Certificate of Convenience and Necessity (CCN) No. 12685, in Hunt and Kerr Counties;
Application No. 37639-R

CN: 602147563; RN: 102690781

Dear Mr. Smith:

Your surcharge request for Canyon Springs Water Works, PWS No. 1330006, received on June 21, 2013, for LCRA lab testing fees amounting to \$2,564.00 was accepted for filing by the Texas Commission on Environmental Quality on July 16, 2013. Pursuant to 30 TAC 291.21(k)(2) of the Commission's Rules, a \$0.94 per customer per month surcharge is approved for a fourteen (14) month period for Canyon Springs Water Works, PWS No. 1330006. The utility cannot charge this surcharge for more than fourteen (14) months and should cease charging the surcharge if the outlay for the charges, \$2,564.00, is recouped in a shorter period due to increases in customer connections.

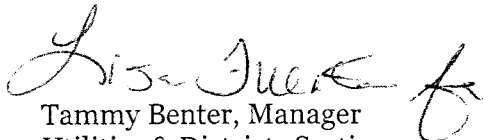

Please attach this letter to your approved tariff as authorization to charge the surcharge.

Pursuant to 30 TAC 291.21(k)(2) of the Commission's Rules, the first bill sent out that includes this surcharge should include a short statement such as the following:

"The sampling surcharge has been approved by the TCEQ to cover fees incurred by the utility and is required by the Safe Drinking Water Act."

The surcharge must be listed separately on each monthly bill. If you have any questions, please contact Mr. Fred Bednarski III at (512) 239-4758, by email at fred.bednarski@tceq.texas.gov or if by correspondence, include MC 153 in the letterhead address below.
