TEXAS COMMISSION
ON
ENVIRONMENTAL QUALITY

Dear Sir or Madam:

On behalf of the City of Orange, Texas ("Applicant"), I am enclosing four copies each of the following documents:

- (1) Application To Obtain Or Amend A Water/Sewer Certificate Of Convenience And Necessity (CCN)
- (2) Addendum For Application To Obtain Or Amend A Certificate Of Convenience And Necessity (CCN)

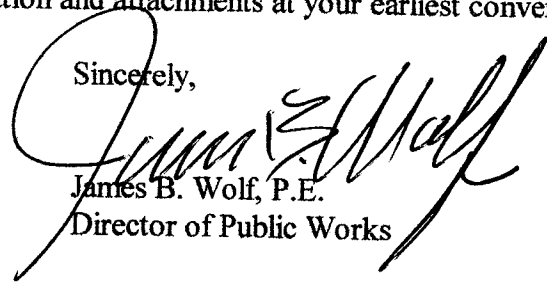

I am also enclosing a check in the amount of \$100.00 in payment of the required handling fee in connection with this submission.

The submission of this Application is a direct result of the pending annexation by the Applicant of the areas at issue in the Application and, namely, the mandate under Chapter 43 of the Texas Local Government Code that the level of water and sewer services provided in an annexed area be comparable to the water and sewer services provided in other parts of the municipality.

In the absence of an amendment to the City's CCN coupled with a decertification of the CCNs of the current providers (all of which are investor-owned utilities), Applicant may be prevented from complying with the applicable statute. While Texas Water Code Sec. 13.255 promotes single certification of a municipality in an annexed area, its application is inexplicably limited and does not appear to apply to the situation presented herein in view of the identities of the current providers.

If you have any questions or need further information or documentation, please let us know. Otherwise, please process the enclosed Application and attachments at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "James B. Wolf". The signature is fluid and cursive, with a large initial "J" and "W".

Dear Sirs,

My name is Kelly Brewer, DBA Rural Water Company PO Box 1409 Vidor, TX 77670; Daytime phone is (409) 769-9030. The City of Orange is annexing an area that includes one half of my water system Hi-Ho Acres PWS#1810076. I am adversely affected by the city's application as it takes away one half of my operation, leaving the other half to bear the burden.

I demand a public hearing on this matter. I would withdraw my request if the City of Orange would not decertify my CCN#12400, and let my water system operate as it always has.

Thank you,
Kelly Brewer
