CCN Number 13211  
Custom Water Company, LLC

Gentlemen:

I am writing to protest the increase in rates for the town of Montague, Texas, as serviced by Montague Water System and Oakshores Water Systems under the company name of Custom Water Company, LLC CCN Number 13211. Regarding a Notice of Proposed Rate Change received January 10, 2015, I am filing a protest at the increase in our cost for water service. It has only been a little over 3 years since our water rates were doubled and now they are asking for another raise that would again double the amount charged. I am on a fixed income and my income has not doubled in 3 years. Something is wrong here. I do not have a problem with a small raise, but to double the cost is outrageous! If you allow this increase, you will do a grave injustice to the elderly citizens served by this water service. Many of us are on fixed incomes and an increase of this size will create a bad strain on our finances. I know prices are up, but this increase is almost double what we are paying. A raise is warranted but not this much.
