RE: Docket No. 44029 - Application of the City of Garrett for a Certificate of Convenience and Necessity (CCN) to Dually Certify the Certificate Rights Held by Community Water Systems in Ellis County (37969-C) – Motion to Withdraw

We are requesting a motion to withdraw the application in Docket No. 44029. Community Water Company is planning improvements to better serve the CCN and a dual certification is no longer needed.

We have discussed the motion to withdraw with city staff and city staff does not oppose.

Sincerely,

Paul A. Carline, P.E.
