RE: Docket No. 44267; Application of Double Diamond dba The Cliffs Resort to Obtain or Amend a Water/Sewer Certificate of Convenience and Necessity in Palo Pinto County

Dear Central Records:

I am submitting this letter to clarify that there are no landowners with more than 25 acres in the proposed CCN area, and, therefore, no such landowners were listed among the individuals and entities to whom notice was mailed in the above-captioned matter.

On November 18, 2015, in accordance with Orders No. 6 and No. 7 and the PUC Staff's response to Order No. 5, Double Diamond dba The Cliffs Resort ("Double Diamond") submitted the publisher's affidavit from the *Mineral Wells Index* along with original tearsheets demonstrating publication of the required notice on November 5, 2015, and November 12, 2015. In addition, Double Diamond submitted an affidavit of Notice to Neighboring Systems, Cities, and Other Affected Parties and Current Customers which included an Attachment A, listing the Neighboring Systems, Cities, and Other Affected Parties to whom the required notice was mailed, and an Attachment B, listing the Current Customers to whom the required notice was mailed.

PUC Staff's response to Order No. 5 requested that notice also be sent to landowners with more than 25 acres in the proposed CCN area. However, there are no landowners with more than 25 acres in the proposed CCN area; therefore, no notice was mailed to such landowners, and no affidavit regarding such notice was submitted.

A copy of this letter is being sent to the individuals below. Please contact me if you have further questions or concerns.

Sincerely,

Donna Brown Willis
Paralegal
