**ORDER NO. 4
ABATING PROCEEDING**

On October 19, 2015, MSEC Enterprises, Inc. (MSEC) filed a request to abate this proceeding pending the Texas Commission Environmental Quality's (TCEQ's) final approval of its Wastewater Discharge Permit or engineering plans and specifications. Specifically, MSEC stated that it had anticipated TCEQ approval by October 19, 2015; however, such was not received. On the same date, Public Utility Commission of Texas (Commission) Staff filed a letter in support of MSEC's request for abatement. Commission Staff stated that a revised procedural schedule would be filed within 10 business of receiving notice of TCEQ's approval.

For the preceding reasons, MSEC's request to abate this matter is granted. This proceeding is abated until such time as TCEQ provides final approval of MSEC's Wastewater Discharge Permit or engineering plans and specifications. Not later than 10 business days following such approval, Commission Staff will file a request to unabate this docket and propose a procedural schedule for continued processing.

SIGNED AT AUSTIN, TEXAS the 19th day of October 2015.
