_____ WOODROW-OSCEOLA _____ Water Supply
Corporation,

a corporation organized under the laws of the State of Texas (hereinafter called the Corporation) and
_____ (hereinafter called the Applicant
and/or Member),

Witnesseth:

The Corporation shall sell and deliver water and/or wastewater service to the Applicant and the Applicant shall purchase, receive, and/or reserve service from the Corporation in accordance with the bylaws and tariff of the Corporation as amended from time to time by the Board of Directors of the Corporation. Upon compliance with said policies, including payment of a Membership Fee, the Applicant qualifies for Membership as a new applicant or continued Membership as a transferee and thereby may hereinafter be called a Member.

The Member shall pay the Corporation for service hereunder as determined by the Corporation's tariff and upon the terms and conditions set forth therein, a copy of which has been provided as an information packet, for which Member acknowledges receipt hereof by execution of this agreement. A copy of this agreement shall be executed before service may be provided to the Applicant.

The Board of Directors shall have the authority to discontinue service and cancel the Membership of any Member not complying with any policy or not paying any utility fees or charges as required by the Corporation's published rates, fees, and conditions of service. At any time service is discontinued, terminated or suspended, the Corporation shall not re-establish service unless it has a current, signed copy of this agreement.

If this agreement is completed for the purpose of assigning utility service as a part of a rural domestic water and/or wastewater system loan project contemplated with the Rural Development, an Applicant shall pay an Indication of Interest Fee in lieu of a Membership Fee for the purposes of determining:

- a. The number of taps to be considered in the design and
- b. The number of potential ratepayers considered in determining the financial feasibility of constructing
 - 1) A new water system or
 - 2) Expanding the facilities of an existing water system.

The Applicant hereby agrees to obtain, utilize, and/or reserve service as soon as it is available. Applicant, upon qualification for service under the terms of the Corporation's policies, shall further qualify as a Member and the Indication of Interest Fee shall then be converted by the Corporation to a Membership Fee. Applicant further agrees to pay, upon becoming a Member, the monthly charges for such service as prescribed in the Corporation's tariff. Any breach of this agreement shall give cause for the Corporation to liquidate, as damages, the fees previously paid as an indication of interest. In addition to any Indication of Interest Fees forfeited, the Corporation may assess a lump sum of \$300.00 as liquidated damages to defray any losses incurred by the Corporation. If delivery of service to said location is deemed infeasible by the Corporation as a part of this project, the Applicant shall be denied Membership in the Corporation and the Indication of Interest Fee, less expenses, shall be refunded. The Applicant may re-apply for service at a later date under the terms and conditions of the Corporation's policies. For the purposes of this agreement, an Indication of Interest Fee shall be of an amount equal to the Corporation's Membership Fees.

All water shall be metered by meters to be furnished and installed by the Corporation. The meter and/or wastewater connection is for the sole use of the Member or customer and is to provide service to only one (1) dwelling or one (1) business. Extension of pipe(s) to transfer utility service from one property to another, to share, resell, or submeters water to any other persons, dwellings, businesses, or property, etc., is prohibited.

The Corporation shall have the right to locate a water service meter and the pipe necessary to connect the meter on the Member's property at a point to be chosen by the Corporation, and shall have access to its property and equipment located upon Member's premises at all reasonable and necessary times for any purpose connected with or in the furtherance of its business operations, and upon discontinuance of service the Corporation shall have the right to remove any of its equipment from the Member's property. The Member shall install, at their own expense, any necessary service lines from the Corporation's facilities and equipment to the point of use, including any customer service isolation valves, backflow prevention devices, clean-outs, and other equipment as may be specified by the Corporation. The Corporation shall also have access to the Member's property for the purpose of inspecting for possible cross-connections, potential contamination hazards, illegal lead materials, and any other violations or possible violations of state and federal statutes and regulations relating to the federal Safe Drinking Water Act or Chapter 341 of the Texas Health & Safety Code or and the corporation's tariff and service policies.

The Corporation is responsible for protecting the drinking water supply from contamination or pollution which could result from improper practices. This service agreement serves as notice to each customer of the restrictions which are in place to provide this protection. The Corporation shall enforce these restrictions to ensure the public health and welfare. The following undesirable practices are prohibited by state regulations:

- a. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air gap or an appropriate backflow prevention assembly in accordance with state regulations.

- b. No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the proper installation of an air gap or a reduced pressure-zone backflow prevention assembly and a service agreement must exist for annual inspection and testing by a certified backflow prevention device tester.
- c. No connection which allows condensing, cooling, or industrial process water to be returned to the public drinking water supply is permitted.
- d. No pipe or pipe fitting which contains more than 8.0 % lead may be used for the installation or repair of plumbing on or after July 1, 1988, at any connection which provides water for human consumption.
- e. No solder or flux which contains more than 0.2 % lead may be used for the installation or repair plumbing on or after July 1, 1988, at any connection which provides water for human consumption.

The Corporation shall maintain a copy of this agreement as long as the Member and/or premises is connected to the public water system. The Member shall allow their property to be inspected for possible cross-connections, potential contamination hazards, and illegal lead materials. These inspections shall be conducted by the Corporation or its designated agent prior to initiating service and periodically thereafter. The inspections shall be conducted during the Corporation's normal business hours.

The Corporation shall notify the Member in writing of any cross-connections or other undesirable practices which have been identified during the initial or subsequent inspection. The Member shall immediately correct any undesirable practice on their premises. The Member shall, at their expense, properly install, test, and maintain any backflow prevention device required by the Corporation. Copies of all testing and maintenance records shall be provided to the Corporation as required. Failure to comply with the terms of this service agreement shall cause the Corporation to either terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Member.

In the event the total water supply is insufficient to meet all of the Members, or in the event there is a shortage of water, the Corporation may initiate the Emergency Rationing Program as specified in the Corporation's Tariff. By execution of this agreement, the Applicant hereby shall comply with the terms of said program.

By execution hereof, the Applicant shall hold the Corporation harmless from any and all claims for damages caused by service interruptions due to waterline breaks by utility or like contractors, tampering by other Member/users of the Corporation, normal failures of the system, or other events beyond the Corporation's control.

The Applicant shall grant to the Corporation permanent recorded easement(s) dedicated to the Corporation for the purpose of providing reasonable rights of access and use to allow the Corporation to construct, maintain, replace, upgrade, parallel, inspect, test and operate any facilities necessary to serve that Applicant as well as the Corporation's purposes in providing system-wide service for existing or future members.

By execution hereof, the Applicant shall guarantee payment of all other rates, fees, and charges due on any account for which said Applicant owns a Membership Certificate. Said guarantee shall pledge any and all Membership Fees against any balance due the Corporation. Liquidation of said Membership Fees shall give rise to discontinuance of service under the terms and conditions of the Corporation's tariff.

By execution hereof, the Applicant agrees that non-compliance with the terms of this agreement by said Applicant shall constitute denial or discontinuance of service until such time as the violation is corrected to the satisfaction of the Corporation.

Any misrepresentation of the facts by the Applicant on any of the four pages of this agreement shall result in discontinuance of service pursuant to the terms and conditions of the Corporation's tariff.

NOW, THEREFORE, _____ (city) and _____ WSC agree as follows:

1. **Agency of _____ WSC.** Subject to the terms of this Agreement, _____ WSC agrees to serve
as the agent for city for the purposes of billing and collecting sanitary sewer service fees from
customers of _____ WSC who: (1) are recipients of sanitary sewer services from city; and (2)
have executed a copy of the application for sanitary service attached to this agreement or an
application in substantially similar form. During the term of this agreement, city will be solely
responsible for providing to _____ WSC, and at all times maintaining, a current list of its
customers to be billed by _____ WSC pursuant to the terms of the Agreement, which list shall
contain the following information for each customer: (a) the customer's name and address; (b) the
type of sanitary sewer service to be billed by _____ WSC on city's behalf; and (c) the amount to
be billed.
2. **Payment Based on Sewer Rate Ordinance for Sewer Collection.** WSC agrees to add the fees due
to city in the amounts indicated by city, to its monthly bills to customers. Each fee for sanitary sewer
service will be stated separately on such bills. City agrees to coordinate with WSC so that the
payment for the sanitary sewer services billed by the WSC on city's behalf shall be due at the same

time and under the same terms as the payment billed by WSC for water utility services. Upon receipt of payment due city for sanitary sewer services, WSC will deposit such sums in an account in WSC's depository bank, commingled with payments made for WSC water utility services. The funds, less unpaid fees charged by WSC for services as set forth in this Agreement, shall be forwarded to city no less frequently than once a month. The funds shall be sent to city in the amounts due as reflected on the monthly bills to the customers, less WSC's unpaid fees as set forth in this Agreement. At the time such funds are forwarded to City, WSC will also forward an accounting of the customers from whom payment is received, the period and type of services for which payment is made, and the fees retained by WSC from payments made pursuant to this Agreement with prior notice of at least 72 hours and during WSC business hours.

4. **Delinquency/Disconnection.** WSC agrees to use its best efforts, in the exercise of the discretion granted under this Agreement, to collect amounts due to city from customers for sanitary sewer service. If at any time any customer fails to pay any amounts collectible by WSC pursuant to the terms of this Agreement, WSC is authorized to terminate water utility services to the customer as deemed appropriate by WSC in accordance with the procedure specified in any applicable tariff and service regulations of WSC then in effect. WSC's failure to disconnect any service shall not be an event of default under this agreement but shall entitle city to discontinue payment of the monthly fee for that account as specified in paragraph 7 below from the date service could have been disconnected under this agreement until disconnection occurs. WSC shall notify city of all customer accounts that are delinquent and have been disconnected.
5. **Reconnection.** In the event water service is disconnected for nonpayment of sanitary sewer service charges, except as otherwise required by law or as agreed to by city, WSC agrees not to provide water services to that customer until WSC's receipt of payment of all delinquent sewer collection charges, plus any applicable charges which are then collectable in accordance with city's ordinances or other applicable law.
6. **Effect on Provision of Water.** This agreement shall not affect or in any way impair WSC's rights and obligations with respect to its customers or the provision of water utility services except as specifically and expressly set forth in the Agreement and as allowed by law.
7. **Fees.** For each sanitary sewer service account collected by WSC, City agrees to pay WSC the sum of \$5.00 as an initial set up fee for establishing WSC billing and collection procedures. This setup fee is to be paid when city notifies WSC that a new account is to be collected by WSC. In addition, city agrees to pay to WSC monthly on or before the 15th day of each month, a service charge of \$1.00 for each active account. The monthly fee will be paid until the end of the month in which city removes the account from the customer list provided to WSC under paragraph 1 of this agreement. If city subsequently requests WSC to reinstate an account which has been removed from the sewer service customer list, a reinstatement fee of \$5.00 per account will be paid to WSC by City.
8. **Purpose of Agreement/Indemnity.** This Agreement is made for the purpose of facilitating the billing and collection of fees for sanitary sewer services provided by city. No partnership or joint venture is intended to be created hereby. WSC's sole responsibility is that of the city's agent for billing and collection purposes and WSC shall have no responsibility for, and city shall indemnify,

defend and hold WSC harmless from any damage, claims, demands, or causes of action arising from: (1) the construction, operation, maintenance, repair or existence of the sewer collection system; (2) the provision of sewer collection service; (3) any act or omission relating to such services; or (4) any act or omission of WSC or city, their agents, employees, or representatives in the performance or nonperformance of their obligations under this Agreement, specifically including the negligence or breach of this Agreement by WSC or by the City, which does not amount to gross negligence or willful misconduct on the part of city, its agents, employees, or representative. This indemnity shall also extend to, but shall not be limited to, any cost, expense or fee, including attorney's fees, costs of court or expert fees, incurred by WSC relating to or arising from any such damages, claims, demands or causes of action.

14. **No Third Party Beneficiaries.** This Agreement is not executed for the benefit of any third party and its terms shall not be enforceable by or in favor of any person or entity other than the express parties to the Agreement.
15. **Miscellaneous Provisions.** This Agreement contains all of the understandings and agreements between the parties with respect to the subject matter hereof, and the terms and conditions of the Agreement may be changed only by written amendments agreed to by both parties.
