Re: Application from Nerro Supply Investors, LLC (Nerro) for Sale, Transfer or Merger of Facilities and Certificate of Convenience and Necessity (CCN) No. 10336 of Northwest Water Systems, Inc. (Northwest) in Harris and Montgomery Counties

Dear Administrative Law Judge:

Enclosed please find four copies of our response to the Staff's request for information for this application:

- 1. The systems requested to be transferred in this application do not operate with a number of the cities and or district boundaries that were listed in the staff's application deficiencies. First, Hazy Hollow East Estates is not within the city limits of the city of Pinehurst. Secondly, Spring Creek Valley Estates is not within the city limits of the City of Tomball nor in the Port of Houston's boundaries. Thus, no franchise agreements nor consent letters will be required from this entities. In Fact, PUC Subst. R. 24.109 does not state that the acquiring entity receive a franchise agreement nor consent letter from neighboring entities in order for this application to be considered administrate complete for filing. It only requires that a notice be given to neighboring entities after approved for filing and that they can then object to the transaction. We request that this deficiency be declared not valid and that the requirement of a consent letter be waived for this application to be considered administrative complete for filing.
- 2. The notice has been revised to include the requested boundary changes. When allowed by the Commission to provided notice, all maps will have the proposed areas highlighted for clarity.
- 3. The list of entities to be provided with notice of this application was revised to include the additional affected entities requested to be included by the Commission's Staff.

Should you have any further questions concerning this application, please do not hesitate to contact us at (512) 264-9124.

Sincerely,

Bret W. Fenner, P.E.
