OATH

I, David Coleman, P.E., being duly sworn, file this form as Water / Wastewater Division Manager (indicate relationship to applicant, that is, owner, member of partnership, title of officer of corporation, or other authorized representative of applicant); that in such capacity, I am qualified and authorized to file and verify such form, am personally familiar with the notices given with this application, and have complied with all notice requirements in the application and application acceptance letter; and that all such statements made and matters set for therein are true and correct.

David Coleman

Applicant's Authorized Representative

If the applicant to this form is any person other than the sole owner, partner, officer of the applicant, or its attorney a properly verified Power of Attorney must be enclosed.

Subscribed and sworn to before me this 23rd day of November, 2005, to certify which witness my hand and seal of office.

COLLEGE STATION, TX 77843-1731

RE: City of College Station Application to Amend Certificate of Convenience and Necessity (CCN) No. 20126 in Brazos County; Application No. 35107-C

Dear Mr. Jones:

The City of College Station has filed an application with the Texas Commission on Environmental Quality to amend its wastewater certificated area (Wastewater CCN No. 20126) in Brazos County. The application has been assigned Application No. 35107-C.

College Station Utilities sent notice of this application to landowners and utilities providing the same service within the requested area on October 21, 2005. Since the initial letters were sent out, College Station Utilities has discovered that the acreage figure in the initial notice was incorrect. The correct figure for the acreage of the requested CCN area is 60,167 acres, not 60.167 acres.

Please find enclosed a corrected Notice of Application for CCN to Provide Wastewater Utility Service in Brazos County.

If you have any questions please feel free to contact Karl Goldapp at (979) 764-3659 or e-mail kgoldapp@cstx.gov.

Sincerely,

David Coleman

David M. Coleman, P.E.
Water / Wastewater Division Manager

Enclosures:

1. Notice of Application for CCN to Provide Wastewater Service

NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE AND NECESSITY (CCN)
TO PROVIDE WATER/SEWER UTILITY SERVICE IN **Brazos** COUNTY (IES)

To: TEXAS A&M UNIVERSITY Physical Plant _____ Date Notice Mailed: November 23, 2005
(Neighboring System or City)
1731 TAMU
(Address)
COLLEGE STATION TX 77843-1731
(City State Zip)

The City of College Station has filed an application for a CCN / to amend CCN No 20126/ and to decertify a portion(s) of N/A (Name of Decertified Utility) with the Texas Commission on Environmental Quality to provide sewer utility service in **Brazos** County(ies).

The proposed utility service area is located approximately 3.78 miles east and west and 9.47 miles south [direction] of downtown College Station City Hall, [City or Town] Texas, and is generally bounded on the north by Bryan/College Station Extra Territorial Jurisdiction and Brazos River (northwest boundary); on the east by the Navasota River (northeast boundary); on the south by College Station Independent School District (southeast boundary); and on the west by the Brazos River (northwest and southwest boundary).
See enclosed map of the proposed service area.

The total area being requested includes approximately 60,167 acres and no current City of College Station wastewater current customers.

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:
Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

1. Notice of Application for CCN to Provide Wastewater Service

Notice to Neighboring System, Cities and Landowners

NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE AND NECESSITY (CCN)
TO PROVIDE WATER/SEWER UTILITY SERVICE IN **Brazos** COUNTY (IES)

To: RIVER OAKS PARK WWTP _____ Date Notice Mailed: November 23, 2005
(Neighboring System or City)
P.O. Box 126 _____
(Address)
WELLBORN TX 77842 _____
(City State Zip)

The City of College Station has filed an application for a CCN / to amend CCN No **20126**/ and to decertify a portion(s) of N/A (Name of Decertificated Utility) with the Texas Commission on Environmental Quality to provide **sewer** utility service in **Brazos** County(ies).

The proposed utility service area is located approximately **3.78** miles **east and west and 9.47 miles south** [direction] of downtown **College Station City Hall**, [City or Town] Texas, and is generally bounded on the north by **Bryan/College Station Extra Territorial Jurisdiction and Brazos River (northwest boundary)**; on the east by **the Navasota River (northeast boundary)**; on the south by **College Station Independent School District (southeast boundary)**; and on the west by **the Brazos River (northwest and southwest boundary)**.
See enclosed map of the proposed service area.

The total area being requested includes approximately **60,167** acres and **no current City of College Station wastewater** current customers.

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

RE: City of College Station Application to Amend Certificate of Convenience and Necessity (CCN) No. 20126 in Brazos County; Application No. 35107-C

To Whom It May Concern:

The City of College Station has filed an application with the Texas Commission on Environmental Quality to amend its wastewater certificated area (Wastewater CCN No. 20126) in Brazos County. The application has been assigned Application No. 35107-C.

College Station Utilities sent notice of this application to landowners and utilities providing the same service within the requested area on October 21, 2005. Since the initial letters were sent out, College Station Utilities has discovered that the acreage figure in the initial notice was incorrect. The correct figure for the acreage of the requested CCN area is 60,167 acres, not 60.167 acres.

Please find enclosed a corrected Notice of Application for CCN to Provide Wastewater Utility Service in Brazos County.

If you have any questions please feel free to contact Karl Goldapp at (979) 764-3659 or e-mail kgoldapp@cstx.gov.

Sincerely,

David Coleman

Re: Application from the City of College Station to Amend Certificate of Convenience and Necessity (CCN) No. 20126 in Brazos County; Application No. 35107-C

Dear Ms Blaschke:

The purpose of this letter is to respond to your November 17, 2005 letter to me regarding the City of College Station's application to amend its sewer CCN. I received the letter on November 23, 2005 and it provides for a response deadline of November 25, 2005. The November 17, 2005 letter concludes that to date the TCEQ staff has not received information necessary to proceed with the City's application. As explained below, this conclusion is incorrect. Specifically you indicate that the following items are still needed:

- a) an original and three copies of a publisher's affidavit of the newspaper publication with tear sheets of the published notice attached;
- b) four copies of each individual notice and map sent to neighboring utilities and affected parties;
- c) one copy of the landowner notice and map sent to each landowner; and
- d) an original and three copies of the signed affidavits that individual notice to neighboring utilities, affected individuals and each landowner has been given.

The City of College Station transmitted these items to TCEQ via Federal Express for arrival on October 28, 2005. Federal Express records indicate the items were received by TCEQ on October 28, 2005 and that "L. Mercer" signed for the information.

I spoke with you on the telephone on November 2, 2005. You indicated that the TCEQ had indeed received the information on October 28, 2005 but that you had not received the packed through interoffice mail until November 1, 2005.

Ms. Karen Blaschke
November 23, 2005
Page 2

During the November 2, 2005 telephone conversation we also discussed an error in the acreage number that was sent to individual landowners. The acreage was corrected and new notice mailed to landowners on November 4, 2005. College Station will send to you today for delivery on Friday, November 25, 2005, the corrected landowner notice and affidavit.

Please confirm that TCEQ has indeed received the required information as you indicated to me on November 2, 2005. Alternatively, College Station asks for an extension of the November 25, 2005 deadline if TCEQ has not received all the required information so that the City can retransmit all the information to you.

Sincerely,

William D. Dugat III

FINAL NOTICE OF DEFICIENCY

Re: Application from the City of College Station to Amend Certificate of Convenience and Necessity (CCN) No. 20126 in Brazos County; Application No. 35107-C

CN: 600732598; RN: 101411239

Dear Mr. Dugat:

To date we have not received the required information necessary to proceed with the City of College Station's application.

As stated in our letter dated September 23, 2005, the next step towards having your application accepted is to provide the **revised** public notices without delay. The notice to the public must be published once each week for two (2) consecutive weeks in a newspaper of general circulation in Brazos County. It is the responsibility of the applicant to provide correct notice of the application to any utilities within two (2) miles of your proposed service area, any city with an extraterritorial jurisdiction which overlaps the proposed service area or other affected parties in your requested area. **You will also be required to provide mailed notice to all landowners included in your proposed CCN area pursuant to commission order dated October 21, 2004. The landowner information may be obtained from the county appraisal district tax rolls for the county or counties in which the proposed CCN lies.** Check the notices carefully before mailing or publishing.

As proof that notice was provided, you are required to send us the following:

- a) an original and three copies of a publisher's affidavit of the newspaper publication with tear sheets of the published notice attached;
- b) four copies of each individual notice and map sent to neighboring utilities and affected parties;
- c) one copy of the landowner notice and map sent to each landowner; and
- d) an original and three copies of the signed affidavits that individual notice to neighboring utilities, affected individuals and each landowner has been given. (Copies of the Affidavit forms are enclosed with this letter.)

November 17, 2005

Include a location map delineating the proposed service area with your individual notices to neighboring utilities, other affected parties and each landowner.

In addition to the notice requirements the following information is also necessary to proceed with your application:

- a) Provide copies of any additional letters of intent from developers, landowner requests, applications for service or a combination of the above to justify the need for sewer service in the requested area.
- b) Your application has received a preliminary review of your financial and managerial capability to provide service to the requested area. Please provide a copy of your September 30, 2004 fiscal year-end audit. You may be asked for additional information after a comprehensive review.
- c) You will also be required to provide landowners consent for all proposed area located outside the City of College Station's current extraterritorial jurisdiction.

These items must be completed and returned by **November 25, 2005**. Processing of this application cannot proceed until the close of the 30 day public comment period which begins after all the required notices have been given. If we do not receive the requested information by this date, your application will be returned for failure to prosecute.

If you have any questions, please contact Ms. Karen Blaschke at 512/239-6932, or if by correspondence, include Mail Code 153 in the letterhead address.

Sincerely,

Michelle Abrams, Team Leader
Utilities & Districts Section

Dear Ms. Abrams:

Enclosed please find proof of notification of College Station's application to amend its Wastewater CCN No. 20126. Newspaper notice was published October 19 and 26, 2005. Notification packets including a cover letter, notice form, and map of affected area were mailed to neighboring utilities, affected parties, and landowners on October 25, 2005. The following information is attached for your review:

- 1) Publisher's affidavit of the newspaper publication and tear sheets of the published notice
 - original and three copies
- 2) Individual notice and map delineating the proposed service area sent to neighboring utilities and other affected parties
 - four copies of each notice and map sent to each party
- 3) Individual notice and map delineating the proposed service area sent to each landowner
 - one copy of notice and map
- 4) Signed affidavits that individual notice has been given to neighboring utilities, affected individuals and each landowner
 - original and three copies
- 5) September 30, 2004 fiscal year-end audit
 - Fiscal Year 2004 Comprehensive Annual Financial Report (auditor's report attached in hard copy and full report provided on CD).

If you have any questions please contact Jennifer Douglass Nations at (979) 764-6223 or e-mail jnations@cstx.gov.

Respectfully Submitted,

David Coleman

Notice for Publication

NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE
AND NECESSITY (CCN) TO PROVIDE WATER/SEWER
UTILITY SERVICE IN Brazos COUNTY(IES)

The City of College Station

Name of Applicant

_____ has filed an application for a CCN / to
amend CCN No 20126 / and to decertify a portion(s) of N/A (Name of Decertificated Utility) with the
Texas Natural Resource Conservation Commission to provide sewer (specify 1) ~~water~~ or 2) ~~sewer~~ or 3)
~~water & sewer~~ utility service in Brazos County(ies).

The proposed utility service area is located approximately 3.78 miles east and west and 9.47 miles south
[direction] of downtown College Station City Hall, [City or Town] Texas, and is generally bounded
on the north by Bryan/College Station Extra Territorial Jurisdiction and Brazos River
(northwest boundary);

on the east by the Navasota River (northeast boundary);

on the south by College Station Independent School District limit (southeast boundary); and

on the west by the Brazos River (northwest and southwest boundary).

The total area being requested includes approximately 60,167 acres and no current City of College
Station wastewater current customers.

A copy of the proposed service area map is available at: (Utility Address and Phone Number

College Station Utilities 1601 Graham Road College Station, TX 77845 / 979-764-3660

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and
daytime telephone number; (2) the applicant's name, application number or another recognizable reference to
this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the
persons you represent, would be adversely affected by the granting of the application for a CCN; and (5)
your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to
withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a
legally sufficient hearing request is received or if the Commission on its own motion requests a hearing.
Only those individuals who submit a written hearing request or a written request to be notified if a hearing is
set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the
application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached
and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final
decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district
court.

Si desea informacion en Espanol, puede llamar al 1-800-687-4040.

In addition to the notice requirements the following information is also necessary to proceed with your application:

- a) Provide copies of any additional letters of intent from developers, landowner requests, applications for service or a combination of the above to justify the need for sewer service in the requested area.
- b) Your application has received a preliminary review of your financial and managerial capability to provide service to the requested area. Please provide a copy of your September 30, 2004 fiscal year-end audit. You may be asked for additional information after a comprehensive review.
- c) You will also be required to provide landowners consent for all proposed area located outside the City of College Station's current extraterritorial jurisdiction.

These items must be completed and returned by **October 28, 2005**. Processing of this application cannot proceed until the close of the 30 day public comment period which begins after all the required notices have been given. If we do not receive the requested information by this date, your application will be returned for failure to prosecute.

If you have any questions, please contact Ms. Karen Blaschke at 512/239-6932, or if by correspondence, include Mail Code 153 in the letterhead address.

Sincerely,

Michelle Abrams, Team Leader
Utilities & Districts Section

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

September 23, 2005

Mr. William D. Dugat III
Bickerstaff, Heath, Smiley, Pollan, Kever & McDaniel, LLP
816 Congress Avenue, Suite 1700
Austin, Texas 78701

Re: Application from the City of College Station to Amend Certificate of Convenience and Necessity (CCN) No. 20126 in Brazos County; Application No. 35107-C

CN: 600732598; RN: 101411239

Dear Mr. Dugat:

Your CCN application for the City of College Station, received on September 8, 2005, has been assigned Application No. 35107-C, but has not been accepted for filing. Please refer to this number in future correspondence.

The next step towards having your application accepted is to provide the **revised** public notices without delay. The notice to the public must be published once each week for two (2) consecutive weeks in a newspaper of general circulation in Brazos County. It is the responsibility of the applicant to provide correct notice of the application to any utilities within two (2) miles of your proposed service area, any city with an extraterritorial jurisdiction which overlaps the proposed service area or other affected parties in your requested area. You will also be required to provide mailed notice to all landowners included in your proposed CCN area pursuant to commission order dated October 21, 2004. The landowner information may be obtained from the county appraisal district tax rolls for the county or counties in which the proposed CCN lies. Check the notices carefully before mailing or publishing.

As proof that notice was provided, you are required to send us the following:

- a) an original and three copies of a publisher's affidavit of the newspaper publication with tear sheets of the published notice attached;
- b) four copies of each individual notice and map sent to neighboring utilities and affected parties;
- c) one copy of the landowner notice and map sent to each landowner; and
- d) an original and three copies of the signed affidavits that individual notice to neighboring utilities, affected individuals and each landowner has been given. (Copies of the Affidavit forms are enclosed with this letter.)

Include a location map delineating the proposed service area with your individual notices to neighboring utilities, other affected parties and each landowner.

Comprehensive Annual Financial Report ("CAFR") for the Fiscal Year ended September 30, 2003. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of College Station has received a Certificate of Achievement for twenty-two out of the last twenty-three years. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Responsibility for Financial Reporting

The City's Senior Management, including the City Manager, Assistant City Manager, and Finance and Strategic Planning Director, accept the responsibility for the accuracy, integrity, consistency, and reliability of the financial statements. They also acknowledge their responsibility for assuring the continuous monitoring of the City's system of internal controls for compliance in order to prevent misappropriation of assets and fraudulent financial reporting. Additionally, they confirm their commitment to fostering a strong ethical climate and communicating those standards to employees through personnel rules, administrative regulations, and City law.

Acknowledgement

The preparation of this report could not have been accomplished without the efforts and dedicated services of the entire staff of the Fiscal Services Department. Appreciation is also expressed to City employees throughout the organization, especially those employees who were instrumental in the successful completion of this report.

Acknowledgement is also given to the representatives of Ingram, Wallis & Company for their invaluable assistance in producing the final product.

Our appreciation is also extended to the Mayor and City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Thomas E. Brymer
City Manager

Glenn Brown
Assistant City Manager

Jeff Kersten
Finance and Strategic Planning Director

City's new website was formally unveiled and was an immediate success with its user friendly format and continuously updated information.

Capital Planning

The citizens of the City approved general obligation bond proposals totaling approximately \$38.4 million in November 2003. The first portion of this bond authorization totaling \$6,105,000 was issued in 2004. It is anticipated that the various street, traffic safety, public buildings, parks and fire station projects funded by these bonds will be built over the next five years. The City has gone to the voters three times in the last ten years with successful general obligation bond proposals. Among the more ambitious projects planned is a City Centre that will eventually group most City departments in a campus-like setting. The site is between the Police Station and Central Park abutting Texas Avenue on the West, Earl Rudder Freeway on the East and Krenek Tap Road on the North. It is projected that the City will be able to make the improvements without increasing the ad valorem tax rate for the capital portion of these projects.

Planning in the various utilities provides for an anticipated investment of \$113 million over the next five years. The funds will be used to provide electric line extensions, transmission enhancements, substations, new customer connections, and replacements of existing facilities. The water utility will replace lines in older neighborhoods, add new transmission and distribution lines, provide for a looped system, add new wells, and continue a project to add transmission capacity from the well field to the City. Wastewater projects include sewer outfall lines, line extensions for annexed areas and new services, and treatment plant improvements. Relatively small rate increases are anticipated for the water and wastewater utilities over the next five years to keep up with the additional capital requirements.

Cash Management

The City awards its depository contract through official bidding procedures for a two-year period with the provision for up to three one-year extensions. The City is planning to issue a request for applications for a new contract during 2005. The current depository contract with First American Bank SSB expires October 1, 2005.

Temporarily idle cash for all funds is invested by City officials in securities as allowed by Texas Statutes and the City's investment policy. The average balance of the City's investment portfolio for fiscal year 2004 was approximately \$128,621,623. The overall portfolio produced total interest earnings of \$2,805,108 which represents a decrease of \$462,570 from fiscal year 2003, due to lower interest rates resulting in part from the economic slowdown and the Federal Open Market Committee's attempt to stimulate the economy.

The City's bank depository agreement requires that all demand deposits and time deposits are secured by pledged collateral with a market value equal to no less than 102 percent of the deposits, less \$100,000 which is insured by the Federal Deposit Insurance Corporation. Evidence of the pledged collateral is maintained by the Fiscal Services Department and a third party financial institution. Collateral is reviewed monthly to assure the market value of the securities pledged equals or exceeds the related bank balances. Assets pledged to the City by its depository are held by the Federal Home Loan Bank, Dallas, Texas, pursuant to a separate Custody Account Agreement.

Investment securities purchased for the City, except investments in pooled funds and mutual funds, are on a delivery versus payment basis. That is, funds are not wired or paid until verification has been made that the correct security has been received by the custodian. Securities are held in a custody account in the City's name. The original copy of all safekeeping statements is delivered to the City. J.P. Morgan Chase has been designated as the City's safekeeping and custodian bank.

All internal accounting control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

The annual budget serves as the foundation for the City's financial planning and control. The City Charter provides that the City Manager will submit a proposed budget to the City Council between 30 and 90 days prior to the end of the fiscal year. The City's budget is prepared by function, fund and department. The City Council is required to hold a public hearing on the proposed budget and to adopt a budget no later than the 27th day of the last month of the fiscal year. The City's fiscal year begins on October 1 and ends on September 30. Controls of budgetary spending are at the department level within the City's General Fund and at the individual fund appropriation in all other funds. The City Council must authorize transfers between General Fund departments and all increases in total spending in any fund.

The City's departments have direct access to review budgets as often as necessary. Monthly closing reports are prepared and reviewed by management showing revenues, expenditures, and balance sheets. Summarized financial reports and budget reports are provided to the City Council on a quarterly basis.

FACTORS AFFECTING FINANCIAL CONDITION

Economic Conditions

College Station's economic outlook is positive. College Station did not experience the full effect of the national and state economic slowdown over the past several years. The area is somewhat immune due to a concentration of stable and even-growing employment sectors such as government, higher education and health care.

College Station continues to enjoy one of the lowest unemployment rates in the state. At the end of 2004 the Brazos County unemployment rate was 2.0 percent. Slow but steady job growth also occurred adding approximately 2.8 percent to non-farm payrolls in 2004.

Many parts of the state and nation experienced reductions in various types of tax revenue. Sales taxes were down in the State of Texas in 2002 and 2003, the first time since the sales tax was instituted in Texas. In 2004 state sales tax revenues were up by 7.9%. Sales tax collections in College Station continued to grow through those two years of economic turmoil, and saw significant growth in fiscal year 2004. College Station's sales taxes were up in fiscal year 2004 by 8.5 percent over fiscal year 2003 to \$14,957,697.

College Station continues to see significant growth in housing and commercial development. There were 549 new housing starts during 2004, somewhat fewer than in 2003 but well ahead of the average number of new housing starts over the last ten years. Total ad valorem assessed valuation increased by approximately \$305 million or approximately 11.2 percent for fiscal year 2004 over fiscal year 2003. Commercial development continued to be strong with both new and redevelopment. Several new commercial businesses opened in College Station in 2004, and several new hotels were under construction in 2004. The University Drive corridor continued to have a significant amount of new businesses and increased traffic.

One major asset of the City of College Station is that it is the home of Texas A & M University ("TAMU"). TAMU is located on an approximately 5,200 acre campus within the City. TAMU has a significant economic impact on the City, contributing an estimated \$784 million annually to the local economy. TAMU has consistently ranked among the top 50 universities in the United States. Each year, TAMU's

CITY OF COLLEGE STATION
the heart of the Research Valley

April 28, 2005

Honorable Mayor, Members of the City Council
Citizens of the City of College Station, Texas

The City Manager and the Fiscal Services Department are pleased to submit the Comprehensive Annual Financial Report for the City of College Station, Texas (the "City") for the fiscal year ended September 30, 2004.

This report is published to provide to the City Council, City staff, our citizens, our bondholders and other interested parties detailed information concerning the financial condition of the City government. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City.

To the best of our knowledge and belief, the data is accurate in all material aspects and is organized in a manner designed to fairly present the financial position and results of operations of the City as measured by the financial activity of its various funds. We also believe that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included.

The Local Government Code, Section 103.001 (a) states: "A municipality shall have its records and accounts audited annually and shall have an annual financial statement prepared based on the audit." Likewise the Fiscal and Budgetary Policy Statements adopted annually by the City Council as a part of the City's Approved Budget includes a requirement that the City shall annually have an audit performed by an outside, independent auditor. The City has complied with this requirement, and the independent auditors' report has been included in this report.

THE REPORT

This report is comprised of three sections: Introductory, Financial and Statistical. The Introductory Section includes this transmittal letter, a listing of the principal City officials, and an organizational chart of the City. The Financial Section contains the Independent Auditors' Report on the basic financial statements, Management's Discussion and Analysis ("MD&A"), the basic financial statements with related notes, and combining and individual fund statements and schedules. The MD&A is a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction therewith. The City of College Station's MD&A may be found immediately following the Independent Auditors' Report. The Statistical Section provides financial and demographic information, usually presented on a multi-year basis, that is relevant to a financial statement reader.

Notice to Neighboring System, Cities and Landowners

NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE AND NECESSITY (CCN)
TO PROVIDE **SEWER** UTILITY SERVICE IN **Brazos** COUNTY (IES)

To: Property Owner

Date Notice Mailed: October 20, 2005

(Address)

College Station TX 77840/77845

(City State Zip)

The City of College Station has filed an application for a CCN / to amend CCN No **20126**/ and to decertify a portion(s) of N/A (Name of Decertificated Utility) with the Texas Commission on Environmental Quality to provide **sewer** utility service in **Brazos** County(ies).

The proposed utility service area is located approximately **3.78 miles east and west and 9.47 miles south** [direction] of downtown **College Station City Hall**, [City or Town] Texas, and is generally bounded on the north by **Bryan/College Station Extra Territorial Jurisdiction and Brazos River (northwest boundary)**; on the east by **the Navasota River (northeast boundary)**; on the south by **College Station Independent School District (southeast boundary)**; and on the west by **the Brazos River (northwest and southwest boundary)**.

See enclosed map of the proposed service area.

The total area being requested includes approximately **60.167** acres and **no current City of College Station wastewater** current customers.

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

RE: City of College Station Application to Amend Certificate of Convenience and Necessity (CCN) No. 20126 in Brazos County; Application No. 35107-C

Dear Property Owner:

The City of College Station has filed an application with the Texas Commission on Environmental Quality to amend its wastewater certificated area (Wastewater CCN No. 20126) in Brazos County. The application has been assigned Application No. 35107-C. The City of College Station is applying to expand its wastewater certificated area so that it will be able to offer wastewater collection and treatment in its extraterritorial jurisdiction (ETJ). Centralized wastewater collection and treatment provides many benefits, including:

- Improved health and safety;
- Facilitating orderly development;
- Encouraging cooperation between the City of College Station and other governmental agencies through interlocal agreements.

Please find enclosed a Notice of Application for CCN to Provide Wastewater Utility Service in Brazos County, and an area map indicating the proposed CCN addition.

If you have any questions please feel free to contact Karl Goldapp at (979) 764-3659 or e-mail kgoldapp@cstx.gov.

Sincerely,

David Coleman

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

RE: City of College Station Application to Amend Certificate of Convenience and Necessity (CCN) No. 20126 in Brazos County; Application No. 35107-C

Dear Mr. Adams:

The City of College Station has filed an application with the Texas Commission on Environmental Quality to amend its wastewater certificated area (Wastewater CCN No. 20126) in Brazos County. The application has been assigned Application No. 35107-C. Please find enclosed a Notice of Application for CCN to Provide Wastewater Utility Service in Brazos County, and an area map indicating the proposed CCN addition.

If you have any questions please feel free to contact Karl Goldapp at (979) 764-3659 or e-mail kgoldapp@cstx.gov.

Sincerely,

David Coleman

 2) Southwest side generally bounded by the Brazos River.
 3) Southeast side generally bounded by the College Station Independent School District Boundary.
 4) Northeast side is bounded by the Navasota River and the Bryan/College Station ETJ.

NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE AND NECESSITY (CCN)
TO PROVIDE WATER/SEWER UTILITY SERVICE IN **Brazos** COUNTY (IES)

To: TEXAS A&M UNIVERSITY Physical Plant _____ Date Notice Mailed: October 25, 200
(Neighboring System or City)
1731 TAMU
(Address)
COLLEGE STATION TX 77843-1731
(City State Zip)

The City of College Station has filed an application for a CCN / to amend CCN No **20126**/ and to decertify portion(s) of N/A (Name of Decertificated Utility) with the Texas Commission on Environmental Quality to provide **sewer** utility service in **Brazos** County(ies).

The proposed utility service area is located approximately **3.78** miles **east and west and 9.47 miles south** [direction] of downtown **College Station City Hall**, [City or Town] Texas, and is generally bounded on the north by **Bryan/College Station Extra Territorial Jurisdiction and Brazos River (northwest boundary)**; on the east by **the Navasota River (northeast boundary)**; on the south by **College Station Independent School District (southeast boundary)**; and on the west by **the Brazos River (northwest and southwest boundary)**.

See enclosed map of the proposed service area.

The total area being requested includes approximately **60.167** acres and **no current City of College Station wastewater** current customers.

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.
