**ORDER NO. 16  
 ESTABLISHING STAFF DEADLINE**

This Order addresses Commission Staff's December 19, 2016 recommendation and the City of DeKalb's December 20, 2016 status update in this application. On December 19, 2016, Commission Staff noted that DeKalb had failed to file a required status report on December 1, 2016, but stated that DeKalb had recently indicated it would need additional time obtain approval of its water system from the Texas Commission on Environmental Quality (TCEQ). Commission Staff stated that DeKalb had indicated that its required status update was not filed correctly. Commission Staff proposed that DeKalb be required to file a status update by January 30, 2017 and that Commission Staff file a supplemental recommendation by February 21, 2017. The following day, DeKalb filed a status update, explaining that it will need another six months to complete the work with TCEQ. DeKalb also provided other information.

Before any additional deadlines are established, on or before January 6, 2017, Commission shall comment on DeKalb's December 20, 2016 filing and propose additional procedural schedule, as needed.

SIGNED AT AUSTIN, TEXAS the 22<sup>nd</sup> day of December 2016.
