Upshur County, Texas.  
Docket #44816 – Order No. 9

Dear Sirs:

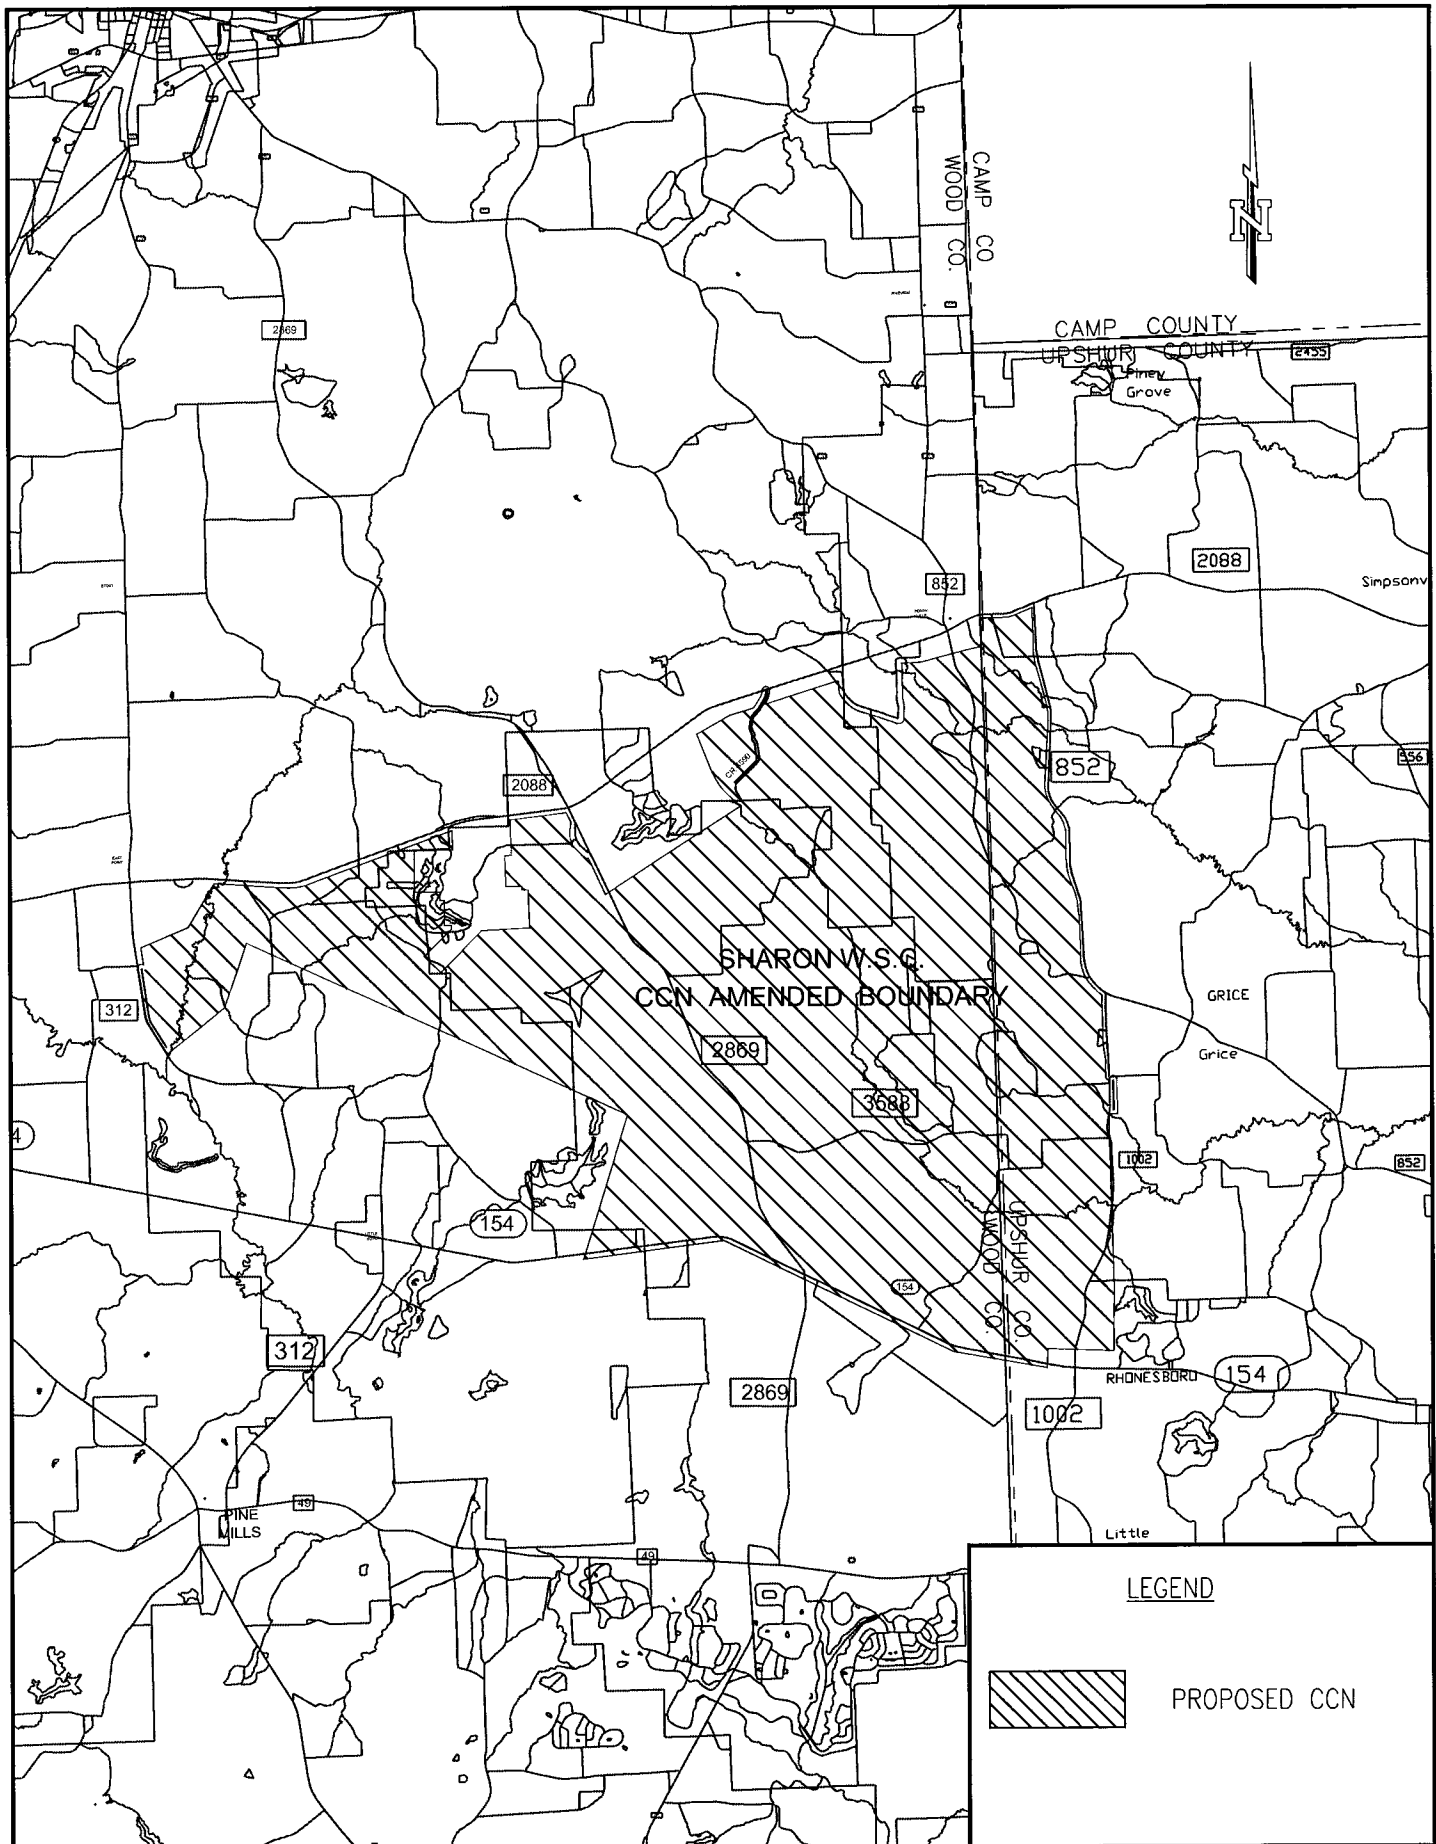

We received Order No. 9 July 11, 2016 that there were some insufficient details that needed to be corrected on the mapping requirements. I spoke with Tracy Montes on Friday July 15, 2016, and she assisted me in fixing the facility plus 200 feet lines into the proposed water service area. The new service area boundary is now one continuous poly line that includes the facility +200 lines.

- The new total area after incorporating three (3) of Sharon WSC facility +200 lines is approximately 21,341 acres.

Attached are one original and seven copies for work order No. 8. (Small & large scale map, and 7 CD's). Please advise if you need more information.

Sincerely,  
HAYES ENGINEERING, INC.
