Dear Ms. Fuentes:

Attached is an original petition to protest and appeal the recent water rate changes approved by the City of Wilmer, as required by the Texas Water Code Chapter 13. Please note the original petition and seven (7) copies are included in this communication as required by the statute. In addition to the petition forms, I have included a signed copy of Ordinance 14-1120A adopted by the Wilmer City Council on November 20, 2014. Also attached, is a table of comparative historical rates showing the various rate plan structures implemented by the City of Wilmer over the past two rate changes.

During the period that signatures were gathered for this petition, the City published a notice letter on February 2, 2015 directing some of the affected customers to the city's web site for the new rates. I have attached copies of the notice letter as well as the fee schedule pages from the city's web site (<http://cityofwilmer.net>) for your convenience.

Please direct any and all correspondence in response to this matter to myself as the ratepayer's designated representative in this matter:
