Damaged Meter and Appurtenances Fee	Actual Cost
Seasonal Reconnection Fee - NONE	
Regulatory Assessment Fee – 1.0%	
Governmental Testing, Inspection and Costs Surcharge – When authorized in writing by TCEQ and after notice to customers, the utility may increase rates to recover increased costs for inspection fees and water testing. [30 TAC 291.21(k)(2)]	
Line Extension and Construction Charges – Refer to Tariff Section 3.0--Extension Policy for terms, Conditions, and charges when new construction is necessary to provide service.	

¹ This tap fee covers the Utility's costs for materials and labor to install a standard residential 5/8" x 3/4" meter. An additional fee to cover unique costs is permitted as listed on the Utility's tariff.

² For example, a road bore for customers outside a subdivision is a unique cost. Unique costs will be determined on a case-by-case basis.

³ This tap fee is based on the Utility's actual cost for materials and labor for meters larger than standard 5/8" x 3/4" meters. Unique costs, such as road bores, will be charged in addition to this tap fee at their actual cost of installation.

^{4,5} See page 36 for requirements and language changes to "Customer Service Inspection Fee", "Illegal Reconnection, Lock Removal, or Damage Fee", and "Damaged Meter and Appurtenances Fee". Aqua Texas no longer plans to utilize the "meter adjustment clause" applicable to the Indian Springs Subdivision. Instead, Aqua Texas proposes to use the provisions on page 34.

Standard Meter Installation Fee	
Customer Service Inspection Fee	
Lock Removal or Damage Fee	
Damaged Meter and Appurtenances Fee	
Seasonal Reconnection Fee - Base rate times months off system. Not to exceed 6 months when customer leaves and returns within 12 months.	
Regulatory Assessment Fee – 1.0%	
Governmental Testing, Inspection and Costs Surcharge – When authorized in writing by TCEQ and after notice to customers, the utility may increase rates to recover increased costs for inspection fees and water testing. [30 TAC 291.21(k)(2)]	
Line Extension and Construction Charges – Refer to Tariff Section 3.0--Extension Policy for terms, Conditions, and charges when new construction is necessary to provide service.	

MISCELLANEOUS FEES (PROPOSED)	
Tap Fee 5/8" x 3/4" Meter	\$900.00 ¹
Tap Fee (Unique Costs)	Actual Cost ²
Tap Fee (Larger Meter)	Actual Cost ³
Reconnection Fee – Non-payment of bill	\$25.00
Reconnection Fee - Customer's request that service be disconnected	\$75.00
Transfer Fee	\$50.00
Late Charge	10%
Returned Check Charge	\$25.00
Customer Deposit - Residential	\$50.00
Customer Deposit – Commercial or Non-Residential	1/6 of estimated annual bill
Meter Test Fee	\$25.00
Meter/Service Relocation (Customer's Request)	Actual Cost
Standard Meter Installation Fee	\$150.00
Customer Service Inspection Fee	\$100.00 ⁴
Illegal Reconnection, Lock Removal, or Damage Fee	\$85.00 ⁵
Damaged Meter and Appurtenances Fee	Actual Cost
Seasonal Reconnection Fee - NONE	
Regulatory Assessment Fee – 1.0%	
Governmental Testing, Inspection and Costs Surcharge – When authorized in writing by TCEQ and after notice to customers, the utility may increase rates to recover increased costs for inspection fees and water testing. [30 TAC 291.21(k)(2)]	
Line Extension and Construction Charges – Refer to Tariff Section 3.0--Extension Policy for terms, Conditions, and charges when new construction is necessary to provide service.	

¹ This tap fee covers the Utility's costs for materials and labor to install a standard residential 5/8" x 3/4" meter. An additional fee to cover unique costs is permitted as listed on the Utility's tariff.

² For example, a road bore for customers outside a subdivision is a unique cost. Unique costs will be determined on a case-by-case basis.

³ This tap fee is based on the Utility's actual cost for materials and labor for meters larger than standard 5/8" x 3/4" meters. Unique costs, such as road bores, will be charged in addition to this tap fee at their actual cost of installation.

^{4,5} See page 36 for requirements and language changes to "Customer Service Inspection Fee", "Illegal Reconnection, Lock Removal, or Damage Fee", and "Damaged Meter and Appurtenances Fee".

¹ This tap fee covers the Utility's costs for materials and labor to install a standard residential 5/8" x 3/4" meter. An additional fee to cover unique costs is permitted as listed on the Utility's tariff.

² For example, a road bore for customers outside a subdivision is a unique cost. Unique costs will be determined on a case-by-case basis.

³ This tap fee is based on the Utility's actual cost for materials and labor for meters larger than standard 5/8" x 3/4" meters. Unique costs, such as road bores, will be charged in addition to this tap fee at their actual cost of installation.

^{4,5} See page 36 for requirements and language changes to "Customer Service Inspection Fee", "Illegal Reconnection, Lock Removal, or Damage Fee," and "Damaged Meter and Appurtenances Fee".

Aqua Texas

CURRENT - PURCHASED WATER AND/OR DISTRICT FEE PASS THROUGH CLAUSE

Changes in fees imposed by any non-affiliated third party water supplier or underground water district having jurisdiction over the Utility shall be passed through to only the water system(s) affected by the increase or fee as an adjustment to the water gallonage charge according to the following formula:

$$AG = G + B/(1-L)$$

Where:

- AG = adjusted gallonage charge, rounded to the nearest one cent;
 G = approved gallonage charge (per 1,000 gallons);
 B = change in purchased water/district gallonage charge (per 1,000 gallons);
 L = system average line loss for preceding 12 months not to exceed 0.15.

PROPOSED - REGIONAL PASS-THROUGH GALLONAGE CHARGE ADJUSTMENT

Increases or decreases in costs, fees, rates and charges imposed by governmental entities, water authorities or districts having jurisdiction over Aqua Texas or its operations or by non-affiliated third party water suppliers or water rights holders selling water or water rights to Aqua Texas shall be passed through on a Regional basis as a line item Regional Pass-Through Gallonage Charge or an adjustment to the existing Regional Pass-Through Gallonage Charge using the following formula:

$$NRPTGC = ORPTGC (+/-) CRPTGC$$

Where:

- NRPTGC = New Regional Pass-Through Gallonage Charge;
 ORPTGC = Original Regional Pass-Through Gallonage Charge from last rate application or pass-through adjustment application;
 CRPTGC = Change in Regional Pass-Through Gallonage Charge; and,
 CRPTGC = $((NVC + (VC * APV)) / (RPV)) / (1 - WL)$
 Sum of all changes (all increases or decreases) since last adjustment in costs, fees, rates and charges divided by the Regional Pumped and Purchased Volume divided by one minus water loss;
 APV = Annual Pumped and/or Purchased Volume from the most recent rate application for the system or systems where the changes in costs, fees, rates and charges occurred; or the most recent 12 months if more than 3 years have passed since the most recent rate application was filed;
 RPV = Annual Pumped and/or Purchased volume for Region from the most recent rate application; or the most recent 12 months if more than 3 years have passed since the most recent rate application was filed;
 WL = Annual water loss average for Region in most recent rate application not to exceed 0.15; or water loss, not to exceed 0.15, for the most recent 12 months if more than 3 years have passed since the most recent application was filed;
 NVC = Annual non-volumetric cost change = annual increases or decreases in costs, fees, rates and charges that are not based on water purchased, pumped and/or billed;
 VC = Volumetric cost change = volumetric cost increases or decreases from costs, fees, rates and charges based on water purchased, pumped and/or billed.

To implement a new Regional Pass-Through Gallonage Charge, Aqua Texas shall take the following actions:

1. Prior to the beginning of the billing period in which the revision takes place, submit written notice to the TCEQ Executive Director with documentation supporting the line item Regional Pass-Through Gallonage Charge adjustment; and
2. Mail notice to affected customers separately at the beginning of the billing period or include written notice to affected customers with the billing sent out at the beginning of the billing period in which the new Regional Pass-Through Gallonage Charge becomes effective. The notice must contain: (a) the effective date of the change, (b) the then-present calculation of the line item Regional Pass-Through Gallonage Charge, (c) the new calculation of the line item Regional Pass-Through Gallonage Charge, and (d) the change in costs, fees, rates or charges to Aqua Texas prompting the adjustment to the line item Regional Pass-Through Gallonage Charge.

The notice will include the following language:

"This tariff change is being implemented in accordance with Aqua Texas' approved Regional Pass-Through Gallonage Charge Adjustment provision to recognize (increases)(decreases) in the (costs), (fees), (rates) and (charges) imposed by (governmental entities), (water authorities) or (districts) (having jurisdiction over Aqua Texas or its operations) or (by non-affiliated third-party) (water suppliers) or (water rights holders) (selling water) or (water rights) to Aqua Texas. The cost of these charges to customers will not exceed the (increased) (decreased) cost of the (costs), (fees), (rates) and (charges) to Aqua Texas."

The process of implementing the Regional Pass-Through Gallonage Charge Adjustment provision and the Executive Director's review of a proposed revision to Aqua Texas' line item Regional Pass-Through Gallonage Charge is an informal proceeding and not a contested case hearing. Only the Commission, the Executive Director, or Aqua Texas may request a hearing on the proposed revision. It shall not be considered a rate case under the Texas Water Code or TCEQ rules, and Texas Water Code § 13.187 shall not apply.

CURRENT TEMPORARY WATER RATE –

TEMPORARY WATER RATE:

Unless otherwise superseded by TCEQ order or rule, if the Utility is ordered by a court or governmental body of competent jurisdiction to reduce its pumpage, production, or water sales, the utility shall be authorized to increase its approved gallonage charge according to the formula:

$$TGC = cgc + \frac{prr(cgc)(r)}{(1.0-r)}$$

Where:

TGC = temporary gallonage charge.

cgc = current gallonage charge.

r = water use reduction expressed as a decimal fraction (the pumping restriction).

prr = percentage of revenues to be recovered expressed as a decimal fraction, for this tariff prr shall equal 0.5.

To implement the Temporary Water Rate, the utility must comply with all notice and other requirements of 30 T.A.C. 291.21(l).

PROPOSED TEMPORARY WATER RATE

REGIONAL TEMPORARY WATER RATE:

Unless otherwise superseded by TCEQ order or rule, if Aqua Texas is ordered by a court or governmental body of competent jurisdiction to reduce its pumpage, production, or water sales, Aqua Texas shall be authorized to increase its approved line item Charges per 1,000 Gallons Used (Gallonage Charge & Regional Pass-Through Gallonage Charge) by the amount of the Regional Temporary Water Rate Increase ("RTWR") calculated according to the formula:

$$RTWR = (((PRR)(CGC)(R))/(1-R))*((APV)/(RPV))$$

Where:

- RTWR = Regional Temporary Water Rate Increase per 1,000 gallons;
- R = water use reduction expressed as a decimal fraction (the pumping restriction);
- CGC = current total volume charge per 1,000 gallons Used (Gallorage Charge + Regional Pass-Through Gallorage Charge);
- PRR = percentage of revenues to be recovered expressed as a decimal fraction; for this tariff PRR shall equal 0.5;
- APV = Annual Pumped and/or Purchased volume from the most recent rate application for the system or systems where the temporary restrictions are imposed; or the most recent 12 months if more than 3 years have passed since the most recent rate application was filed; and
- RPV = Annual Pumped and Purchased volume for Region from the most recent rate application; or the most recent 12 months if more than 3 years have passed since the most recent rate application was filed.

To implement the Regional Temporary Water Rate, Aqua Texas must comply with all notice and other requirements of 30 T.A.C. § 291.21(l).

OTHER MISCELLANEOUS FEE PROVISIONS THAT ARE BEING PROPOSED FOR CHANGE IN THIS APPLICATION:

Customer Service Inspection Fee - \$100.00

Service applicants may choose to have customer service inspections required by TCEQ Rule 290.46(j) performed by any State licensed inspector of their choice. Unless the service applicant chooses to arrange for and pay for the inspection independently, the utility may charge service applicants the customer service inspection fee at the time they apply for service. If a re-inspection is required to bring plumbing into compliance with applicable requirements or if an extra inspection appointment is required because a customer does not permit performance of an inspection at a previously agreed upon appointment time, the customer may choose to have any State licensed inspector of their choice perform the inspection. If the customer chooses to have the utility perform the inspection or re-inspection, the customer will be charged \$100.00 for each required inspection, re-inspection or agreed upon inspection appointment and will pay the utility the total amount owed at the time an inspection or re-inspection is performed. The utility may, at its option, include the additional charge or charges on the next month's utility bill rather than requiring payment at the time of the inspection or re-inspection. The utility may use utility employees or may have the inspection performed by a licensed third party contractor.

Illegal Reconnection, Lock Removal, or Damage Fee - \$85.00

In order to reimburse the utility without burdening other customers with higher rates for the additional cost of service trips to disconnect a customer/account holder who has been disconnected for nonpayment and to pay for the cost of broken or cut locks and service time, this fee shall be assessed to the account holder of any delinquent account that has been disconnected for nonpayment by valving off, locking or removing the meter when service to the premises is subsequently reconnected by non-utility personnel by cutting or removing the lock, reopening the valve, or removing or bypassing the meter without authorization by the utility. This fee may be charged each time an event occurs and service will not be reconnected until this fee is paid in addition to any other balances and reconnect fees. This fee shall not be charged if a fee for a damaged meter is charged or if the account holder or his/her representative informs the utility within 24 hours after discovering that service has been restored without authorization of the utility: (1) that service was reconnected without the account holder's permission; and (2) the account holder agrees to pay for all water used.

Damaged Meter and Appurtenances Fee Actual Cost

This fee shall be assessed to the account holder of any delinquent account that has been disconnected for nonpayment by valving off or locking the meter when the meter and/or meter appurtenances, such as an AMR unit or curb stop, are damaged in order to restore water service to the account holder's original place of service requiring the utility to repair or replace them. The account holder shall be charged the full cost of repairing and/or replacing all damaged parts as the utility deems necessary, including labor and vehicle costs. This will include replacement of valves or curb stops that have had their locking eyes broken off the flanges.

ALL OTHER CHANGES TO MISCELLANEOUS FEES OR FEE PROVISIONS ARE DISCUSSED ON PAGES 8, 10, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, AND 33. IF NOT IDENTIFIED ABOVE OR ON PAGES 8, 10, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, OR 32, MISCELLANEOUS FEE PROVISIONS ARE NOT PROPOSED TO CHANGE FROM THOSE IN AQUA TEXAS' EXISTING SOUTHWEST REGION WATER TARIFF.

RATE CASE NOTICE ADDENDUM

The final rates to any customer or class of customers approved in this rate change application may be greater or less than these noticed rates, but they will not recover a larger total revenue requirement. The utility may amend the rate change application where permitted by law. There may be monthly customer surcharges for rate case expenses, capital improvements, collection of lost revenues during the pendency of the case or other purpose(s) approved in the final order. The utility may propose and have approved pass-through clauses permitted by the Texas Water Code and/or TCEQ rules. The utility may propose or receive changes to its tariff that may affect terms and conditions under which any present or future customer receives service. The utility may seek or receive invested capital findings and a rate case bench mark for future rate cases. The utility may propose or receive changes to its extension policies. The utility may propose or receive changes to its Drought Management and Water Conservation Plan that may affect present or future customers. *For these reasons, all affected current or future customers are encouraged to review the rate change application and tariff(s) and take such action as that customer deems appropriate.*

AQUA

February 16, 2012

Dear Aqua Texas Customer:

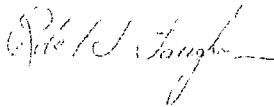

In December 2011, Aqua Texas (Aqua) mailed you a notice regarding a water rate/tariff change filed with the Texas Commission on Environmental Quality (TCEQ) on December 22, 2011. TCEQ has designated that application as Application Nos. 37234-R and 37235-R.

Aqua was informed by TCEQ that its records show the amount identified as the current/existing "Late Charge" fee on Page SW-10 of the Southwest Region notice applicable to Aqua's Briarcreek Subdivision water system is 10%, not \$5.00 as indicated. The pending application proposes a Late Charge of 10% so, in fact, there will be no change to this rate.

Aqua was also informed that TCEQ records show a current/existing "Customer Service Inspection Fee" of \$75.00 and a "Lock Removal or Damage Fee" of \$10.00, rather than \$0 for those fees as indicated on Page SW-10 of the Southwest Region notice. The pending application proposes a Customer Service Inspection Fee of \$100.00 and an Illegal Reconnection, Lock Removal, or Damage Fee of \$85.00, in line with the miscellaneous fees proposed for the rest of Aqua's Southwest Region.

Please call Aqua at 877.WTR.AQUA (877.987.2782) if you have any questions about this correction.

Sincerely,

Robert L. Laughman
President

10. Quik Print-Bee Cave sent all 771 of the customer letters mailed to Aqua Texas' Briarcreek customers via First Class U.S. Mail.

11. The 771 copies of **Exhibit B** were mailed as a stand-alone letter to Aqua Texas' customers. The customer letter was not included in a regular bill mailing by Aqua Texas in order to meet the TCEQ's requested re-notice deadline.

12. As reflected in **Exhibit C**, Aqua Texas paid Quik Print-Bee Cave a total of \$649.14 for its services in connection with the Briarcreek customer letter mail-outs.

Further affiant sayeth not.

Kurt A. Scheibelhut

Kurt A. Scheibelhut

Aqua Texas

1106 Clayton Ln., Suite 400W

Austin, Texas 78723

SWORN TO and SUBSCRIBED before me by Kurt Scheibelhut on February 20, 2012.

Linda B. Leatherwood
Notary Public in and for the State of Texas

My commission expires: 1-21-2013

AFFIDAVIT

State of Texas §
 §
County of Travis §

BEFORE me, the undersigned authority, personally appeared Kurt Scheibelhut, who, being by me duly sworn, deposed as follows:

1. My name is Kurt Scheibelhut, I am of sound mind, capable of making this affidavit, and personally acquainted with the facts herein stated.
2. I hereby file the customer letter attached hereto as **Exhibit B** in my capacity as *Controller* of Aqua Texas, Inc., Aqua Utilities, Inc., Aqua Development, Inc., Harper Water Company, Inc., and Kerrville South Water Company, Inc. d/b/a Aqua Texas ("Aqua Texas"). In such capacity, I am qualified and authorized to file and verify such document. I hereby verify such document and that all statements made and matters set forth herein are true and correct.
3. The document attached labeled as **Exhibit A** is an exact duplicate of an original Aqua Texas business record. **Exhibit A**, a list of Aqua Texas' customers served by Aqua Texas' Briarcreek Subdivision water system ("Briarcreek"), was made at or near the time by or from information transmitted by a person with knowledge and is kept in the course of regularly conducted business activity. I am a person responsible for keeping such records for Aqua Texas, and Aqua Texas keeps such records in the regular course of business.
4. In my capacity as *Controller* for Aqua Texas, I prepared an electronic version of **Exhibit A**. That list was prepared to fulfill the Texas Commission on Environmental Quality's requirement that a customer letter re-noticing affected customers, attached hereto as **Exhibit B**, be sent to all of Aqua Texas' Briarcreek customers.
5. **Exhibit A** contains the address information kept by Aqua Texas for all of its Briarcreek customers as of February 16, 2012.
6. I prepared the electronic version of **Exhibit A** on February 16, 2012. The names and addresses in **Exhibit A** were extracted from Aqua Texas' billing records.
7. In order to ensure that the customer letter was mailed to all Aqua Texas' Briarcreek water customers, Aqua Texas engaged Quik Print-Bee Cave, located at 2804 Bee Caves Road, Austin, Texas 78746. Quik Print-Bee Cave is a "bulk mailer" that mails out advertising vouchers, catalogs, papers, announcements, and the like for third parties on a commercial basis.
8. On February 16, 2012, I delivered to Jon Morningstar an electronic version of **Exhibit A** and instructed Jon Morningstar to mail a copy of the customer letter attached as **Exhibit B** to each person or entity named in **Exhibit A**.
9. Attached hereto as **Exhibit C** is the Affidavit of Jon Morningstar, the Manager and person responsible at Quik Print-Bee Cave for Aqua Texas' mail-outs, further describing those mail-outs.

Regulatory Assessment Fee – 1.0%	
Governmental Testing, Inspection and Costs Surcharge – When authorized in writing by TCEQ and after notice to customers, the utility may increase rates to recover increased costs for inspection fees and water testing. [30 TAC 291.21(k)(2)]	
Line Extension and Construction Charges – Refer to Tariff Section 3.0--Extension Policy for terms, Conditions, and charges when new construction is necessary to provide service.	

¹ This tap fee covers the Utility's costs for materials and labor to install a standard residential 5/8" x 3/4" meter. An additional fee to cover unique costs is permitted as listed on the Utility's tariff.

² For example, a road bore for customers outside a subdivision is a unique cost. Unique costs will be determined on a case-by-case basis.

³ This tap fee is based on the Utility's actual cost for materials and labor for meters larger than standard 5/8" x 3/4" meters. Unique costs, such as road bores, will be charged in addition to this tap fee at their actual cost of installation.

^{4,5} See page 31 of North Region notice for requirements and language changes to "Customer Service Inspection Fee", "Illegal Reconnection, Lock Removal, or Damage Fee", and "Damaged Meter and Appurtenances Fee".

AQUA

February 16, 2012

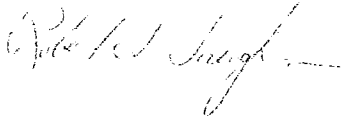

Dear Aqua Texas Customer:

In December 2011, Aqua Texas (Aqua) mailed you a notice regarding a water rate/tariff change filed with the Texas Commission on Environmental Quality (TCEQ) on December 22, 2011. TCEQ has designated that application as Application Nos. 37234-R and 37235-R.

Aqua was informed by TCEQ that its records show miscellaneous fee amounts in place for Aqua's VLS water system, rather than "None" as indicated on Page N-27 of the North Region notice applicable to Aqua's VLS water system. A correct comparison of current/existing miscellaneous fees with those proposed in the pending application is shown on the reverse side of this letter. This proposed change will place VLS miscellaneous fees in line with the rest of Aqua's North Region.

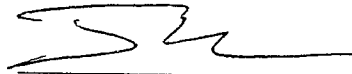

Please call Aqua at 877.WTR.AQUA (877.987.2782) if you have any questions about this correction.

Sincerely,

Robert L. Laughman
President

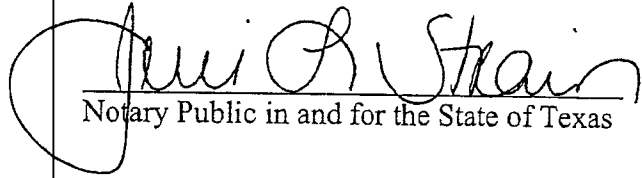

Further affiant sayeth not.

Jon Morningstar

Quik Print-Bee Cave

2012. SWORN TO and SUBSCRIBED before me by Jon Morningstar on February 20th

Notary Public in and for the State of Texas

My commission expires: November 24, 2012

- - - - -AFFIDAVIT- - - - -

State of Texas §
 §
County of Travis §

BEFORE me, the undersigned authority, personally appeared Jon Morningstar, who, being by me duly sworn, deposed as follows:

1. My name is Jon Morningstar. I am capable of making this Affidavit. The facts stated in this Affidavit are within my personal knowledge and are true and correct.
2. I am the Manager of Quik Print-Bee Cave, located at 2804 Bee Caves Road, Austin, Texas 78746.
3. In my capacity as Manager of Quik Print-Bee Cave, I was contacted by Mr. Kurt Scheibelhut of Aqua Utilities, Inc., Aqua Development, Inc. and Aqua Texas, Inc. d/b/a Aqua Texas ("Aqua Texas") regarding a mass mail-out that Aqua Texas needed to perform on an expedited basis on February 16, 2012.
4. Aqua Texas engaged Quik Print-Bee Cave for the purpose of mailing the Aqua Texas VLS water system ("VLS") customer letter attached hereto as **Exhibit A**.
5. Quik Print-Bee Cave is a "bulk mailer" that routinely mails out advertising vouchers, catalogs, papers, announcements and the like, for third parties on a commercial basis.
6. Mr. Scheibelhut provided me with the electronic list of addresses on February 16, 2012 containing the addresses of requested recipients for the Aqua Texas VLS customer letter mailing.
7. On February 17, 2012, I supervised the mail-out of the VLS customer letter to the 21 addresses on the electronic lists. I personally delivered the 21 items to the custody of the U.S. Postal Service at the U.S. Post Office located at 8225 Cross Park Dr., Austin, Texas on February 17, 2012.
8. The customer letter was mailed to all requested VLS recipients identified on the lists provided by Mr. Scheibelhut separate from a regular bill mailing by Aqua Texas.
9. Aqua Texas paid Quik Print-Bee Cave a total of \$17.68 for its services in connection with the mail-outs.

Customer Service Inspection Fee	\$100.00 ⁴
Illegal Reconnection, Lock Removal, or Damage Fee	\$85.00 ⁵
Damaged Meter and Appurtenances Fee	Actual Cost
Seasonal Reconnection Fee - NONE	
Regulatory Assessment Fee – 1.0%	
Governmental Testing, Inspection and Costs Surcharge – When authorized in writing by TCEQ and after notice to customers, the utility may increase rates to recover increased costs for inspection fees and water testing. [30 TAC 291.21(k)(2)]	
Line Extension and Construction Charges – Refer to Tariff Section 3.0--Extension Policy for terms, Conditions, and charges when new construction is necessary to provide service.	

¹ This tap fee covers the Utility's costs for materials and labor to install a standard residential 5/8" x 3/4" meter. An additional fee to cover unique costs is permitted as listed on the Utility's tariff.

² For example, a road bore for customers outside a subdivision is a unique cost. Unique costs will be determined on a case-by-case basis.

³ This tap fee is based on the Utility's actual cost for materials and labor for meters larger than standard 5/8" x 3/4" meters. Unique costs, such as road bores, will be charged in addition to this tap fee at their actual cost of installation.

^{4,5} See page 31 of North Region notice for requirements and language changes to "Customer Service Inspection Fee", "Illegal Reconnection, Lock Removal, or Damage Fee", and "Damaged Meter and Appurtenances Fee".

AQUA

February 16, 2012

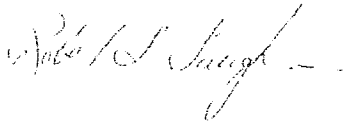

Dear Aqua Texas Customer:

In December 2011, Aqua Texas (Aqua) mailed you a notice regarding a water rate/tariff change filed with the Texas Commission on Environmental Quality (TCEQ) on December 22, 2011. TCEQ has designated that application as Application Nos. 37234-R and 37235-R.

Aqua was informed by TCEQ that its records show miscellaneous fee amounts in place for Aqua's VLS water system, rather than "None" as indicated on Page N-27 of the North Region notice applicable to Aqua's VLS water system. A correct comparison of current/existing miscellaneous fees with those proposed in the pending application is shown on the reverse side of this letter. This proposed change will place VLS miscellaneous fees in line with the rest of Aqua's North Region.

Please call Aqua at 877.WTR.AQUA (877.987.2782) if you have any questions about this correction.

Sincerely,

Robert L. Laughman
President

10. Quik Print-Bee Cave sent all 21 of the customer letters mailed to Aqua Texas' VLS customers via First Class U.S. Mail.

11. The 21 copies of **Exhibit B** were mailed as a stand-alone letter to Aqua Texas' customers. The customer letter was not included in a regular bill mailing by Aqua Texas in order to meet the TCEQ's requested re-notice deadline.

12. As reflected in **Exhibit C**, Aqua Texas paid Quik Print-Bee Cave a total of \$17.48 for its services in connection with the VLS customer letter mail-outs.

Further affiant sayeth not.

Kurt A. Scheibelhut

SWORN TO and SUBSCRIBED before me by Kurt Scheibelhut on
February 20, 2012.

Linda B. Leatherwood
Notary Public in and for the State of Texas

My commission expires: 1-21-2013

AFFIDAVIT

State of Texas §
 §
County of Travis §

BEFORE me, the undersigned authority, personally appeared Kurt Scheibelhut, who, being by me duly sworn, deposed as follows:

1. My name is Kurt Scheibelhut, I am of sound mind, capable of making this affidavit, and personally acquainted with the facts herein stated.
2. I hereby file the customer letter attached hereto as **Exhibit B** in my capacity as Controller of Aqua Texas, Inc., Aqua Utilities, Inc., Aqua Development, Inc., Harper Water Company, Inc., and Kerrville South Water Company, Inc. d/b/a Aqua Texas ("Aqua Texas"). In such capacity, I am qualified and authorized to file and verify such document. I hereby verify such document and that all statements made and matters set forth herein are true and correct.
3. The document attached labeled as **Exhibit A** is an exact duplicate of an original Aqua Texas business record. **Exhibit A**, a list of Aqua Texas' customers served by Aqua Texas' VLS water system ("VLS"), was made at or near the time by or from information transmitted by a person with knowledge and is kept in the course of regularly conducted business activity. I am a person responsible for keeping such records for Aqua Texas, and Aqua Texas keeps such records in the regular course of business.
4. In my capacity as Controller for Aqua Texas, I prepared an electronic version of **Exhibit A**. That list was prepared to fulfill the Texas Commission on Environmental Quality's requirement that a customer letter re-noticing affected customers, attached hereto as **Exhibit B**, be sent to all of Aqua Texas' VLS customers.
5. **Exhibit A** contains the address information kept by Aqua Texas for all of its VLS customers as of February 16, 2012.
6. I prepared the electronic version of **Exhibit A** on February 16, 2012. The names and addresses in **Exhibit A** were extracted from Aqua Texas' billing records.
7. In order to ensure that the customer letter was mailed to all Aqua Texas' VLS customers, Aqua Texas engaged Quik Print-Bee Cave, located at 2804 Bee Caves Road, Austin, Texas 78746. Quik Print-Bee Cave is a "bulk mailer" that mails out advertising vouchers, catalogs, papers, announcements, and the like for third parties on a commercial basis.
8. On February 16, 2012, I delivered to Jon Morningstar an electronic version of **Exhibit A** and instructed Jon Morningstar to mail a copy of the customer letter attached as **Exhibit B** to each person or entity named in **Exhibit A**.
9. Attached hereto as **Exhibit C** is the Affidavit of Jon Morningstar, the Manager and person responsible at Quik Print-Bee Cave for Aqua Texas' mail-outs, further describing those mail-outs.
