On behalf of the City of Three Rivers and in response to the staff comments of April 17, 2015 to our letter dated February 25, 2015 to PUC, attached are ten (10) copies each of the following:

1. A "General Location Map" (small scale) showing only the proposed water service area.
2. A large scale map delineating only the proposed water service area with enough detail to accurately locate the service area in the vicinity of surrounding roads, streets, and highways labeled "Notice of Proposed Service Area" (large scale).
3. A scaled map showing request for water service from property owners located within the proposed water service area labeled "Request for Water Services".
4. All maps now show the corrected acreage of 3,396 acres.
5. All maps are titled with Utility Name and the CCN No.

Sincerely,
