Re: Docket No. 44947; Application of Denton County Municipal Utility District No. 7 to Obtain Water and Sewer Certificates of Convenience and Necessity in Denton County

Dear Sir or Madam:

This letter is submitted in response to Order No. 4 in the above matter. We request that this response be accepted as timely due to illness of the undersigned.

Second, Applicant, Denton County Municipal Utility District No. 7, was unable to discern from the Commission Staff's memo dated December 2, 2015 why the Staff had again determined that the maps submitted by Applicant were insufficient. The Staff states that they are "unable to determine the exact location of the proposed areas," even though Applicant has provided large scale location maps that plainly show the certificate areas sought, and also a legal description per Texas Water Code Section 13.244(d)(1), and has previously revised the digital mapping data in response to a prior Staff memo. Applicant's engineer has attempted to contact the mapping Staff in order to obtain clarification, but has received no response. Therefore, Applicant requests a thirty-day extension to submit revised maps to the extent necessary.

Nine copies of this letter are enclosed. Thank you.

Very truly yours,

Angela M. Stepherson
