**ORIGINAL PETITION APPEALING
RETAIL WATER AND WASTEWATER RATES OF THE CITY OF AUSTIN
AND MOTION FOR INTERIM RATES**

TO THE PUBLIC UTILITY COMMISSION OF TEXAS:

COME NOW, Petitioners, retail water and wastewater customers of the River Place Water and Wastewater Systems (Public Water System No. 2270252 and Wastewater Permit No. WQ0011514-0010, by and through the undersigned counsel, and pursuant to Sections 13.043(b)(3) and 13.043(i) of the Texas Water Code (TEX. WATER CODE) and Chapter 24, Subchapter C of Title 16 of the Texas Administrative Code (P.U.C. SUBST. R.), and file this Petition appealing retail water and wastewater rates imposed by the City of Austin. Further, pursuant to TEX. WATER CODE § 13.043(h) and P.U.C. SUBST. R. 24.29, Petitioners request that the Public Utility Commission ("Commission") establish interim rates to be in effect until a final decision is made. In support of this Petition and Motion for Interim Rates, Petitioners would respectfully show the following:

I. PARTIES

1.1. The City of Austin is a home-rule municipality and a political subdivision of the State of Texas, governed by the Constitution of the State of Texas, the Texas Local Government Code, and the Texas Water Code.

1.2. Petitioners, who are signatories of the attached petitions, are customers of the River Place Water and Wastewater Systems. Petitioners reside outside of the City of Austin's

corporate boundary. The City of Austin (the “City”) will not annex Petitioners into its corporate boundary until December 31, 2017, as evidenced by that Strategic Partnership Agreement Between the City of Austin and the River Place Municipal Utility District.¹

II. RATE INCREASE

2.1. On or about October 1, 2014, the City imposed new water and wastewater rates upon the ratepayers of the River Place Water and Wastewater Systems. The City did not send written notice of increase, except via the receipt of their monthly utility bill after the new rates were effective.

2.2. On or about November 1, 2014, the City again raised water and wastewater rates upon the ratepayers of the River Place Water and Wastewater Systems. The City did not send written notice of increase, except via the receipt of their monthly utility bill after the new rates were effective.

2.3. The City of Austin failed to provide individual, written notice to each Petitioner within 60 days after the date of a final decision on a rate change, as required under TEX. WATER CODE § 13.043(i).

2.4 As shown in the table below, both the volume charges and the monthly minimum charges increased for both water and wastewater service on both October 1, 2014 and again on November 1, 2014:

		PRE-10/1/14	10/1/14	11/1/14
WATER	BASE	\$30.00 - \$31.00	\$9.10 - \$19.65	\$9.75 - \$20.25
	0-2,000 gal	\$0.00	\$1.99	\$3.12
	2,001-6,000 gal	\$2.50	\$3.84	\$4.68
	6,001-11,000 gal	\$2.50	\$6.35	\$7.48
	11,001-20,000 gal	\$2.50	\$10.10	\$11.22
	Over 20,000 gal	\$3.50-\$7.00	\$12.99	\$14.12
WASTEWATER	BASE	\$0.00	\$10.00	\$10.30
	Per 1,000 gals	\$3.14	\$4.32-\$8.94	\$4.51-\$9.13

2.5. Based upon records for the River Place Water and Wastewater System obtained from the River Place Municipal Utility District, these rate increases affect 1,047 water utility customers and 1,035 sewer utility customers.²

¹ See **Attachment A**, STRATEGIC PARTNERSHIP AGREEMENT BETWEEN THE CITY OF AUSTIN AND THE RIVER PLACE MUNICIPAL UTILITY DISTRICT, September 9, 2009, p. 3.

² See **Attachment B**, COA WATER AND WASTEWATER RATE APPEAL PETITION.

III. JURISDICTION

3.1. Petitioners bring this appeal pursuant to TEX. WATER CODE §§ 13.043(b)(3) and 13.043(i). Petitioners are ratepayers of the City of Austin, which is "a municipally owned utility" that provides utility service to ratepayers who reside outside the corporate limits of the municipality.

3.2. This Petition is timely filed pursuant to TEX. WATER CODE § 13.043(c) 24.41 and P.U.C. SUBST. R. 24.42. The effective dates of the rate changes being appealed herein were October 1, 2014, and November 2, 2014, which is less than 90 days prior to the filing of this petition. As shown by the Certificate of Service, a copy of this Petition is being filed with the City of Austin at the time of this filing with the Commission.

3.3. The "COA Water and Wastewater Rate Appeal Petition" complies with P.U.C. SUBST. R. 24.42. Each signature page of the petition contains, in legible form, the following information for each ratepayer:

- (1) a clear and concise statement that the petition is an appeal of a specific rate action of the water or sewer service supplier in question as well as a concise description and date of that rate action;
- (2) the name, telephone number, and street or rural route address (post office box numbers are not sufficient) of each signatory ratepayer. The petition shall list the address of the location where service is received if it differs from the residential address of the signatory ratepayer;
- (3) the effective date of the decision being appealed;
- (4) the basis of the request for review of rates;

3.4. The COA Water and Wastewater LCRA Water Rate Appeal Petition contains the signatures of 359 customers affected by the City of Austin rate increase. As noted above, there are 1,047 water customers and 1,035 sewer customers in the River Place Water and Wastewater System. Therefore, these signatures represent more than thirty four percent (34%) of the ratepayers who were affected by the City of Austin rate increase and who are eligible to appeal under TEX. WATER CODE § 13.043(b). This number is well in excess of the 10% (or approximately 105 ratepayers) required by statute and rule.

3.5. Petitioners are ratepayers of the City of Austin, which is "a municipally owned utility" that provides utility service to ratepayers who reside outside the corporate limits of the municipality. The City will not annex Petitioners into its corporate boundary until 12:01 a.m., December 31, 2017, as evidenced by the Strategic Partnership Agreement Between the City of

Austin and the River Place Municipal Utility District³ and the City of Austin Municipal Annexation Plan Amendments.⁴

3.6 As mentioned above, TEX. WATER CODE § 13.043(i) required the City to provide individual, written notice to each Petitioner within 60 days after the date of a final decision on a rate change. Petitioners did not receive notice of the rate increase until of their monthly utility bill after the new rates were effective.

3.7 The increased rates adopted by the City of Austin are unjust and unreasonable, and they unfairly burden existing customers with the costs to serve new development and to pay for City of Austin charges unrelated to the cost of service for the River Place Water and Wastewater System. Petitioners request that the Commission refer this matter to the State Office of Administrative Hearings, that an Administrative Law Judge conduct a contested case hearing, and that the Commission and the Administrative Law Judge require the City of Austin to show how its rates are just and reasonable and comply in all respects with the statutory and regulatory requirements.

IV. INTERIM RATES

4.1. TEX. WATER CODE § 13.043(h) and P.U.C. SUBST. R. 24.29, Petitioners request that the Public Utility Commission (“Commission”) establish interim rates to be in effect until a final decision is made.⁵ The Commission may establish interim rates under its original or appellate jurisdiction where the proposed increase in rates could result in unjust or unreasonable rates.⁶ The standard to set interim rates is low . . . *could* the rates result in unjust or unreasonable rates . . . not whether the rates will result in unjust or unreasonable rates.

4.2. The magnitude of the City’s rate increase will result in unjust and unreasonable rates and place an unreasonable economic hardship on Petitioners. As a result of the unprecedented rate increases, Petitioners’ average monthly water bills increased from \$73.50 to \$131.34 on October 1, and then again to \$149.93 on November 1, 2014. Average monthly wastewater bills increased from \$15.70 to \$45.46 on October 1, and then to \$46.71 on November

³ See **Attachment A**, STRATEGIC PARTNERSHIP AGREEMENT BETWEEN THE CITY OF AUSTIN AND THE RIVER PLACE MUNICIPAL UTILITY DISTRICT, September 9, 2009, p. 3.

⁴ See **Attachment C**, CITY OF AUSTIN MUNICIPAL ANNEXATION PLAN AMENDMENTS TABLE, City of Austin Planning & Development Review Department, May 12, 2012 (www.austintexas.gov/sites/default/files/files/Planning/Annexation/three_year last visited December 20, 2014).

⁵ TEX. WATER CODE ANN. § 13.043(h); P.U.C. SUBST. R. 24.29.

⁶ P.U.C. SUBST. R. 24.29(d).

1, 2014. Moreover, with a proposed increase in rates of nearly one hundred four percent (104%) for average water customers and nearly one hundred ninety-eight percent (198%) for average wastewater customers, Petitioners will experience “rate shock” due to the unprecedented increase in their water and wastewater rates. Petitioners object to the increased City of Austin water and wastewater rates on the grounds that these rates are unjust or unreasonable and the rates unfairly burden River Place Water and Wastewater System customers with costs to serve other City of Austin customers outside the service area of the River Place Water and Wastewater Systems. The increase is even more egregious in consideration that no new facilities provide water or wastewater service to the customers of the River Place Water and Wastewater Systems.

4.3 On their face, rate increases of 104% for water and nearly 198%) could result in unjust and unreasonable rates. Clearly, rate increases of over 100% for water and nearly 200% for wastewater create an unreasonable economic hardship on Petitioners. Moreover, rates increased by this magnitude for a system that has not had any infrastructure changes are obviously unjust or unreasonable, which would allow the Commission to establish interim rates.

4.3 Furthermore, as the City of Austin failed to provide proper notice of the proposed rate increases required by TEX. WATER CODE § 13.043(i), the rate increases placed an additional, unfair economic hardship on the Petitioners. The City’s increase of rates, without providing Petitioners an opportunity to adjust consumption, is an unfair economic hardship to Petitioners. Moreover, this flagrant disregard of State law epitomizes the City’s failure to justify any rate increase and establishes an additional basis for setting interim rates under P.U.C. SUBST. R. 24.29.

4.4 Finally, as the Commission will reduce or completely eliminate the proposed rate increase, any revenue that the City collects in the interim will have to be refunded to the Petitioners, which can be a complicated and inequitable process. The burden of such increase on Petitioners for both and water and wastewater service are sufficient grounds for the imposition of interim rates, and Petitioners hereby request that the Commission establish interim rates for water and wastewater service at the same levels as the rates existed prior to October 1, 2014.

V. PRAYER

WHEREFORE, PREMISES CONSIDERED, Petitioners respectfully pray that the Commission:

1. Accept the attached COA Water and Wastewater Rate Appeal Petition;
2. Set interim rates not higher than the water rates in effect prior to October 1, 2014 and refund all funds collec;
3. Refer this Appeal to the State Office of Hearings Examiners for a contested case proceeding and require the City of Austin to show that its rates are just and reasonable, based upon the cost to provide water and wastewater service to Petitioners, in compliance with the Texas Water Code and the Commission's regulations; and
4. Grant such other and further relief as the Petitioners may show themselves entitled.

ARTICLE III.

SERVICES TO THE DISTRICT AND OTHER TRANSITIONAL MATTERS

Section 3.01 Municipal Services Prior to the Full-Purpose Annexation Date.

- (a) **Limitation on Services.** During that period of time beginning on the Effective Date and ending on the Full-Purpose Annexation Date, the City and the District will provide water and wastewater service to the District pursuant to the terms and conditions of the Water and Wastewater Agreement. Except as provided in the preceding sentence or as may be provided in subsequent agreements between the Parties, the District acknowledges and agrees that no City services (including by way of example and not in limitation, police services, fire protection services, emergency medical responder services, and road maintenance) will be provided to the District until the Full-Purpose Annexation Date, upon which the City shall provide full services to the District unless specifically provided otherwise.
- (b) **Continuity of Services.** Commencing on the Full-Purpose Annexation Date, the City will provide full City services to areas within the District Boundaries in accordance with the Service Plan, except that the City shall not be responsible for

those services to be provided by the Limited District. City services shall include, for example, but not in limitation, water and wastewater services. The Parties understand and agree that the portion of the Service Plan addressing services to be provided in the event of the dissolution or termination of the District or the Limited District for any reason shall be performed by the City upon dissolution or termination as provided by the Service Plan and Section 7.02 of this SPA.

Section 3.02 Capital Improvements During the Period Prior to the Full-Purpose Annexation Date.

- (a) District's Responsibility for Continued Improvements.
 - (i) Except as provided in the Water and Wastewater Agreement, the District will be responsible for operating and maintaining all District facilities and properties during that period of time beginning on the Effective date and ending on the Full-Purpose Annexation Date. By way of example and not in limitation, the aforementioned operation and maintenance responsibilities shall include the responsibility to operate and maintain parks facilities, and for drainage, prevention of erosion, remediation of storm damage and channel dredging.
 - (ii) The District may also continue to make capital improvements during this same time period in accordance with the terms and provisions of the Consent Agreement. In this regard, the Parties agree that except as otherwise authorized by the Water and Wastewater Agreement or the City, any such improvements shall not materially affect the level of services the City will be required to provide after the Full-Purpose Annexation Date.
 - (iii) Notwithstanding the foregoing provisions, the District may construct trails or trail improvements subject to approval by the City's Parks and Recreation Department, which shall not be withheld unless a proposed trail or trail improvement would materially impact the level-of service the City will be required to provide after the Full-Purpose Annexation Date.

Section 3.03 District Tax and Utility Rate.

- (a) District's Tax Rate. The District agrees to set its annual debt tax rate and operations and maintenance tax rate in an amount deemed sufficient by the District, to report such rate to the District's tax collector in Travis County, and to perform all acts required by law for the tax rates to be effective.
- (b) Use of Excess Monies. The District agrees to allocate a sufficient amount of utility revenues and ad valorem taxes, if necessary, to maintain its Retail Water System and Retail Wastewater System until the O&M Transfer Date. Any existing or future utility revenues collected through an increase in utility rates and

Attachment A

such ad valorem taxes, if applicable, in excess of the District's annual operation and maintenance expenses shall only be used (1) to help pay down the District's outstanding indebtedness prior to the Full-Purpose Annexation Date or (2) transferred to the Austin Water Utility on the Full-Purpose Annexation Date. The District shall separate such funds from its general fund and place them in a special fund account reflecting the source of these funds.

- (c) Park Fund. All monies in the District's park fund on the Full-Purpose Annexation Date will be retained by the Limited District.

Section 3.04 Transfer of Assets and Employment and Services Contractual Obligations of the District.

Except for the construction of trails in accordance with Section 3.02(a)(iii) of this Agreement, or as otherwise may be authorized by the Water and Wastewater Agreement or by prior written agreement of the City Manager, the District may not do the following:

- (1) transfer any of its assets to a third party without reasonable consideration; or
- (2) acquire additional assets, other than those required for the normal and customary operations of the District provided that such required assets do not increase the City's costs or responsibilities after the Full-Purpose Annexation Date; or
- (3) enter into any contracts for employment or services that will result in the creation or continuation of a contractual obligation or fees and charges for the City after the Full-Purpose Annexation Date.

Section 3.05 Separate Transition Agreements.

The Parties contemplate that they may negotiate and execute separate transition agreements concerning their relationship during the term of this SPA. Such transition agreements may supplement or amend this SPA.

ARTICLE IV.

- (c) Limitation on City's Obligations. The Parties agree that the City shall have no obligation during the existence of the Limited District to perform the functions undertaken by the Limited District, provided, however, the Limited District's rights to provide security for the Amenities shall not diminish the City's obligations to provide adequate police protection in accordance with the requirements of State law.
- (d) Limitation on Actions by Limited District.
 - (i) The Limited District may not sell, convey, lease, mortgage, transfer, assign, or otherwise alienate any of its Amenities to a third party. - (ii) If a majority of the qualified voters voting at this election do not approve the proposition, the Limited District shall be automatically dissolved sixty days after the date of the election without the necessity of any further action by the City, whether litigation or otherwise, and all assets, obligations, indebtedness, and liabilities of the District shall be assumed by the city.
- (iii) If the election fails, the Limited District shall continue to exist after such failure for the sole purpose of doing any and all acts or things necessary to transfer the assets, obligations, indebtedness, and liabilities to the City.

Attachment A

- (c) Neither the District nor the City will initiate or support any legislation to modify the City's or the District's rights under the SPA or the Consent Agreement. If future legislation would have the effect of prohibiting annexation or requiring further approval of residents for annexation, it is the intent of the Parties that annexation will take place in accordance with this SPA regardless of any such legislation. Further, the District will not seek or support legislation to incorporate all or a portion of itself as a municipality.

Section 8.06 Waiver.

Any failure by a Party to this SPA to insist upon strict performance by the other Party of any provision of this SPA shall not be deemed a waiver of the provision or of any other provision of the SPA. Attachment A

This SPA may only be amended in writing upon the approval of the governing bodies of the City and the District or Limited District, as applicable.

Section 8.13 Force Majeure.

In the event that either Party is rendered unable by force majeure to carry out any of its obligations under this SPA, whether in whole or in part, then the obligations of that Party, to the extent affected by the force majeure, shall be suspended during the continuance of the inability, provided, however, that due diligence is exercised to resume performance at the earliest practicable time. As soon as reasonably possible after the occurrence of the force majeure relied upon to suspend performance, the Party whose contractual obligations are affected thereby shall give notice and full particulars of the force majeure to the other Party. The cause, as far as possible, shall be remedied with all reasonable diligence. The term "force majeure" includes events or occurrences that are not within the control of the Party claiming their ability and that could not have been avoided by the exercise of due diligence, and may include acts of God, strikes, lockouts or other industrial disturbances, criminal conduct or sabotage, acts of the public enemy, orders of the government of the United States or the State of Texas or any civil or military authority, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, hurricanes, storms, floods, washouts, droughts, arrests, restraints of government and civil disturbances, explosions, breakage, or accidents to equipment, pipelines, or canals, partial or complete failure of water supply, and any other inability of either Party, whether similar to those enumerated or otherwise, that is not within the control of the Party claiming their ability and that could not have been avoided by the exercise of due diligence. It is understood and agreed that the settlement of strikes, lockouts and other industrial or labor disturbances shall be entirely within the discretion of the Party having the difficulty and that the requirement that any force majeure be remedied with all reasonable dispatch shall not require the settlement of strikes, lockouts or other industrial or labor disturbances by acceding to the demands of the opposing party if the settlement is unfavorable to it in the judgment of the Party having the difficulty. Force majeure shall relieve City from liability to the District or any water customer of the District for failure to provide water service due to an inability covered by this Article.

ARTICLE IX. DEFAULT AND REMEDIES FOR DEFAULT

Section 9.01 Default.

- (a) Upon the occurrence, or alleged occurrence, of an event of default under or violation of this SPA, the nondefaulting Party shall send the defaulting Party Notice of its default or violation or alleged default or violation. Except as otherwise specifically provided in this SPA and subject to force majeure, the defaulting Party must cure its default or violation within thirty days following receipt of the Notice of default or violation.

Attachment A

- (b) If the default or violation is not cured within the thirty day period, the non-defaulting Party may sue for enforcement or cancellation of this SPA. However, prior to bringing any proceeding in a court of law or before a court of competent jurisdiction, the Parties may (but are not required to) resolve the issue through alternative dispute resolution. If the Parties agree to seek alternative dispute resolution, they must participate in good faith. Unless otherwise agreed to, the Parties shall share equally in the costs of the mediation or arbitration. The Parties further agree that neither the City nor the District is obligated to resolve any dispute based on an arbitration decision under this SPA if the arbitration decision compromises the City's or District's sovereign immunity.
- (c) If the Parties are unable to resolve their dispute through mediation or arbitration, if any, the nondefaulting Party shall have the right to enforce the terms and provisions of this SPA by specific performance or by such other legal or equitable relief to which the nondefaulting Party maybe entitled. Any remedy or relief described in this SPA shall be cumulative of, and in addition to, any other remedies and relief available at law or in equity.
- (d) If the defaulting Party fails to abide by these deadlines, the nondefaulting Party shall have all rights and remedies available in law and equity and all rights and remedies provided in this SPA.
- (e) All of these rights and remedies shall be cumulative.
- (f) The Parties agree that the remedy of accelerated full purpose annexation of the District set forth in Section 9.02(a) of this SPA is limited solely to the circumstances described therein, and shall not be available for any other circumstances under this SPA. The parties agree that none of the remedies specified in this SPA shall apply to a breach of the Water and Wastewater Agreement, and that the remedies available for a breach of that Water and Wastewater Agreement shall be controlled by the remedy provisions of that agreement.

Section 9.02 Dissolution of the District

- (a) If the District is dissolved for any reason prior to the Full-Purpose Annexation Date, this SPA shall automatically terminate and the City shall have the right to accelerate the Full-Purpose Annexation Date without restriction.
- (b) If the District is dissolved, the Board of Directors for the District shall continue to exist after the dissolution for the sole purpose of doing any and all acts or things necessary to transfer the assets, obligations, indebtedness, and liabilities to the City.

On 11/11/2014, the local water agreement with the Regional Water Commission ("RWC") was set to expire. The City and protest the RWC's failure to negotiate a new agreement with the City of San Juan ("City") for the five (5) year term ending 12/31/2014 and the water services that the RWC has provided to the City are ineffective as of 12/31/2014. The City is a home rule municipality and, therefore, is not bound by the RWC's terms and conditions of service. The City has contracted with West and Westwater Systems, Inc. ("WWS") for the provision of water and wastewater services. WWS will continue to provide the same level of service until the date of the final bid for the five (5) year term ending 12/31/2014 or a new agreement with the RWC is reached. (November 11, 2014)

6 (c) Water and Waste water Rate Appeal Petition

the City of Austin, and hereby appeal to the Public Utility Commission of Texas (the "PUC") and pretest the availability of water rate increases of the City of Austin ("COA") effective October 1, 2014 and the water rate increases for rate increases of the COA effective November 1, 2014. The COA is a home-rule municipality. The City of Austin is a home-rule city governed by the COA River Place Water and Wastewater Systems, which is a public utility company and a subsidiary of the City of Austin Water Code. The effective date of the first phase of the water rate increases is scheduled for the end of the year on or before November 1, 2014.

[illegible]

We are objecting to the increased COA rates because they are excessive, unjustified, and unfair. The proposed rates are 46% above the 2014 rates. We are objecting to the increased COA rates because the proposed rates are unjust or unconscionable, and the rates unfairly discriminate against customers. The proposed COA amounts exceed the fair value of the COA River Place services provided under Sec. 13-6-3(b), due to the huge increase in rates; we hereby state our intention to challenge rates at the level that existed BUREAU October 1, 2014.
