Re: Docket No. 44236; Application of Custom Water Company, LLC for a
Rate/Tariff Change; Before the Public Utility Commission of Texas

Dear Mr. Daigneault:

I represent Custom Water Company, LLC ("Custom Water" or "Applicant") in the referenced matter. As we discussed, attached are financial statements and a spread sheet from Custom Water Company, LLC. The documents are labeled Exhibit A, B, and C for ease of reference.

Exhibit A shows the CY 2015 actual data for Custom Water only (excluding any non-water utility revenues or expenses) and shows the impact of a 180-day refund period beginning in March, 2016. Exhibit B shows the exact same data as Exhibit A, but shows the impact of a 90-day refund period beginning in March, 2016. As you might imagine, there is no meaningful change to the Custom Water system from 2015 to 2016—the same general number of customers and same usage characteristics are expected. Custom Water knows of no one who might suggest that the service territory of the company is experiencing any growth. Bottom line, the company will lose \$34,531.84 in 2016 with the required refund; spreading the refund out over 180 days lessens the hardship since the loss is spread out over a longer period of time.

Exhibit C is a series of Excel spread sheets showing the refund data that I believe your staff will need.

Mr. Ralph J. Daigneault
