Gallage charges for individual residential customers shall be calculated based upon their average metered water consumption for the winter months of December, January, and February. Where an individual residential customer requests service at a location that does not have a winter consumption history, that customer shall be imputed with a monthly gallage rate of 8,000 gallons until a winter usage average is established. Gallage charges for non-residential customers, including associations of residential customers, shall be calculated using their actual monthly-metered water consumption without winter averaging.

DEVELOPER OPERATING CHARGE: A developer requesting the construction of a new utility system who does not pay all of the cost of plant constructed to serve that development shall be billed each month for the incremental difference between the revenues collected for utility services rendered and \$2,500 or other amount mutually agreed to. This charge shall cease when utility service revenues collected from consumers in that new development exceed \$1,500 for three consecutive months excluding July through September or five consecutive months including July through September. This charge shall be implemented only where the developer voluntarily agrees to pay it in a service, construction or extension contract.

BEFORE THE

TEXAS COMMISSION ON

ENVIRONMENTAL QUALITY

On **AUG 14 2006**, the Executive Director of the Texas Commission on Environmental Quality pursuant to Chapters 5 and 13 of the Texas Water Code considered the applications of South Central Water Company a Texas Corporation to amend sewer Certificate of Convenience and Necessity No. 20964 in Wilson County, Texas.

No person has requested a public hearing on the application;

Notice of the application was given to all affected and interested parties;

The criteria set forth in *Texas Water Code* Section 13.246(c) has been considered; and

The certificate amendment requested in this application is necessary for the service, accommodation, convenience, and safety of the public.

Now, therefore, be it ordered by the Texas Commission on Environmental Quality that the application be granted and Certificate of Convenience and Necessity No. 20964 be amended in accordance with the terms and conditions set forth herein and in the certificates.

IT IS FURTHER ORDERED that South Central Water Company shall serve every customer and applicant for service within the area certified under Certificate of Convenience and Necessity No. 20964 that such service shall be continuous and adequate.

Texas Commission on Environmental Quality

IN THE MATTER OF THE	§	
APPLICATION OF SOUTH CENTRAL	§	BEFORE THE
WATER COMPANY TO AMEND	§	
SEWER CERTIFICATE OF	§	TEXAS COMMISSION ON
CONVENIENCE AND NECESSITY NO.	§	
20964 IN PARKER COUNTY, TEXAS.	§	ENVIRONMENTAL QUALITY
	§	

On NOV 02 2005, the Executive Director of the Texas Commission on Environmental Quality pursuant to Chapters 5 and 13 of the Texas Water Code considered the application of South Central Water Company to amend sewer Certificate of Convenience and Necessity No. 20964 in Parker County, Texas.

No person has requested a public hearing on the application;

Notice of the application was given to all affected and interested parties;

The criteria set forth in *Texas Water Code* Sections 13.246 (c) and 13.254 have been considered; and

The certificate amendment requested in this application is necessary for the service, accommodation, convenience, and safety of the public.

Now, therefore, be it ordered by the Texas Commission on Environmental Quality that the application is granted and Certificate of Convenience and Necessity No. 20964 be amended in accordance with the terms and conditions set forth herein and in the certificate.

IT IS FURTHER ORDERED that South Central Water Company shall serve every customer and applicant for service within the area certified under Certificate of Convenience and Necessity No. 20964 and that such service shall be continuous and adequate
