ORDER NO. 13
AMENDING PROCEDURAL SCHEDULE

On February 19, 2016, Public Utility Commission of Texas (Commission) Staff responded to Order No. 12 and proposed a supplemental procedural schedule. Commission Staff stated that it cannot provide revised maps and certificates for Trinity SO PTN, LP's (Trinity SO) review and consent because the utility has ten outstanding violations associated with its waste water permit (WQ0012650001) with the Texas Commission on Environmental Quality (TCEQ). Commission Staff recommends that Trinity SO have until March 18, 2016 to provide documentation to the Commission addressing the outstanding violations.

Commission Staff cannot make a recommendation for this application until the applicant provides documentation that supports the requirements of 16 Tex. Admin. Code § 24.102(a)(2). The following supplemental procedural schedule is adopted.

EVENT	DATE
Deadline for Trinity SO to provide documentation addressing outstanding TCEQ violations	March 18, 2016
Deadline for Commission Staff to propose a revised procedural schedule for processing the application	March 25, 2016

SIGNED AT AUSTIN, TEXAS the 23rd day of February 2016.
