COA Water and Wastewater Rate Appeal Petition

We are undersigned hereby appeal to the Public Utility Commission of Texas (the "PUC") and protest the water and wastewater rate increases of the City of Austin ("COA") (effective October 1, 2014 and the water and wastewater rate increases of the COA effective November 1, 2014. The COA is a home rule municipality in Travis County, Texas. As ratepayers of the COA River Place Water and Wastewater Systems, we are protesting pursuant to Sec. 13.043(b)(3) of the Texas Water Code. The effective date of the first phase of the COA rate increase was October 1, 2014, and the effective date of the second increase was November 1, 2014.

The COA has increased its rates by 23% from \$39.00 to \$49.65 and by 23% from \$0.00 to \$1.70. We are objecting to the increased COA water and wastewater rates for reasons that these rates are unaffordable, and the rates unfairly burden COA customers with costs to serve COA customers outside the service area of the COA River Place Water and Wastewater System. Moreover, under Sec. 13.043(h), due to the huge increase in rates, we hereby petition the PUC to set interim rates at the level that existed BEFORE October 1, 2014.

COA Water and Wastewater Rate Appeal Petition

We, the undersigned, hereby appeal to the Public Utility Commission of Texas (the "PUC") and protest the water and wastewater rate increases of the City of Austin ("COA") effective October 1, 2014 and the water and wastewater rate increases of the COA effective November 1, 2014. The COA is a home rule municipality located in Travis County, Texas. As a member of the COA River Price Water and Wastewater Systems ("RPWS"), the COA is subject to the provisions of the Texas Water Code. The effective date of the first phase of the COA's rate increase is October 1, 2014, and the effective date of the second phase is November 1, 2014.

WASTEWATER	WAST	10/1/14	11/1/14

2,001-4,000 gal		\$9.00	\$9.00

Over 20,000 gal		\$3.50	\$12.00
WATER	WATER	\$0.00	\$0.00
Per 1,000 gal		\$3.12	\$4.12

The monthly water bill increased from \$73.50 to \$114.40, an increase of \$40.90, and the wastewater bill increased from \$8.00 to \$16.60, an increase of \$8.60. We are objecting to the increase in COA rates because the increase is not justified by the increase in the cost of water and wastewater services. The COA is not allowed to increase rates without a hearing and the COA has not held a hearing. Moreover, under Section 16.01 of the Texas Water Code, the COA is prohibited from increasing rates without a hearing. We hereby appeal to the PUC to set aside the rates of the COA effective October 1, 2014.

COA Water and Wastewater Rate Appeal Petition

We, the undersigned hereby appeal to the Public Utility Commission of Texas (the "PUC") and protest the water and wastewater rate increases of the City of Austin ("COA") effective October 1, 2014 and the water and wastewater rate increases of the COA effective November 1, 2014. The COA is a home-rule municipality organized under the Texas Constitution. As ratepayers of the COA River Place Water and Wastewater Systems, we are entitled to the protection of Sec. 13.017 of the Texas Water Code, the effective date of which shall be the date of the PUC's decision on this appeal.

		PRE-10/1/14	10/1/14	11/1/14
WATER	Basic	\$30.00 - \$31.00	\$9.10 - \$9.15	\$9.15 - \$20.25
	0-2,000 gal	\$1.00	\$1.00	\$3.00
	2,001-6,000 gal	\$7.50	\$3.00	\$4.68
	6,001-11,000 gal	\$2.50	\$6.55	\$7.48
	11,001-20,000 gal	\$7.50	\$10.10	\$11.22
WASTEWATER	Basic	\$8.00	\$16.00	\$10.30
	1-10,000 gal	\$2.10	\$12.80	\$4.50
	Over 10,000 gal	\$2.10	\$12.80	\$4.50

As a result, water bills have increased from \$35.00 to \$51.00 in October 2014 and average monthly bills have increased from \$15.70 to \$25.46 in October 2014. We are objecting to the increased COA water and wastewater rates on grounds that increases are not fair, reasonable and the rate increase is not in accordance with Sec. 13.017 of the Texas Water Code. The COA River Place Water and Wastewater Systems. More specifically, Sec. 13.017(b) of the Texas Water Code requires the PUC to set municipal rates at the level that existed before October 1, 2014.
