PUBLIC UTILITY COMMISSION

OF TEXAS

PUBLIC UTILITY COMMISSION
FILING CLERK

ORDER NO. 3
FINDING APPLICATION CONTINUES TO BE
ADMINISTRATIVELY INCOMPLETE AND REQUIRING FILINGS

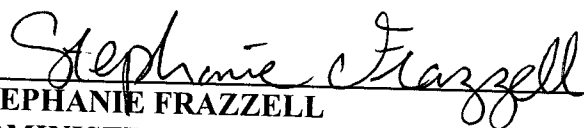

On June 29, 2015, Public Utility Commission of Texas (Commission) Staff filed a recommendation regarding administrative completeness of the above-styled and numbered application. Ni America Texas, LLC and Ni Pacolet Milliken Utilities, LLC (collectively, Applicants) filed an amended application to address the deficiencies identified by Commission Staff on June 1, 2015. Commission Staff determined that the application is still administratively incomplete because it contains additional material deficiencies as described by Commission Staff and the attached memorandum of Debbie Reyes of the Commission's Water Utilities Division. Commission Staff recommended that Applicants be afforded additional time to cure the deficiencies. Further, due to the deficiency of the application, Commission Staff does not recommend a procedural schedule for the evaluation of the merits of the application at this time.

Consistent with Commission Staff's recommendation, the application is administratively incomplete and deficient. On or before **July 30, 2015**, Applicants shall cure all deficiencies described by Commission Staff in its June 29, 2015 filing and the attached memorandum.

Commission Staff shall file a supplemental recommendation regarding administrative completeness of this application, along with a proposed procedural schedule, if appropriate, on or before **August 27, 2015**.

SIGNED AT AUSTIN, TEXAS on the 30th day of June 2015.
