FILING CLERK

Re: City of Belton, Texas  
CCN Amendment Supplemental Information  
Docket No. 44646

Dear Mr. Petak:

This is to follow up on Commission Staff Response dated December 2, 2015. We have been in contact with both the Brazos River Authority (BRA) and MUD #1 regarding consent.

As Ginger Tolbert with KPA Engineers indicated in your last phone conversation, the BRA is concerned about consenting to these CCN amendments within their basin as they do not believe their consent is required or applicable. We have been advised that they will be in contact with PUC regarding the matter, but prefer to handle the issue globally. We have included a copy of the email correspondence for your reference, which dates back to our previous CCN amendment and the BRA consent.

We anticipate a MUD #1 Board Meeting in February for their Board to execute the agreement with the City, which includes provisions for sewer service by the City. We respectfully request an extension to allow for the BRA and MUD #1 consent to be resolved.

Sincerely,

Sam A. Listi  
City Manager

xc: Ms. Ginger R. Tolbert, KPA Engineers
