PUBLIC UTILITIES COMMISSION
REG. CLERK

ADDENDUM
FOR APPLICATION TO OBTAIN OR AMEND A
CERTIFICATE OF CONVENIENCE AND NECESSITY (CCN)**

****NOTE: THIS FORM MUST BE COMPLETED AND SUBMITTED WITH ALL APPLICATIONS TO OBTAIN OR AMEND A CCN.**

House Bill 2876 was enacted during the 79th Regular Session of the 2005 Texas Legislature. The enactment of this Bill changed the criteria in Chapter 13 of the *Texas Water Code* to consider when granting or amending CCN certificates. On December 14, 2005, the Texas Commission on Environmental Quality also adopted changes to Chapter 30, *Texas Administrative Code*, Subsection 291, to require additional criteria be considered when granting or amending CCN certificates. The outline below is designed to help us capture the information required to meet the new criteria in accordance with the new statutes and rules. The Commission also reserves the right to request additional information if necessary.

- I. Demonstrate the Need for Service by providing the following: (See Addendum I:A/B)
 - A. Describe the service area and circumstances driving the need for service in the requested area. Indicate the name(s) and address(es) of landowner(s), prospective landowner(s), tenant(s) or resident(s) that have requested service; and/or
 - B. Describe the economic need(s) for service in the requested area (i.e. plat approvals, recent annexation(s) or annexation request(s), building permits, septic tank permits, hospitals, etc.); and/or
 - C. Discuss in detail the environmental need(s) for service in the requested area (i.e. failing septic tanks in the requested area, failing wells, etc.); and/or
 - D. Provide copies of any written applications or requests for service in the requested area; and/or
 - E. Provide copies of any reports and/or market studies demonstrating existing or anticipated growth in the requested area. (See Addendum I:E)
- II. Effect of Granting of a Certificate of Amendment: (See Addendum II:A)
 - A. Explain in detail the effect of the granting of a certificate or an amendment, including, but not limited to regionalization, compliance and economic effects on the following:
 1. the applicant;

70-141-01-1-1

2. any retail public utility of the same kind already serving the proximate area; and
3. any landowner(s) in the requested area.

III. Ability to Provide Adequate Service:

- A. Describe the ability of the applicant to provide adequate service, including meeting the standards of the commission, taking the both of the following items into consideration: **(See Addendum III:A)**
 1. the current and projected density; and
 2. the land use of the requested area. = **Residential**

IV. Effect on the Land **(See Addendum IV:A)**

- A. Explain the effect on the land to be included in the certificated area.

V. Map Requirements - Please disregard the map information listed in the CCN application form and attach the following hard copy maps with each copy of the application:

- A. A small scale, general location map delineating the proposed service area(s) with enough detail to locate the area(s) within the county(ies); and **(See Addendum V:A)**
- B. A map showing only the proposed area(s) by: **(See Addendum V:B:1 to 4)**
 1. metes and bounds survey; or
 2. projectable digital data with metadata; or
 3. following verifiable natural and man-made landmarks; or
 4. plat map with metes and bounds; and
- C. A written description of the proposed service area(s); and **(See Addendum V:C)**
- D. Provide separate and additional maps of the proposed area(s) to show the following: **(See Addendum V:D:1,2)**
 1. all facilities, illustrating separately facilities for production, transmission, and distribution of the applicant's service(s); and

2. any facilities, customers or area currently being served outside the applicant's certificated area(s); and
3. cities must also provide a separate map showing corporate and extraterritorial jurisdictional (ETJ) boundaries. **(See Addendum V:D:3)**

NOTE: All maps must have an accurate scale and proposed area(s) should be clearly labeled. Include digital data for all maps created in digital formats.

VI. Additional Notice Requirement to Landowner(s) - In addition to the notice(s) required in the application form, please also submit the following:

- A. A copy of the county(ies) tax appraisal roles of the applicable appraisal district(s) to include all landowner(s) of a tract of land that is at least 25 acres and is wholly or partially included in the proposed area(s). **(See Addendum VI:A)**
- B. A copy of the proposed notice to landowner(s) including the required attached map. **(See Addendum VI:B)**

NOTE: Notice to landowner(s) must be mailed by first class mail and should not be mailed until the application is accepted for filing by the Commission.

ADDENDUM I:A/B

(Description of Service Area and Economic Needs)

As stated in the base application, the circumstances driving the provision of service in the areas at issue are based on the fact that such service is mandated by Section 43.056(g) of the Texas Local Government Code as a result of Applicant's annexation of the area at issue. Specifically, the Applicant, as the annexing entity of the area at issue, is obligated to provide a level of services in the annexed areas that is comparable to the level of services provided in other parts of the municipality serviced by Applicant. See Tex. Loc. Gov't Code 43.056(g).

In this regard, the services provided by the current providers in the areas at issue are not comparable to the level of services provided by the Applicant in other areas of the municipality. Namely, the line sizes of the current providers are far smaller than those available to customers in the other parts of Applicant's service area, and there is a lack of fire hydrants. Further, the quality of water of the current providers is inferior, while the current providers' respective rate structures are higher, both of which highlight the lack of comparability between services in the area at issue and the greater area serviced by Applicant. Finally, the service of the providers is not comparable with that of the Applicant with regard to reliability and stability. Thus, the economic need for lower costs together with the mandate of the applicable annexation statutes for the provision of comparable services by the annexing municipality underscore the circumstances presented and the Applicant's request herein.

ADDENDUM I:E

(City-Annexation Study)

AREA II

Size - Area II encompasses approximately 221 acres of mostly developed land. (See Area II Map, Appendix A.3.)

Location - The S.R.A. Canal to the west, the Entergy Highline R.O.W. to the north, SH 87 to the east, and Area III to the south bound the area.

Land Type - Area II includes nine subdivisions, Chasse Gardens, Chasse Ridge Estates, Chasse Ridge, Steeple Chasse Drive, West Chasse, Bear Trails, Chasse Hollow, Cub Trail, and Bear Path. Houses in the Steeple Chasse and Bear Trails subdivisions are mostly single story houses of varying construction and age. Houses in the Chasse Hollow, Cub Trail, and Bear Path subdivisions are of varying age and construction. However, the houses in the remaining four subdivisions are mostly medium to large newer homes, one and two-story brick construction.

Population - The projected future population for Area II is 733 people. This includes an estimated existing population of 563 plus 170 people for the undeveloped land within Area II.

AREA III

Size - Area III encompasses approximately 387 acres of developed and undeveloped land. (See Area III Map, Appendix A.4.)

Location - The S.R.A. Canal to the west, Area II to the north, SH 87 to the east, and FM 3247 to the south bound the area.

Land Type - Area III contains four subdivisions, Tally-Ho and Hi-Ho Acres subdivisions west of FM 1130, and Little Cypress and Woodlawn subdivisions east of FM 1130. The

ORANGE ANNEXATION STUDY
SPIN# 45661
DE F. ORANGE 45661 Doc Ref. Proj. Rpt. 107
9-5-2003

Population - The projected future population for Area III is 715 people. This includes an estimated existing population of 318 plus 397 people for the undeveloped land within Area III.

Size - Area IV encompasses approximately 343 acres of mostly developed residential land. (See Area VI Map, Appendix A.5.)

Land Type - Area IV contains three existing subdivisions, Cypress Bayou Estates Phase I, II and III. The houses are mostly one-story structures of varying construction and age. There is approximately 24 acres of undeveloped land in the southeast section of Area IV.

5 of 27

ADDENDUM II:A

- (1) *The effect of the granting of an amendment to Applicant hereunder would be to allow Applicant to comply with the statutory mandate that it must satisfy under the Municipal Annexation Act of the Texas Local Government Code by authorizing it to operate in the annexed areas so that it may provide the comparable level of services it is mandated to provide to the areas at issue as annexed areas. In the absence of an amendment to its CCN, the Applicant will not be able to provide the comparable services that it is mandated to provide under the Texas Local Government Code, which will seemingly create a conflict between the operation of the Municipal Annexation Act and the Texas Water Code.*
- (2) *Amending Applicant's certificate would result in the Applicant's ability to furnish water and sewer services in the proximate area. Because the quality of Applicant's services are higher, the cost of Applicant's services lower, and the reliability of Applicant's services greater, the consumers in the areas will be presented with a choice, and the likely effect will be that consumers will elect to receive services from Applicant rather than continue receiving inferior services from the current providers. If the decertifications sought are granted, then the current providers will no longer be certificated and will not be able to operate in the respective areas at issue.*

In this regard, the Applicant has made numerous efforts to come to an agreement with Aqua Texas, the provider for one of the annexed areas, to acquire its current system for fair market value, but provider Aqua Texas has consistently refused to negotiate in good faith, instead making unreasonable demands. As the Applicant is required by law to provide comparable services in an annexed area when a current provider's services are inferior, the Applicant now seeks decertification of current provider Aqua Texas, which is one of three retail public utilities serving the proximate area.

The other two retail public utilities for which decertification is sought are (a) North Orange Water and Sewer and (b) Kelly Brewer. As with provider Aqua Texas, Applicant previously initiated negotiations to acquire the systems of these respective utilities for fair market value. Unlike Aqua Texas, the negotiations with provider North Orange Water and Sewer and with provider Kelly Brewer are mutual and remain ongoing. As such acquisitions have not been completed by mutual agreement as of this date, however, Applicant must simultaneously move forward with this Application and Addendum for

the decertification of all current providers, regardless of system acquisition status, in order to comply with the requirements imposed on it by Texas law.

(3) The effect of amending Applicant's CCN on landowners in the areas at issue would be to benefit the landowners by putting in place a system for better services (higher quality, more reliable, etc.) at a lower cost. Thus, the economic impact would be beneficial to the landowners, who would pay lower costs for higher quality services, and the quality and reliability of the services, together with improved fire protection, will benefit the landowners in the areas as well. Moreover, the expectations of the landowners would be validated, since they expect an improvement in services as a result of the annexation by the applicant of the areas at issue.

OCT 02 2006
TEXAS COMMISSION
ON
ENVIRONMENTAL QUALITY

Dear Sir or Madam:

On behalf of the City of Orange, Texas ("Applicant"), I am enclosing four copies each of the following documents:

- (1) Application To Obtain Or Amend A Water/Sewer Certificate Of Convenience And Necessity (CCN)
- (2) Addendum For Application To Obtain Or Amend A Certificate Of Convenience And Necessity (CCN)

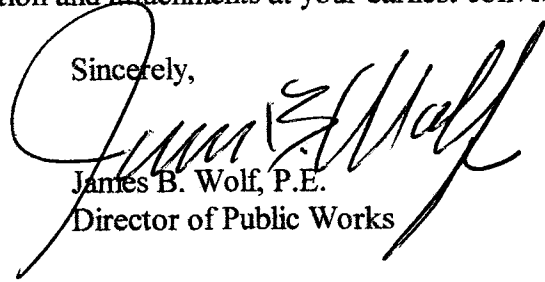

I am also enclosing a check in the amount of \$100.00 in payment of the required handling fee in connection with this submission.

The submission of this Application is a direct result of the pending annexation by the Applicant of the areas at issue in the Application and, namely, the mandate under Chapter 43 of the Texas Local Government Code that the level of water and sewer services provided in an annexed area be comparable to the water and sewer services provided in other parts of the municipality.

In the absence of an amendment to the City's CCN coupled with a decertification of the CCNs of the current providers (all of which are investor-owned utilities), Applicant may be prevented from complying with the applicable statute. While Texas Water Code Sec. 13.255 promotes single certification of a municipality in an annexed area, its application is inexplicably limited and does not appear to apply to the situation presented herein in view of the identities of the current providers.

If you have any questions or need further information or documentation, please let us know. Otherwise, please process the enclosed Application and attachments at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "James B. Wolf", written over the typed name and title.

RE. City of Orange CCN Application; Case No. 35496 and 35497; Document ID 226883
and 226884

Dear Mr. Cowan:

This firm represents Aqua Utilities, Inc., dba Aqua Texas, Inc. (Aqua Texas, Inc.) in connection with the above referenced matter. Our name, address and daytime telephone number are provided in the letterhead. The City of Orange's above-referenced application appears to seek to amend its Certificate of Convenience and Necessity for both water and sewer into areas that are currently certificated to Aqua Texas, Inc. and to decertify from Aqua Texas service areas that are currently certificated and being served by Aqua Texas.

Aqua Texas, Inc., pursuant to CCN #'s 11157 and 20453 currently provide continuous and adequate water and sewer service to some of the areas which the City of Orange wishes to include in this application. There is no need for additional providers in this area as service is being provided. In addition, Aqua Texas would be impaired by losing its CCN for that area by losing its ability to serve the area that it currently serves and has made substantial investments to serve. As such, Aqua Texas, Inc. requests a public hearing on the City of Orange's applications.

Should the City of Orange amend its applications to exclude any mention of decertifying area currently certificated to Aqua Texas, Inc., Aqua Texas, Inc. and would remove any intention of serving in Aqua Texas, Inc.'s certificated area, Aqua Texas, Inc. would strongly consider withdrawing its objection to the City of Orange's applications. Until that time, we request that the TCEQ consider this a formal protest and request for a public hearing/contested case hearing.

Dear Mr. Jim Wolf, I am checking on the status of the application concerning your request for extension to work out the differences with the people that protested the City of Orange's applications. Have you reached any agreement with the Protestants? Please let me know, otherwise I will go ahead and refer to SOAH by COB 5/17/07.

The process will then will take more then three months to get a date of when a hearing will be scheduled. Let me know.

Sincerely,

DEBBIE REYES TAMAYO

Dear Sirs,

My name is Kelly Brewer, DBA Rural Water Company PO Box 1409 Vidor, TX 77670; Daytime phone is (409) 769-9030. The City of Orange is annexing an area that includes one half of my water system Hi-Ho Acres PWS#1810076. I am adversely affected by the city's application as it takes away one half of my operation, leaving the other half to bear the burden.

I demand a public hearing on this matter. I would withdraw my request if the City of Orange would not decertify my CCN#12400, and let my water system operate as it always has.

Thank you,
Kelly Brewer

Cc: Ken Peterson
Texas Rural Water Association

NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE AND NECESSITY
(CCN) TO PROVIDE WATER AND SEWER UTILITY SERVICE IN ORANGE COUNTY

To: Brewer Kelly

(Neighboring System or City)

Date Notice Mailed 11-02, 2006

(Address) P.O. Box 1409

(City Vidor State TX Zip) 77670

City of Orange has filed applications to amend CCN Nos. 11398 and 20535 and to decertify portions of Aqua Utilities, Inc. dba Aqua Texas, Inc., North Orange Water & Sewer, LLC dba Country Squire Water and Sewer and G. Kelly Brewer with the Texas Commission on Environmental Quality to provide water & sewer utility service in Orange County.

The proposed utility service area is located approximately 4.2 miles north of downtown Orange, Texas, and is generally bounded on the north by the intersection of SH 87 and West Bluff Road; on the east by Union-Pacific Spur (Railroad); on the south by FM 3247; and on the west by Sabine River Authority canal. The total area being requested includes approximately 951 acres and 1,611 current customers. See enclosed map of the proposed service area.

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality
Water Supply Division
Utilities and Districts Section, MC-153
P. O. Box 13087
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

Re: Decertification of CCN of North Orange Water & Sewer, LLC dba Country
Squire Water and Sewer and application by the City of Orange for CCN

Dear Sir or Madam:

We request a public hearing. We would adversely be affected by the granting of the CCN and decertification. We own and operated this system and derive revenue from it which supports our personnel income along with the income of our employees. We request that the amended CCN not be granted to the City of Orange and not decertify our CCN which would eliminate us from operating. If the City of Orange request for a CCN and decertification of our CCN is not granted we would withdraw our request for a hearing.
