ORDER NO. 5  
REQUIRING CLARIFICATIONS AND SUPPLEMENTAL FILINGS

On September 27, 2016, the State Office of Administrative Hearings (SOAH) issued Order No. 8, admitting evidence, remanding this proceeding to the Public Utility Commission of Texas (Commission) for further processing, and dismissed the SOAH docket. So that this docket may proceed to final resolution, the undersigned administrative law judge requires clarifications and submission of additional filings.

Palo Duro Service Company, Inc. (Palo Duro) appears to propose two amendments to its certificate of convenience and necessity (CCN) No. 12200. The larger acreage proposed for inclusion referenced in Palo Duro's February 13, 2015 application, as well as Commission Staff's final recommendation, reflect a total of 328 acres to be included. However, the notice provided by Palo Duro indicated that a total of 258 acres will be included. Finally, the joint proposed order reflects approval of a total of approximately 737 acres for inclusion in Palo Duro's certificate of convenience and necessity (CCN) No. 12200.

On August 17, 2016, Palo Duro filed consent forms, indicating that an attached map and revised CCN were included. Additionally, the filing was also included for admission into evidence. However, the attachments were not included with the Palo Duro filing.

On or before **October 5, 2016**, the parties shall clarify the discrepancy in acreage numbers and file the map and revised CCN referenced as attached to the consent form.

SIGNED AT AUSTIN, TEXAS the 28th day of September 2016.
