Re: Docket 44333
City of DeKalb, Texas

Dear Mr. Brown:

This is the status update for Order No. 18, for the referenced Docket 44333. The City has made further efforts to obtain additional water supplies, to meet the TCEQ capacity requirement. Unfortunately, at this time, the City is unable to meet this requirement. Therefore, the City asks that its CCN application be withdrawn without prejudice, and hopes to resubmit it at a future date.

Sincerely,

HAYTER ENGINEERING, INC.
