Re: §13.301 Filing: Application for Sale, Transfer or Merger  
 Docket No. 44665, Order No. 6  
 Extension Request Letter  
 Bell County WCID No. 3

To Whom It May Concern,

The purpose of this letter is to request an extension of time for the transfer of services for the referenced Docket No. 44665. At the request of the Bell County WCID No. 3 Board, we developed multiple options for connecting the existing nine (9) meters that were included in the purchase of a portion of CCN area being served by 439 Water Supply Corporation as discussed in the Sale, Transfer or Merger application dated June 11, 2015 (resubmittal date). We developed two (2) temporary connection options as identified on the attached Exhibit A. We also developed a permanent connection option, which included the installation of an 8-inch water line and Elevated Storage Tank, as identified on Exhibit B. Below is a summary of the proposed options and corresponding extension time requested:

**Exhibit A – Option I**

- **Improvements - Installation of 8-inch water lines on the routes shown on the attached Exhibit A – Option I**
- **Opinion of Probable Cost - \$436,000.**
- **Requested Extension – 8 Months (June 2017)**

**Exhibit A – Option II**

- **Improvements - Installation of temporary 2-inch water lines on the routes shown on the attached Exhibit A – Option II**
- **Opinion of Probable Cost - \$249,000.**
- **Requested Extension – 6 Months (April 2017)**

**Exhibit B**

- **Improvements - Installation of 8-inch water line and 200,000 GAL Elevated Storage Tank as shown on the attached Exhibit B;**
- **Opinion of Probable Cost - \$1,675,000.**
- **Requested Extension – 13 Months (November 2017)**

After reviewing the various options, the WCID No. 3 Board elected to go with the permanent connection shown on Exhibit B. The Board reviewed various funding options for installing the option shown on Exhibit B and elected to apply for a TWDB Loan for Water and Wastewater Infrastructure. We are currently in the final stages of completing the application and anticipate approval by late Winter of 2017 to early Spring of 2017. We anticipate construction to start in June of 2017 with completion of the project in November of 2017.

Therefore, we respectfully request an extension of time to November of 2017, thirteen (13) months, to complete the permanent improvements shown on Exhibit B. If this option is not acceptable, we would respectfully request an extension of six (6) months to complete the temporary connections while we work to install the permanent improvements.

Please let us know if any additional information or clarification for this application is needed.

Sincerely,

Alvin R. Sutton III, P.E., CFM

Re: §13.301 Filing: Application for Sale, Transfer or Merger  
Docket No. 44665, Order No. 6  
Progress Update Letter No. 3  
Bell County WCID No. 3

To Whom It May Concern,

This letter is in response to the PUC's request for additional confirmation that Bell County WCID #3 paid 439 Water Supply Corporation the agreed upon amount for the CCN purchase set forth in the purchase contract dated October 20, 2014. Bell County WCID #3 presented a check in the agreed upon amount of \$68,750.54 on November 17, 2015 and was deposited by 439 WSC on November 18, 2015 (See attached deposited check stub).

Please let us know if any additional information or clarification for this application is needed.

Respectfully,

Michael Beevers  
Secretary/Treasurer
