CURRENT - PURCHASED WATER AND/OR DISTRICT FEE PASS THROUGH CLAUSE

Changes in fees imposed by any non-affiliated third party water supplier or underground water district having jurisdiction over the Utility shall be passed through to only the water system(s) affected by the increase or fee as an adjustment to the water gallonage charge according to the following formula:

$$AG = G + B/(1-L)$$

Where:

- AG = adjusted gallonage charge, rounded to the nearest one cent;
- G = approved gallonage charge (per 1,000 gallons);
- B = change in purchased water/district gallonage charge (per 1,000 gallons);
- L = system average line loss for preceding 12 months not to exceed 0.15.

PROPOSED - REGIONAL PASS-THROUGH GALLONAGE CHARGE ADJUSTMENT

Increases or decreases in costs, fees, rates and charges imposed by governmental entities, water authorities or districts having jurisdiction over Aqua Texas or its operations or by non-affiliated third party water suppliers or water rights holders selling water or water rights to Aqua Texas shall be passed through on a Regional basis as a line item Regional Pass-Through Gallonage Charge or an adjustment to the existing Regional Pass-Through Gallonage Charge using the following formula:

$$NRPTGC = ORPTGC (+/-) CRPTGC$$

Where:

- NRPTGC = New Regional Pass-Through Gallonage Charge;
- ORPTGC = Original Regional Pass-Through Gallonage Charge from last rate application or pass-through adjustment application;
- CRPTGC = Change in Regional Pass-Through Gallonage Charge; and,
- CRPTGC = $((NVC+(VC*APV))/(RPV))(1-WL)$
Sum of all changes (all increases or decreases) since last adjustment in costs, fees, rates and charges divided by the Regional Pumped and Purchased Volume divided by one minus water loss;
- APV = Annual Pumped and/or Purchased Volume from the most recent rate application for the system or systems where the changes in costs, fees, rates and charges occurred; or the most recent 12 months if more than 3 years have passed since the most recent rate application was filed;
- RPV = Annual Pumped and/or Purchased volume for Region from the most recent rate application; or the most recent 12 months if more than 3 years have passed since the most recent rate application was filed;

RE: Docket #582-12-6658
Aqua Texas

Dear Judge Parsley:

This letter is in reference to the upcoming administrative hearing scheduled for July 16th referenced above, Aqua Texas.

It has come to my attention that the Aqua Texas customers in my district have had insufficient notification of the scheduled administrative hearing on July 16th, and thus are not prepared to address the administrative law judge on their complaint against the petitioner. The customers in my district have to overcome many issues as it relates to Aqua Texas, and I ask that you not place another hardship on them by moving forward with the scheduled hearing.

This is not the first time that constituents in my district have had to protest their rate increase. We have been down this road before and every time it becomes more difficult on the customer. I urge you to take this issue seriously and to consider the Texas consumer.

Therefore, I am requesting that the administrative hearing be postponed to a later date so as to give the consumers ample time to prepare for said hearing.

If you should have any questions, please do not hesitate to contact me.

Regards,

Harvey Hilderbran
State Representative
