CITY OF AUSTIN'S ADDITIONAL JURISDICTIONAL ARGUMENT AND EVIDENCE

TO THE HONORABLE ADMINISTRATIVE LAW JUDGES:

NOW COMES the City of Austin, (herein sometimes referred to as "City," "Austin" or "Respondent"), in the above styled and docketed retail water and wastewater rate appeal proceeding and serves this, the City of Austin's Additional Jurisdictional Argument pursuant to Order No. 4. Austin would respectfully show the Administrative Law Judges ("ALJs") as follows:

I. INTRODUCTION AND BACKGROUND

The ALJs convened the first Prehearing Conference in this retail water and wastewater rate on Monday, March 23, 2015. During the Prehearing conference the parties and the ALJs discussed City of Austin's Motion to Dismiss. During the discussion, it became clear that there was confusion and uncertainty regarding the notice received by the Petitioners, the so-called "Ratepayers of the River Place Water and Wastewater Systems," as well as the remaining outside city retail customers of the City of Austin. The parties and the ALJs agreed that additional information and jurisdictional evidence was needed to determine exactly:

1. The notice received by River Place residents from the City of Austin regarding their water and wastewater water rates as of:
 - a. October 1, 2014; and
 - b. November 1, 2014.

2. The notice received by all outside city retail customers of the City of Austin regarding their water and wastewater rates as of:
 - a. October 1, 2014; and
 - b. November 1, 2014.
3. Any other matters related to the jurisdiction of the Public Utility Commission of Texas (“PUC” or “Commission”) and the State Office of Administrative Hearings (“SOAH”) under Texas Water Code, §13.043.

Pursuant to Order No. 4, this Additional Jurisdictional Argument and Evidence provides the response of the City of Austin to the ALJs’ request that such information and argument be provided by April 14, 2015.

II. ADDITIONAL JURISDICTIONAL EVIDENCE

Attached to City of Austin’s Motion to Dismiss is the affidavit of Geneva Guerrero of the Public Information Office of the Austin Water Utility Department, dated February 23, 2015¹. In her Affidavit, Ms. Guerrero swears and subscribes:

On September 8, 2014 the Austin Water Utility Department sent out a letter to each customer acquired from the River Place Municipal Utility District welcoming them as an Austin water customer and notifying them of the current rates in place at that time, as well as the rates that would go into effect on November 1, 2014. A true and correct copy of that letter is attached hereto as Attachment 1. The letter was drafted on September 5, 2014 and the rate schedule was enclosed with each letter. The letters with rate schedule were mailed out on September 8, 2014 to the list of customers on the attached spreadsheet attached hereto as Attachment 2.

A copy of Ms. Guerrero’s affidavit (without the River Place Municipal Utility District resident customer list) is attached hereto as Exhibit “A,” for ease of reference. Ms. Guerrero’s affidavit describes the notice given to the residents of River Place Municipal Utility District (“River Place

MUD”) regarding the City of Austin water and wastewater utility rates effective as of October 1, 2014 and November 1, 2014. The City of Austin sent River Place MUD residents notice of the two rate increases by letter dated September 8, 2014 because, under the *Agreement for Water and Wastewater Service and Operations Management between the City of Austin and the River Place Municipal Utility District; and Amendment to Agreement for Emergency Water Service*, River Place MUD customers were to become City of Austin water and wastewater utility service customers as of October 1, 2014.

At all times before October 1, 2014, residents of River Place MUD were not water and wastewater utility customers and ratepayers of the City of Austin. The City of Austin rates that were in effect on October 1, 2014 for outside city retail customers were adopted by the Austin City Council on September 9, 2013, and took effect on November 1, 2013. *See* Affidavit of Robert Rowan, originally attached to the City’s Motion to Dismiss as Exhibit A², and attached hereto for ease of reference as Exhibit “B.” All *existing* outside city retail customers received notice of the rates that were in effect on October 1, 2014 as of September 30, 2013. *See* the new Affidavit of Ron Bedinghaus, attached to this pleading as Exhibit “C.” A true and correct list of outside city retail customers to whom Austin mailed the September 30, 2013 notice letter is included in the new affidavit of Mr. Bedinghaus, Exhibit “C”, hereto. Because Petitioners were not customers of the City of Austin in September of 2013, they were not sent notice of the rate change that took effect on November 1, 2013 within 60 days of the date of final council action, or by November 8, 2013. Pursuant to Tex. Water Code, Section 13.043(i), the City delivered written notice of the rate change that took effect on November 1, 2013 to “ratepayer[s] eligible to appeal.”

As to the rates effective on November 1, 2014, the City of Austin also provided notice to outside city retail customers other than River Place MUD residents. *See* Affidavit of Ron Bedinghaus³, dated March 16, 2015, attached hereto as Exhibit “D.” Attached to Mr. Bedinghaus’ affidavit is a copy of the notice of the November 1, 2014 rate change given by the

City of Austin to this group of outside city retail customers on September 26, 2014. A true and correct list of outside city retail customers to whom Austin mailed the September 26, 2014 notice letter is included in the new affidavit of Mr. Bedinghaus, attached hereto as Exhibit "D."

III. ADDITIONAL JURISDICTIONAL ARGUMENT

Petitioners argue that the Commission and SOAH have jurisdiction, and the Petition is sufficient on the following bases:

- (1) The Commission can take jurisdiction to hear an appeal of any self-selected class of ratepayers of a municipally owned utility that resides outside the corporate limits of the municipality;
- (2) The date of the River Place MUD residents' became ratepayers of the City of Austin is the date which gives rise to a right of appeal, not the date of action by the governing body;
- (3) The River Place MUD residents are 10 percent of the "those ratepayers whose rates have been changed as of October 1, 2014" because that is the contractual date by which they became City of Austin retail customers; and
- (4) The City of Austin notice to Petitioners of the October 1, 2014 water and wastewater rates was inadequate, and the inadequate notice "nullifies" both the October 1, 2014 and the November 1, 2014 rates, therefore those rates cannot be considered "just and reasonable."

Ultimately, Petitioners argue that as users of a "stand alone" water and wastewater system, they are entitled to special consideration and are not required to satisfy the requirements of Texas Water Code §13.043(b) or (c) regarding eligibility to appeal and a valid petition.

Because there is no basis in law for any of the above arguments raised by Petitioners, Austin urges SOAH to follow the plain meaning of the Texas Water Code and deny the Petition for failure to meet the minimum requirements specified by the Texas Legislature in Texas Water Code, Section 13.043.

A. Petitioners failed to obtain the minimum number of signatures to perfect an appeal.

The Original Petition of the so-called "Ratepayers of the River Place Water and Wastewater Systems" ("Petition"), filed on December 22, 2014, should be dismissed because the

Petition does not meet the jurisdictional criteria established under Texas Water Code, Section 13.043. Specifically, Petitioners do not meet the requirement set forth in subsection (c) which states:

An appeal under Subsection (b) must be initiated by filing a petition for review with the utility commission and the entity providing service within 90 days after the effective day of the rate change or, if appealing under Subdivision (b)(2) or (5), within 90 days after the date on which the governing body of the municipality or affected county makes a final decision. The petition must be signed by the lesser of 10,000 or 10 percent of those ratepayers whose rates have been changed and who are eligible to appeal under Subsection (b).

[Emphasis supplied.]

It is undisputed that the Petition contains the signatures of 359 of the residents of River Place MUD. It is also undisputed that the total number of city retail customers who reside outside the corporate limits of Austin who are eligible to appeal (including the customers acquired from the River Place MUD) is as follows:

Water ratepayers: 11,240 (10% would require at least 1,240 signatures); and

Wastewater ratepayers: 5,109 (10% would require at least 511 signatures).

Consequently, the Petition does not meet the requirement of the signatures of 10,000 or 10 percent of those ratepayers whose rates have been changed and who are eligible to appeal under Subsection [13.043] (b).

B. Sufficiency of Notice provided by the City of Austin

The City was not required to provide notice to Petitioners regarding the November 1, 2013 rate change. Specifically, the notice requirements for municipalities regarding rate changes are as follows:

- (i) The governing body of a municipally owned utility or a political subdivision, within 60 days after the date of a final decision on a rate change, shall provide

individual written notice to each ratepayer eligible to appeal who resides outside the boundaries of the municipality or the political subdivision. *The notice must include, at a minimum, the effective date of the new rates, the new rates, and the location where additional information on rates can be obtained.* The governing body of a municipally owned utility or a political subdivision may provide the notice electronically if the utility or political subdivision has access to a ratepayer's e-mail address.

(emphasis added) Texas Water Code §13.043(i). The Texas Legislature specified: which persons the City must notify; when the notice must be issued; and what facts must be included in the notice. *Id.* The notice issued by the City of Austin for both the November 1, 2013 rate change⁴ and November 1, 2014 rate change satisfies each of the Water Code requirements, as set out below.

	October 1, 2014 Water Rates	October 1, 2014 Wastewater Rates	November 1, 2014 Water Rates	November 1, 2014 Wastewater Rates
Date of final City Council action	September 9, 2013	September 9, 2013	September 8, 2013	September 8, 2013
60 Days from Date of final City Council action	November 8, 2013	November 8, 2013	November 7, 2014	November 7, 2014
Date of City of Austin Notice	September 30, 2013; and September 8, 2014	September 30, 2013; and September 8, 2014	September 8, 2014; and September 26, 2014	September 8, 2014; and September 26, 2014
Persons receiving City of Austin Notice by 11/8/2013	Each ratepayer <u>eligible to appeal</u> who resides outside the boundaries of the municipality or the political subdivision, which did not include residents of River Place MUD, who were not ratepayers of the City of Austin and not eligible to appeal.

⁴ The rates that were in effect on October 1, 2014 were adopted by the City on September 9, 2013 and effective November 1, 2013. See Affidavit of Robert Rowan (attached to the City's Motion to Dismiss as Exhibit A).

City of Austin Notice by 9/26/2014	municipality or the political subdivision, which included residents of River Place MUD who were ratepayers of the City of Austin as of October 1, 2014.
Contents of River Place MUD Residents' Notice	Letter from Greg Meszaros, Director, Austin Water dated September 5, 2014: 1. Welcoming as new Austin Water customers and date of transition to Austin Water to "occur on October 1, 2014 at 12:01 a.m." stating "the water and wastewater rates that will apply to your bills are shown on the following page." 2. The effective dates of the water and wastewater rates: Oct 2014 and Nov 2014; 3. The new water and wastewater rates as of October 1, 2014 and November 1, 2014 (including a comparison to existing River Place MUD rates); and 4. Where to get additional information.
Contents of other Outside City Residents' Notice	Effective Date of water rates - November 1, 2014; Water rate schedule of charges; Effective Date of wastewater rates - November 1, 2014; Wastewater rate schedule of charges; Directions to the Austin Water Utility Website for additional information.

There is simply no legitimate argument that Petitioners were entitled to 60 days' notice from Austin of the City Council action changing water and wastewater retail rates to be effective from and after November 1, 2013; Petitioners were not ratepayers of Austin, they were not eligible to appeal. Likewise, there is simply no basis for Petitioners' argument that by not receiving notice of the November 1, 2013 rate change, Petitioners now have some extra-statutory right to appeal. The Texas Legislature simply did not provide for an appeal of the actions of River Place MUD and the City of Austin under the facts of this case where these water and wastewater customers were not transferred from River Place MUD to Austin Water Utility until well after the time period for filing an appeal of the Fiscal Year 2014 water and wastewater rates had passed.

As to the November 1, 2014 rate increase, Petitioners completely fail to meet the minimum statutory requirements of section 13.043(c) of the Texas Water Code, which states:

The petition must be signed by the lesser of 10,000 or 10 percent of those ratepayers whose rates have been changed and who are eligible to appeal under Subsection (b).

It is undisputed that the City provided notice of the November 1, 2014 rate change to Petitioners on September 8, 2014 as shown on Exhibit "A," and, further that the City provided notice of the November 1, 2014 rate change to water and wastewater customers residing outside the City's corporate limits on September 26, 2014 as shown on Exhibit "C." It is also undisputed that the notice provided contained the effective date of the new rates, the new rates, and the location where additional information may be obtained – the very information required by section 13.043(i) of the Water Code. And finally, it is undisputed that Petitioners did not obtain the signatures of 10,000 or 10% of the ratepayers whose rates have been changed, effective November 1, 2014. There were 11,240 water customers and 5,109 wastewater customers residing outside the corporate limits of the City of Austin who were eligible to appeal the City's rates on November 1, 2014. *See* Affidavit of Robert Rowan. The 359 signatories to the Petition do not satisfy the requirements of ratepayers whose rates have been changed and who are eligible to appeal under section 13.043(b) of the Texas Water Code.

IV. REQUESTED RELIEF

For the reasons set forth herein, the City of Austin respectfully requests that the Public Utility Commission and the State Office of Administrative Hearings dismiss the Petition with prejudice for lack of jurisdiction under Texas Water Code §13.043. Austin requests such other and further relief to which it shows itself entitled.

Respectfully submitted,

COUNTY OF TRAVIS §

BEFORE ME, the undersigned authority, on this day personally appeared the undersigned affiant, who, being by me duly sworn, upon her oath stated:

"My name is Geneva Guerrero. I am employed in the Public Information Office of the Austin Water Utility Department. I am over eighteen (18) years of age and I reside in Travis County. I am of sound mind, capable of making this affidavit, fully competent to testify to the matters stated herein. I have personal knowledge of each of the matters stated herein. These matters stated herein are true and correct.

On September 8, 2014 the Austin Water Utility Department sent out a letter to each customer acquired from the River Place Municipal Utility District welcoming them as an Austin Water customer and notifying them of the current rates in place at that time, as well as the rates that would go into effect on November 1, 2014. A true and correct copy of that letter is attached hereto as Attachment 1. The letter was drafted on September 5, 2014 and the rate schedule was enclosed with each letter. The letters with rate schedule were mailed out on September 8, 2014 to the list of customers on the attached spreadsheet attached hereto as Attachment 2.

Attachment 1
to Exhibit A

September 5, 2014

Dear New Austin Water Customer:

I would like to take this opportunity to welcome you as a new Austin Water customer. The water professionals at Austin Water have been providing water services for more than 100 years. We want you, our new customers, to know Austin Water employees will work hard every day to deliver services to you in the most affordable, efficient and environmentally sound way possible.

An open house will be held on September 22, 2014 from 6:00 p.m. – 8:00 p.m. at the River Place Country Club, 4207 River Place Blvd., Austin, TX 78730. We encourage you to attend this open house as important information about the transition will be available and staff will be on hand to answer any questions.

River Place MUD will be full purpose annexed on December 27, 2017.

The actual transition to City of Austin retail water and wastewater service will occur on October 1, 2014 at 12:01 a.m. The final water and wastewater bill from River Place MUD will be mailed to customers on October 3, 2014; this bill will be for water and wastewater service from September 2, 2014 through September 30, 2014. This final bill needs to be paid to River Place MUD to close out each customer's account with them.

The first City of Austin bill will be a partial bill to correspond with your specific billing cycle and read date. Your new water and wastewater service will appear on your existing electric account since you are currently a customer of Austin Energy. You should receive this bill by the end of October 2014. The water and wastewater rates that will apply to your bills are shown on the following page.

As you may know, Central Texas is in a severe and ongoing drought. Austin Water is currently under Stage 2 drought restrictions in response to this situation, limiting watering to no more than once per week at specific hours. Information is attached to help you find your correct watering day and time. As an Austin Water customer, you are eligible to participate in conservation programs to help reduce your water bill and conserve during the drought, including free irrigation system evaluations, rebates for rainwater harvesting, and incentives to convert lawns to drought-tolerant landscapes. Please visit www.waterwiseaustin.org for more information or you may call the number shown on the following page.

The City of Austin is committed to providing a smooth transition to Austin Water. On the following page are helpful telephone numbers for you to have if you should need to contact us for any water and wastewater related questions or issues.

Exhibit B

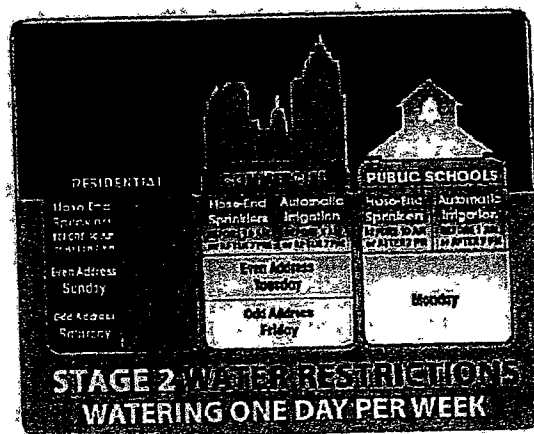

For any water and wastewater issues prior to October 1, 2014, you should contact River Place MUD at (512) 246-0498. Effective October 1, 2014, any water and wastewater concerns should be directed to the City of Austin telephone numbers listed below.

Again, I want to welcome you as a new Austin Water customer and look forward to a long and positive relationship.

Sincerely,

 Greg Meszaros - Director

AFFIDAVIT OF RON BEDINGHAUS

STATE OF TEXAS	§
	§
	§
COUNTY OF TRAVIS	§

BEFORE ME, the undersigned authority on this day personally appeared the undersigned affiant, who, being by me duly sworn, upon his oath stated:

"My name is Ron Bedinghaus. I am over 18 years of age and I reside in Travis County, Texas. I am of sound mind, capable of making this affidavit, fully competent to testify to the matters stated herein. I have personal knowledge of each of the matters stated herein. The matters stated herein are true and correct.

1. I have been employed by the City of Austin Water Utilities Department since April, 2007. My current job title is Utility Financial Analyst Senior. My immediate supervisor is Robert Rowan, Utility Financial Manager for Austin Water Utility Department.
2. The Austin City Council took action and adopted by Ordinance No. 20140908-003 water and wastewater rates to be effective beginning on November 1, 2013, on September 9, 2013.
3. Notice of the November 1, 2013 water and wastewater rates was sent to existing outside City retail customers by letter dated September 30, 2013. A copy of the list of outside City limits retail customers who received notice of the November 2013 water and wastewater rates is attached to this affidavit as Attachment "1."

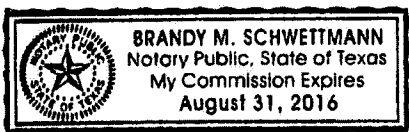

4. Residents of River Place Municipal Utility District were not customers of the City of Austin for water and wastewater utility service on September 30, 2013 and did not receive notice of the water and wastewater rates effective on November 1, 2013.
5. The water and wastewater rates which became effective on November 1, 2013, continued in effect until October 31, 2014.
6. Residents of River Place Municipal Utility District became customers of the City of Austin as described in the February 19, 2015 Affidavit of Robert Rowan, which was attached as Exhibit A to City of Austin's Motion to Dismiss. As Mr. Rowan states in his affidavit, pursuant to the September 7, 2009 *Agreement for Water and Wastewater Service and Operation Management of Facilities between the City of Austin and River Place Municipal Utility District; and Amendment to Agreement for Emergency Water Service*, River Place MUD was annexed for limited purposes, and residents of River Place MUD would become City of Austin water and wastewater utility customers effective October 1, 2014.
7. Residents of River Place MUD received notice of the water and wastewater rates effective October 1, 2014 and November 1, 2014 by letter dated September 5, 2014 and mailed on September 8, 2014 in accordance with the Affidavit of Geneva Guerrero dated February 19, 2015.
8. Other outside City limits retail customers received notice of the water and wastewater rates effective November 1, 2014 by letter dated September 10, 2014 which was attached to the March 16, 2015 Affidavit of Ron Bedinghaus. A copy of the list of outside City limits retail customers is attached to this affidavit as Attachment "2."
9. All City of Austin outside city limits retail customers received notice by letter mailed to the retail service address of the October 1, 2014 and the November 1, 2014 water and wastewater rates of the City of Austin.

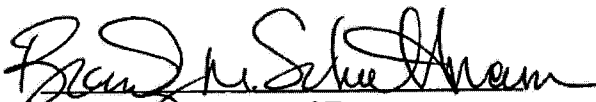

Affiant says nothing further.

Ron Bedinghaus, Affiant
