Re: City of Austin's Water and Sewer Applications for Certificates of Convenience and Necessity

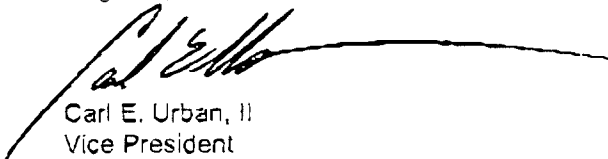

Dear Mr. Jennings:

I would like to thank you and your staff for meeting with Robert Knight and myself this past Tuesday to discuss Austin's interest in providing water, sewer and fire protection to southern Travis County and more particularly our properties.

Based on our discussion it would appear that the City of Austin has a genuine interest and is in the best position to provide a complete water service package in a timely fashion to our area. We will be looking forward to working with you as our development projects come on line.

Thanks for taking the time to meet with us and we look forward to working with you in the future.

Regards,
