Re: Docket # 44721

To Whom it May Concern:

After completion of our meeting with PUC on Friday February 25th it was brought to our attention that we were using different deadlines for this specific docket # and that we missed the corrected deadline of February 24th. If you would please allow us additional time to respond. After we initially submitted the application we became aware that the project might not happen. We had meetings with all interested parties on February 16th and 24th and the project is moving forward. I am in the process of requesting decertification of the overlap with Aqua Texas and I also have documents ready to be submitted if that course of action is not possible. I am requesting a continued abatement to cure these deficiencies.

Thank you,
