On September 30, 2013, Oncor submitted a compliance filing to establish rates for non-standard metering service pursuant to 16 Texas Administrative Code § 25.133, which filing was assigned Docket No. 41890. Oncor revised its compliance filing on October 18, 2013, via an errata filing.

On April 9, 2014, Oncor filed a Stipulation for the purpose of resolving all legal and factual issues associated with the filing. The Stipulation contained, among other things, revised fees for Oncor's non-standard metering service offering.

On May 30, 2014, the Commission issued its Order in Docket No. 41890 approving Oncor's compliance filing consistent with the Stipulation. Finding of Fact No. 29 of the

The tariff covering Oncor’s provision of non-standard metering service became effective July 17, 2014. This Compliance Report is timely filed, complies with Finding of Fact No. 29, and is the penultimate report required by the Order.
