Re: Application of the City of Lubbock to Amend Certificates of Convenience and Necessity ("CCNs") Nos. 10627 and 20230 in Lubbock County
Docket No. 44892

Filing Clerk:

The Public Utility Commission (the "Commission") filed notice of approval of the above-referenced application of the City of Lubbock (the "City") on March 6, 2017.

In accordance with Texas Water Code § 13.257(r), please find enclosed for filing on behalf of the City in the above-referenced docket number certified copies of the approved maps for the amended Water CCN No. 10627 and amended Sewer CCN No. 20230. As shown in **Exhibit 1**, the maps and associated CCNs were recorded in Lubbock County on March 14, 2017.

Because the CCN maps were developed by Commission staff using the Texas State Plan Coordinate System, it is the City's understanding that the maps satisfy the boundary description requirements in § 13.257(r)(1).

Accordingly, the City submits the timely filed recorded copies of the CCN maps in satisfaction of the requirements of § 13.257(r) of the Texas Water Code.

Sincerely,

Brad B. Castleberry
