**I. BACKGROUND**

On June 9, 2015, the the Applicant, filed with the Public Utility Commission of Texas, (the "Commission") an application to obtain a new sewer Certificate of Convenience and Necessity (CCN) in Denton County, Texas. On July 9, 2015, Commission Staff filed comments on the application identifying deficiencies in the Application. On July 13, 2015, the administrative law judge (ALJ) issued Order No. 2, which required the Applicant to supplement the application with information to cure the deficiencies identified by Commission Staff by August 9, 2015, and that Staff file a supplemental recommendation on administrative completeness of the amended application, if appropriate, by September 9, 2015. On August 7, 2015, Applicant requested an extension of time to file its amended application. On August 10, 2015, the ALJ granted the request and gave the Applicant until August 25, 2015 to file its amended application.

**II. REQUEST FOR EXTENSION**

to amend map submitted with the Application. It is essential that Applicant's engineer and the P.U.C. staff communicate concerning the mapping issues. Unfortunately for a variety of reasons this communication has not occurred. The close of the summer travel schedule should increase opportunities of the parties to work together toward a resolution. Therefore, Applicant requests the ALJ find good cause to extend the procedural schedule as set out below.

### III. PROPOSED PROCEDURAL SCHEDULE

Applicant proposes the following procedural schedule:

Event	Deadline
Deadline for Applicant to file its Amended Application	September 30, 2015
Deadline for Staff to respond to Applicant's Amended Application	October 30, 2015

**Dated: August 19, 2015**

Respectfully Submitted,
