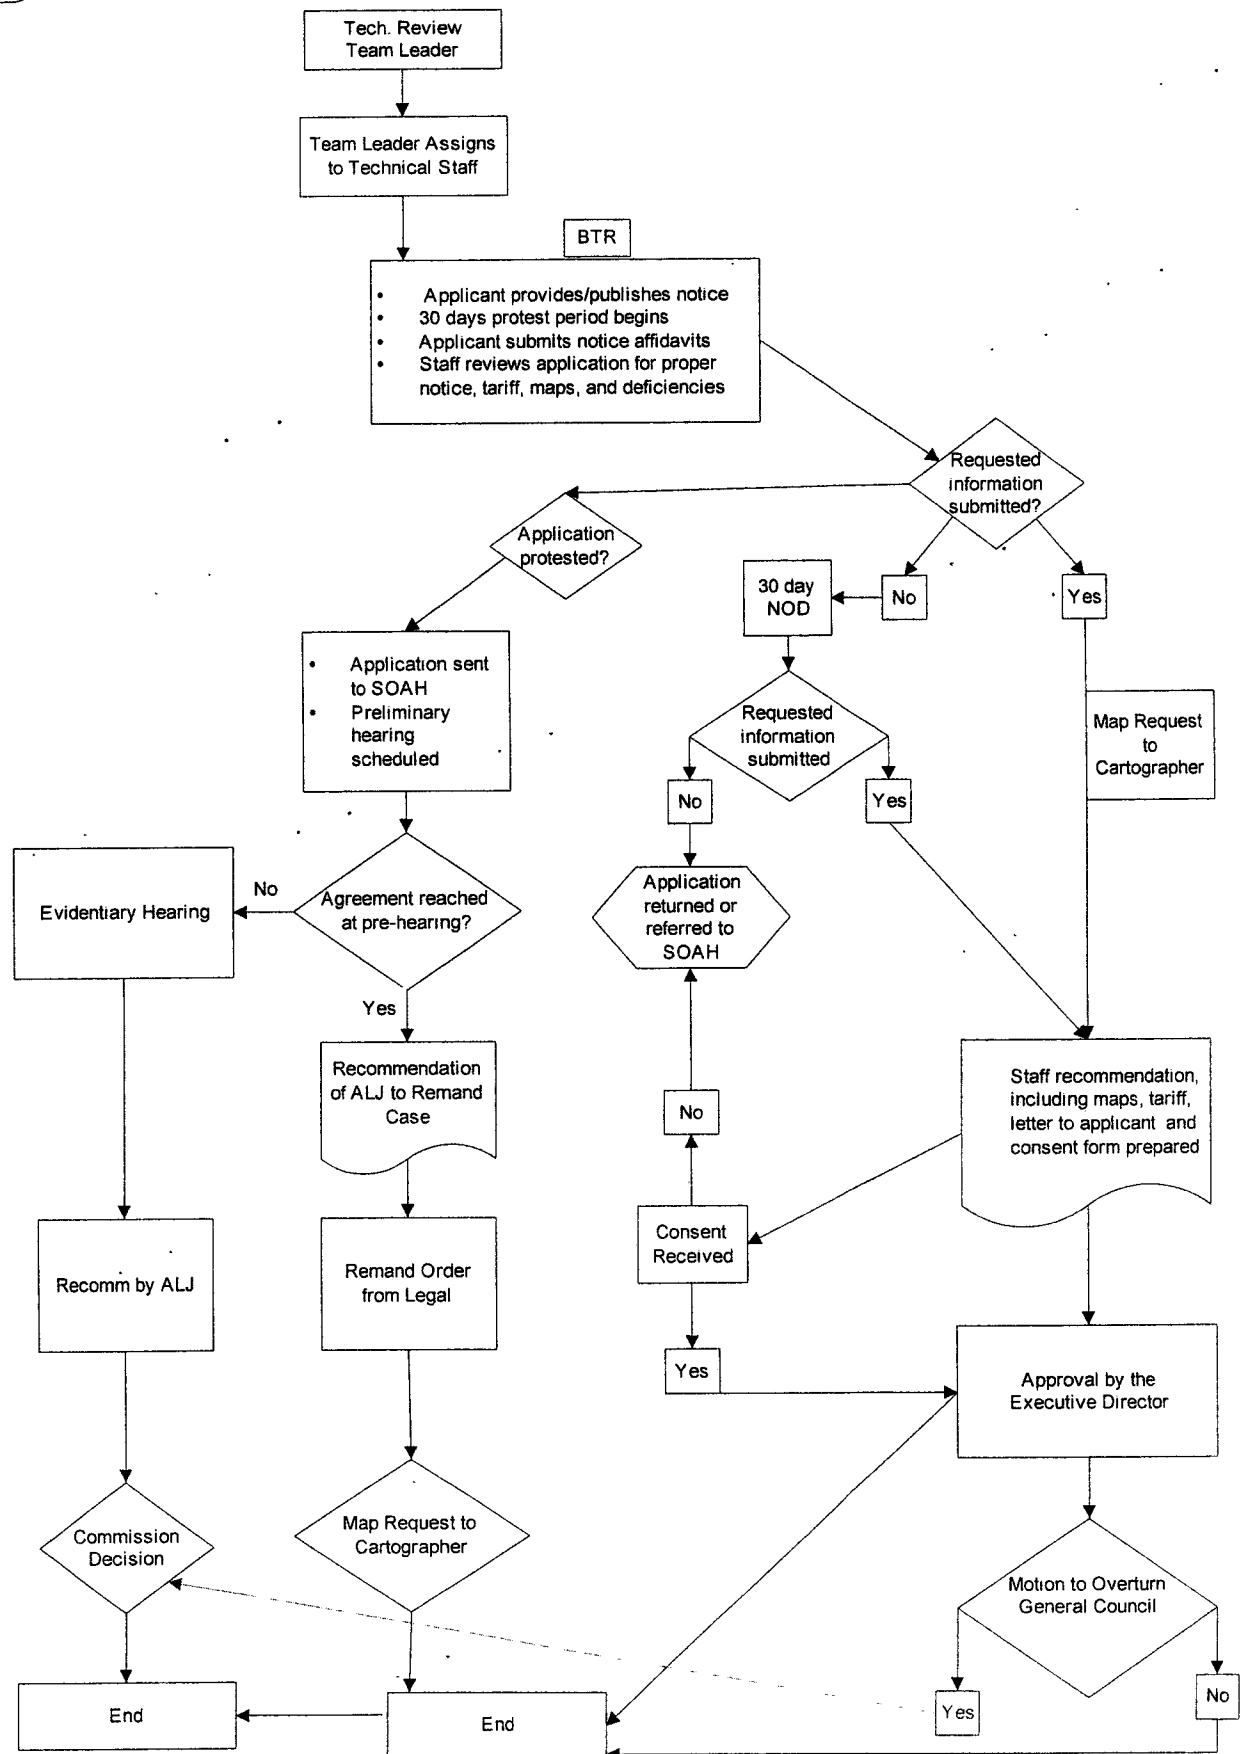

☞ If this application was downloaded from the TCEQ web site or sent via E-mail, it shall not be changed, altered or amended from its original form only available from the Commission.

PROCESSING YOUR CCN APPLICATION

☞ FLOW CHART

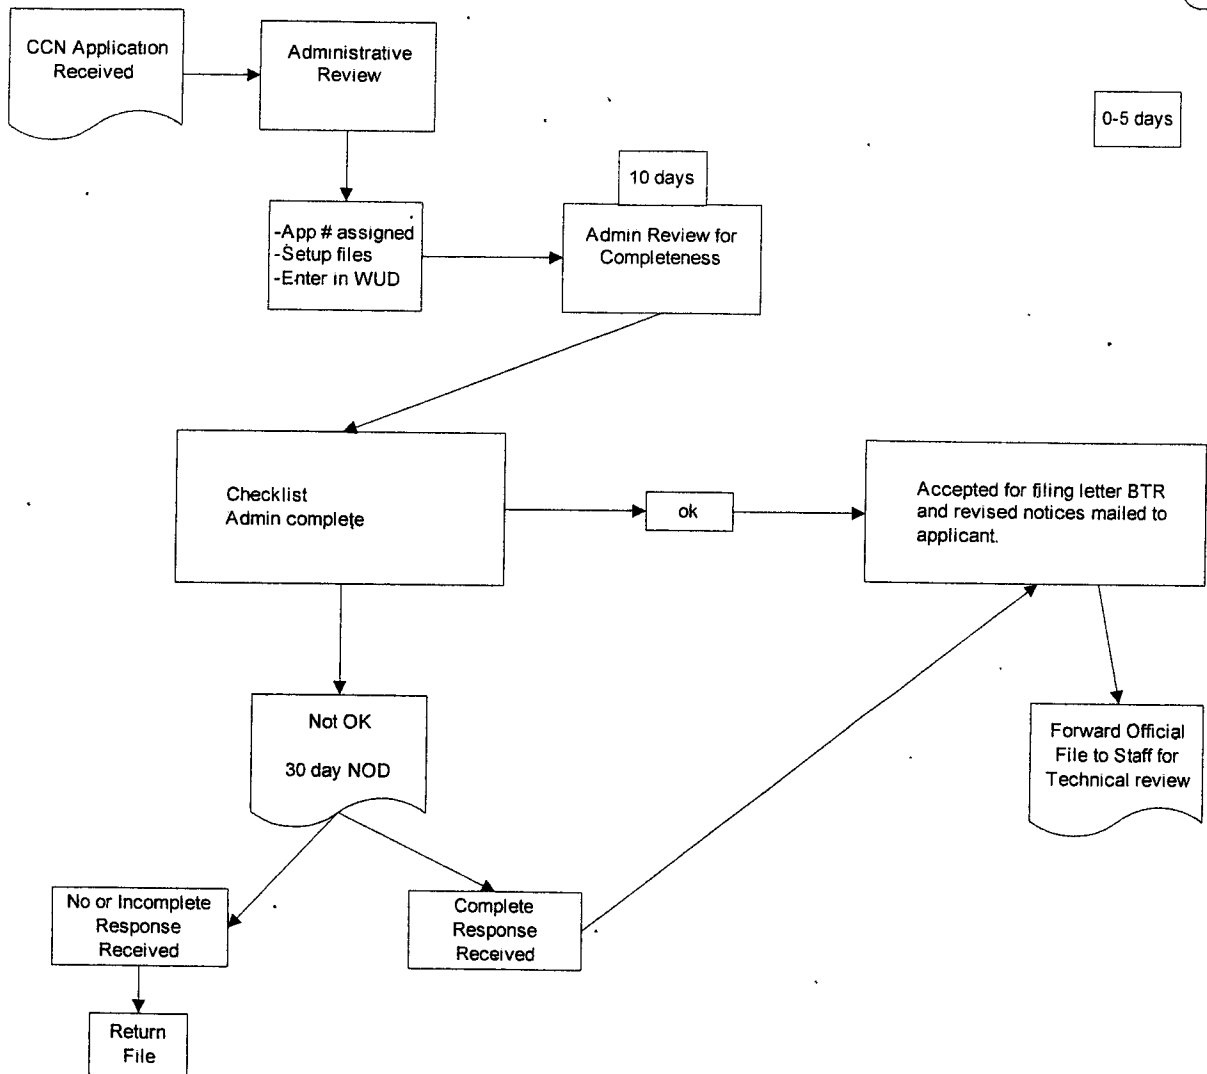

Attached are flowcharts of the review process. Your application will go through an Administrative Review and, when accepted for filing, a Technical Review. For uncontested applications, processing time depends on the response time of the applicant. Contested applications generally take longer because of the need for scheduling a public hearing, and processing time depends on whether a settlement agreement between the applicant and the protestor(s) is reached.

CCN Tech Review Application Process - Flowchart

CCN Admin Review Application Process - Flowchart

10/01/07

ADMINISTRATIVE REVIEW OF YOUR CCN APPLICATION

- ☐ Your application will be reviewed for completeness by the Commission staff within ten (10) working days after it is received in our offices.
- ☐ Proposed notice forms are included with the application.
- ☐ If the application is administratively incomplete, you will be sent a letter that outlines the application's deficiencies and describes what is needed to correct the deficiencies. After receiving that letter, you will have thirty (30) days to make the necessary corrections.

If you fail to make the corrections in full,

- (a) the application will be returned,**
- (b) the application fee will be forfeited, and**
- (c) if you are already operating a system, you will be referred for enforcement action which may include administrative penalties of up to \$500 per day.**

NOTICE

The Commission cannot grant a CCN until proper notice of the application has been given. It is the applicant's responsibility to ensure that proper notice is given. Notice forms for publication, neighboring cities and systems, customers, and landowners are included with this application to use in preparing your proposed notices. These notice forms are also available in Spanish upon request. If the applicant is an operating IOU currently providing service without a CCN, then proposed notices must be provided for publication, to neighboring cities and systems, landowners with 25 acres or more, and current customers in the proposed service area. All three forms must be completed and submitted with the application. However, if the applicant has no customers in the proposed area at the time of filing and is only proposing to provide service at some future date, or if the applicant is a WSC or political subdivision, then only the notices for landowners with 25 acres or more, publication and neighboring cities and systems must be submitted. **Do not publish the notice or send copies of the proposed notices or maps to anyone at the time you submit this application to the Commission.** Your proposed notices and maps will be reviewed for completeness. When your application is accepted for filing, you will be directed to provide the appropriate notices for publication, to the neighboring cities and systems and, if necessary, to current customers.

TECHNICAL REVIEW OF YOUR CCN APPLICATION

When the application is complete, you will be notified by mail and be required:

- ☐ to publish notice once each week for two (2) consecutive weeks in a newspaper of general circulation in your local area and county. If the proposed area is in more than one county, publication in each county is required;
- ☐ to provide individual notice with a copy of the proposed CCN map to neighboring cities and systems within:
 - a) two (2) miles of your proposed service area, if you are an existing retail public utility amending the existing service area, **or**
 - b) five (5) miles if you are obtaining a new CCN to serve a new service area, and
- ☐ to provide individual mailed notice with a copy of the proposed CCN map to all affected current customers if you are required to have a CCN but are currently providing service without a CCN.

If the application is **technically incomplete**, you will be sent a letter that outlines the application's deficiencies and describing what you need to do to correct the deficiencies. After receiving that letter, you will have **thirty (30)** days to make the necessary corrections. **If you fail to make the corrections in full:**

- a) the application will be returned,**
- b) the application fee will be forfeited, and**
- c) if you are already operating a system, you will be referred for enforcement action which may include administrative penalties of up to \$500 per day.**

V.T.C.A. Water Code Section 13.246(c) requires the Commission to consider the following factors before it can issue a CCN:

- ☐ the adequacy of service currently provided to the requested area,
- ☐ the need for additional service in the requested area, including whether any landowners, prospective landowners, tenants, or residents have requested service,
- ☐ the effect of the granting of a certificate or amendment on the recipient of the certificate or amendment, on the landowners in the area, and on any retail public utility of the same kind already serving the proximate area,
- ☐ the ability of the applicant to provide adequate service, including meeting the standards of the commission, taking into consideration the current and projected density and land use of the area,
- ☐ the feasibility of obtaining service from an adjacent retail public utility,
- ☐ the financial stability of the applicant to pay for the facilities necessary to provide continuous and adequate service and the financial stability of the applicant including, if applicable, the adequacy of the applicant's debt-equity ratio,
- ☐ environmental integrity,
- ☐ the probable improvement of service or lowering of cost to consumers in that area resulting from the granting of the certificate or amendment, **AND**
- ☐ the effect on the land to be included in the certificated area.

In addition to these factors,

- ☐ the Commission must ensure that the applicant possesses the financial, managerial, and technical capability to provide continuous and adequate service **AND**
- ☐ the applicant must also demonstrate that regionalization or consolidation with another retail public utility is not economically feasible.

If there are no protests, you will be provided a copy of the technical staff recommendation and proposed CCN. If you have any questions or concerns, you should contact the technical staff person assigned to your application immediately. If you disagree with the staff recommendation and/or proposed CCN, the application will be considered contested, and a hearing may be requested.

If the application is contested and a hearing is requested, the application may be referred to the State Office of Administrative Hearings (SOAH). During the preliminary hearing, the presiding Administrative Law Judge (ALJ) may give the parties time to negotiate a settlement. Alternative Dispute Resolution (ADR) is available upon request of all of the parties. If a settlement is reached, the application will be remanded to staff for administrative processing. If a settlement is not reached, a discovery schedule and a date for an evidentiary hearing will be set. The ALJ will take testimony from each party and present a report to the Commission to consider in making a final decision on the application.

The completed application and copies should be sent to:

Texas Commission on Environmental Quality
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

3. **MAP REQUIREMENTS:**

Attach the following hard copy maps with each copy of the application: See attached Exhibit "C"

- A. A general location map delineating the proposed service area with enough detail to accurately locate the proposed area within the county.
- B. A map showing only the proposed area by:
 - i. metes and bounds survey certified by a licensed state or register professional land surveyor; or
 - ii. projectable digital data with metadata (proposed areas should be in a single record and clearly labeled); or
 - iii. following verifiable natural and man-made landmarks; or
 - iv. a copy of recorded plat map with metes and bounds.
- C. A written description of the proposed service area.
- D. Provide separate and additional maps of the proposed area(s) to show the following:
 - i. all facilities, illustrating separately facilities for production, transmission, and distribution of the applicant's service(s); and
 - ii. any facilities, customers or area currently being served outside the applicant's certificated area(s).

4. **NEW SYSTEM INFORMATION OR UTILITIES REQUESTING A CCN FOR THE FIRST TIME**

A. Please provide the following information: **Not Applicable, application is for system seeking amendment with existing facilities.**

- i. a list of all public drinking water supply systems or sewer systems within a 2 mile radius of the proposed system;
- ii. copies of written requests seeking to obtain service from each of the public drinking water supply systems or sewer systems listed in #4.A.i above or documentation that it is not economically feasible to obtain service from them;
- iii. copies of written responses from each system or evidence that they did not reply; and
- iv. for sewer utilities, documentation showing that you have obtained or applied for a wastewater discharge permit.

B. Were your requests for service denied?

- i. If yes, go to 4.C.
- ii. If no, please provide a detailed analysis which justifies your reasons for not accepting service. A separate analysis must be prepared and submitted for each system that granted your request for service.

C. Please summarize how the proposed utility system will be constructed and describe each projected construction phase, if any: _____

D. Date of plat approval, if required: _____
Approved by: _____

E. Date Plans & Specifications submitted for approval _____ Log No. _____
Attach copy of approval letter if available.

F. Date construction is scheduled to commence _____

G. Date service is scheduled to commence _____

5. EXISTING SYSTEM INFORMATION

A. Please provide the following information for each water and/or sewer system:

i. Water system's TCEQ Public Water System identification number:

0	1	8	0	0	2	6	;								;								
---	---	---	---	---	---	---	---	--	--	--	--	--	--	--	---	--	--	--	--	--	--	--	--

							;								;								
--	--	--	--	--	--	--	---	--	--	--	--	--	--	--	---	--	--	--	--	--	--	--	--

ii. Sewer system's TCEQ Discharge Permit number: (for each system)

W	Q						-				;	W	Q						-				
---	---	--	--	--	--	--	---	--	--	--	---	---	---	--	--	--	--	--	---	--	--	--	--

iii. Date of last inspection December 6, 2005

iv. Attach a copy of the most recent inspection report letter. **See attached Exhibit "D"**

v. For each system deficiency listed in the inspection report letter, attach a brief explanation listing the actions taken or being taken by the utility to correct the listed deficiencies, including the proposed completion dates.

B. Provide the following information about the utility's certified operators

Name	Classes	License Number
Fred H. Boyd, Jr.	Operator C	WG0005815
Robert M. Brunner	Operator D	WO0017015

- Attach additional sheet(s) if necessary -

C. Using the current number of customers, is any facility component in systems named in #5A above operating at 85% or greater of minimum standard capacity?

Yes _____ No X

Attach an explanation listing the actions to be taken to make system improvements including proposed completion dates (See 291.93(3)(A) of TCEQ Rules).

D. List in the table below, the number of existing and/or proposed metered and non-metered connections (by size). The proposed number should reflect the information presented in the business plan and reflect the number of service requests identified in Question 2.b above.

Water System			Sewer System		
Connection	Existing	Proposed	Connection	Existing	Proposed
5/8" or 3/4" meter	679		Residential		
1" meter or larger	-----		Commercial		
Non-Metered	-----		Industrial		
Other:	-----		Other:		
Total Water	679		Total Sewer	N/A	

E. If this application is for a water CCN only, please explain how sewer service is provided:
Private Sewer System

F. If this application is for a sewer CCN only, please explain how water service is provided:
Not Applicable

G. Effect of Granting a Certificate Amendment. **See attached Exhibit "G"**
Explain in detail the effect of granting of a certificate or an amendment, including, but not limited to regionalization, compliance and economic effects on the following:

- i. the applicant,
- ii. any retail public utility of the same kind already serving the proximate area; and
- iii. any landowner(s) in the requested area.

H. Do you currently purchase or plan to purchase water or sewer treatment capacity from another source?

i. No X (skip the rest of this question and go to #6)

ii. Water

Yes _____

Purchased on a () regular - () seasonal - () emergency basis?

Source	% of total supply

iii. Sewer treatment capacity

iv. Yes _____

v. Purchased on a () regular - () seasonal - () emergency basis

Source	% of total treatment

vi. Provide a certified copy of the most current water or sewer treatment capacity purchase agreement or contract.

I. Ability to Provide Adequate Service.

Describe the ability of the applicant to provide adequate service, including meeting the standards of the commission, taking both of the following items into consideration:

- i. the current and projected density, and
- ii. the land use of the requested area.

J Effect on the Land.

Explain the effect on the land to be included in the certificated area.

6. FINANCIAL INFORMATION

A. For new systems and for applicants with existing CCNs who are constructing a new stand alone system:

- i. the applicant must provide an analysis of all necessary costs for constructing, operating, and maintaining the system, and the source of that capital (such as a financial statement for the developing entity) for which the CCN is requested for at least the first five years. In addition, if service has been offered by an existing water service provider as stated in #4.A., but the applicant has determined that the cost of service as finally offered renders the project not

applicant has determined that the cost of service as finally offered renders the project not economically feasible, the applicant must provide a comparison analysis of all necessary costs for acquiring and continuing to receive service from the existing system for the same period.

- ii. Attach projected profit and loss statements, cash flow worksheets, and balance sheets (projected five year financial plan worksheet is attached) for each of the first five years of operation. Income from rates should correlate to the projected growth in connections, shown on the projected profit and loss statement.
- iii. Attach a proposed rate schedule or tariff. Describe the procedure for determining the rates and fees and indicate date of last change, if applicable. Attach copies of any cost of service studies or rate analysis worksheets.

B. For existing systems:

- i. Attach a profit and loss statement and current balance sheet for existing businesses (end of last fiscal year is acceptable). Describe sources and terms for borrowed capital such as loans, bonds, or notes (profit and loss and balance sheet worksheets are attached, if needed). See attached Exhibit "E"
- ii. Attach a proposed rate schedule or tariff. See attached Exhibit "F"

★ NOTE: An existing system may be required to provide the information in 6.A.i. above during the technical review phase if necessary for staff to completely evaluate the application.

C. Identify any funds you are required to accumulate and restrict by lenders or capital providers.

D. In lieu of the information in #6.A. thru #6.C., you may provide information concerning loan approvals within the last three (3) years from lending institutions or agencies including the most recent financial audit of the applicant.

7. **NOTICE REQUIREMENTS**

A. All proposed notice forms must be completed and submitted with the application. However, do not mail or publish them until you receive written approval from the Commission to do so.

B. The Commission cannot grant a CCN until proper notice of the application has been given. Commission rules do not allow a waiver of these notice requirements.

C. It is the applicant's responsibility to ensure that proper notice is given to all entities that are required to receive notice.

D. Recommended notice forms for publication, neighboring cities and systems, landowners with 25 acres or more, and customers are included with this application to use in preparing your proposed notices. (These notice forms are also available in Spanish upon request.)

E. After reviewing and, if necessary, modifying the proposed notice, the Commission will send the notice to the applicant after the application is accepted for filing along with instructions for publication and/or mailing. Please review the notice carefully and note any additional neighboring utilities which may be included in the acceptance letter.

F. Notice For Publication:

The applicant shall publish the notice in a newspaper having general circulation in the county or counties where a certificate of convenience and necessity is being requested, once each week for two consecutive weeks beginning with the week after the notice is received from the Commission. Proof of publication in the form of a publisher's affidavit shall be submitted to the Commission within 30 days of the last publication date. The affidavit shall state with specificity each county in which the newspaper is of general circulation.

G. Notice To Neighboring Utilities:

- i. List all neighboring retail public utilities and cities providing the same utility service within the following vicinities of the applicant's proposed certificate area.
- ii. For applications for the issuance of a **NEW** certificate of public convenience and necessity, the applicant must mail the notice with a copy of the proposed CCN map to all cities and neighboring retail public utilities providing the same utility service within **five (5) miles** of the requested service area.
- iii. For applications for the **AMENDMENT** of certificate of public convenience and necessity, the applicant must mail the notice with a copy of the proposed CCN map to all cities and neighboring retail public utilities providing the same utility service within **two (2) miles** of the requested service area.

H. Notice to Customers

Investor Owned Utilities (IOUs) that are currently providing service without a certificate must provide individual mailed notice to all current customers. The notice must contain the current rates, the date those rates were instituted and any other information required in the application.

- I. The Commission may require the applicant to deliver notice to other affected persons or agencies.

Do not publish or send copies of the proposed notices to anyone at the time you submit the application to the Commission. Wait until you receive written authorization to do so. This will occur after the Commission has reviewed the notices for completeness, and your application has been accepted for filing.

OATH

State of Texas

I, Calvin Rueter, being duly sworn, file this application as President (indicate relationship to Applicant, that is, owner, member of partnership, title as officer of corporation, or other authorized representative of Applicant); that, in such capacity, I am qualified and authorized to file and verify such application, am personally familiar with the maps filed with this application, and have complied with all the requirements contained in this application; and, that all such statements made and matters set forth therein are true and correct. I further state that the application is made in good faith and that this application does not duplicate any filing presently before the Texas Commission on Environmental Quality.

I further represent that the application form has not been changed, altered or amended from its original form available only from the Commission.

I further represent that the Applicant will provide continuous and adequate service to all customers and qualified applicants for service within its certificated service area.

AFFIANT

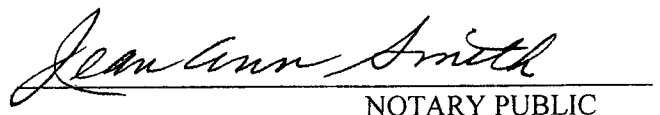

(Applicant's Authorized Representative)

If the Affiant to this form is any person other than the sole owner, partner, officer of the Applicant, or its attorney, a properly verified Power of Attorney must be enclosed.

SUBSCRIBED AND SWORN TO BEFORE ME, a Notary Public in and for the State of Texas, this 3rd day of November, 2008.

SEAL

NOTARY PUBLIC

Notice for Publication

NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE
AND NECESSITY (CCN) TO PROVIDE WATER/SEWER
UTILITY SERVICE IN Bosque, McLennan COUNTY (IES)

Childress Creek Water Supply Corporation Name of Applicant has filed an application to
amend CCN No. 11000 with the Texas Commission on Environmental Quality to provide
water (specify 1) water or 2) sewer or 3) water & sewer) utility service in
Bosque County (ie's).

The proposed utility service area is located approximately 1 miles east of downtown Clifton,
Texas, and is generally bounded on the north by Meridian, Texas; on the east by .FM 2490 and
Highway 22; on the south by Valley Mills, Texas; and on the west by Clifton, Texas.
The total area being requested includes approximately 583.24 acres and 679 current customers.

A copy of the proposed service area map is available at 700 CR 3430 Clifton, Texas 76634

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to exclude the tract from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All requests to opt out of the requested service area must include a scaled, general location map and a metes and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.

NOT APPLICABLE

Notice to Customers of IOUs in Proposed Area

NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE AND NECESSITY
(CCN)
TO PROVIDE WATER/SEWER UTILITY SERVICE IN _____ COUNTY

Dear Customer:

Date Notice Mailed _____, 20__

_____ has filed an application for a CCN to/
Name of Applicant

amend CCN No. _____ and to decertify a portion(s) of _____ Name of Decertified Utility with the Texas Commission on Environmental Quality to provide _____ (specify 1) water or 2) sewer or 3) water & sewer) utility service in _____ County(ies).

The proposed utility service area is located approximately _____ miles [direction] of downtown _____, [City or Town] Texas

A copy of the proposed service area map is available at _____ (Utility Address and Phone Number)

The current utility rates which were first effective on _____, 200__ are:

- Monthly Flat Rate of \$_____ per connection

-OR-

- Monthly Base Rate including _____ gallons per connection for:

5/8" meter	\$_____
1" meter	\$_____
1 1/2" meter	\$_____
2" meter	\$_____
Other _____	\$_____

Gallonge charge of \$_____ per 1,000 gallons above minimum (same for all meter sizes)

Miscellaneous Fees

-Regulatory Assessment	1%
-Tap Fee (Average Actual Cost)	\$_____
-Reconnection fee:	
-Non Payment (\$25.00 max)	\$_____
-Transfer	\$_____
-Customer's request	\$_____
-Late fee	\$5.00 or 10%
-Returned Check charge	\$_____
-Customer Deposit (\$50.00 max)	\$_____
-Meter test fee (Actual Cost not exceed \$25.00)	\$_____
-Other Fees	\$_____

Your utility service rates and fees cannot be changed by this application. If you are currently paying rates, those rates must remain in effect unchanged. Rates may only be increased if the utility files and gives notice of a separate rate change application.

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

IF A HEARING IS HELD, it is important that you or your representative attend to present your concerns. Your request serves only to cause a hearing to be held and is not used during the hearing.

If you are a landowner with a tract of land at least 25 acres or more, and is partially or wholly located within the proposed area, you may request to be excluded from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All requests to opt out of the requested service area must include a scaled, general location map and a metes and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.
