Attn: Christina R. Switzer
Attorney-Legal Division

Dear Ms. Switzer,

Re: Docket No. 44695

We received an email message from our engineering firm of record, M&S Engineering, regarding the subject docket, which they kindly attached for our review. They were inquiring if we had received it and if we had responded. We have reviewed our records very carefully and cannot find the Crystal Clear has ever been served with a copy of the subject document. Consequently, we have never had the opportunity to respond to the Commission Staff's First Request for Information.

I have attached Docket No. 44695, Staff 1-1 which has our hand-written response to the Request for Information. Along with this document we have included copies of our record of payment for the 2015 Regulatory Assessment Fee and a copy of the corresponding record that the payment check was received and cashed by the Texas Council on Environmental Quality.

To summarize the attached material, Crystal Clear did pay the aforementioned fee and did so in a timely manner as required. We have the documents to substantiate our payment. If you have any further questions regarding this matter, please let us know.

Sincerely,

A handwritten signature in black ink that reads "Michael C. Fournier". The signature is written in a cursive, flowing style.
