**ORDER NO. 5
REGARDING DEFICIENCIES AND NOTICE; AND
ESTABLISHING INITIAL PROCEDURAL SCHEDULE**

On August 14, 2015, Public Utility Commission of Texas (Commission) Staff recommended, following review of the City of Houston's petition and supplemental filing, that the identified deficiencies have been cured. However, given the unique nature of this proceeding, Commission Staff is still in the process of determining both the appropriate method and form of notice to Bellewood Water Supply Corporation and how to process this docket. As such, Commission Staff proposed to file comments on administrative completeness of the application and notice at a later date. Commission Staff provided an initial procedural for this process.

Accordingly, the following initial schedule shall apply:

Deadline to intervene or file comments	August 28, 2015
Deadline for Commission Staff to file a recommendation on administrative completeness of the application and notice and propose a procedural schedule	September 4, 2015

SIGNED AT AUSTIN, TEXAS the 17th day of August 2015.
